The lower court decided in favor of the Government, but in June, 1915, the Supreme Court reversed this decision and declared that the title of the Railroad Company to the unsold lands had not been forfeited and was unimpaired by the alleged grounds of forfeiture. The Supreme Court, recognizing that the covenants restricting the sale of lands to \$2.50 per acre and only 160 acres to each settler were not appropriate to lands of the character of those remaining unsold, practically referred the matter to Congress with the proviso that if Congress did not act within six months, the company might apply to the lower court for a modification of so much of the injunction as enjoined any disposition of the land or timber thereon. The company has officially stated that it will insist upon retaining in their entirety the concessions conferred upon it by the granting Acts.

Judge Wolverton, in the U. S. District Court at Portland, Ore., on Dec 9, 1915, handed down his final decree, sustaining substantially all of the contentions of the government. The Court's decree, in brief, has the following provisions: (a) The Southern Pacific is permanently enjoined from selling any of the 2,300,000 acres involved, at more than \$2.50 an acre, in quantities in excess of 160 acres, and to others than actual settlers. (b) The timber, stone and other natural assets must be sold as a part of the land. (c) The railroad is enjoined for a period of six months from selling any of the land at all unless Congress shall provide for its sale within that period. (d) If Congress fails to act before the expiration of six months, the railroad can come into Court and ask for a modification of this part of the injunction. The Southern Pacific must pay the costs of the case (about \$5,000). This decision was appealed to the Court of Appeals which in turn certified the matter to the Supreme Court where the case now is pending.

In the meantime Congress, construing the decision of the Supreme Court as establishing that the value of the land grant to the railroad company could not exceed \$2.50 per acre, and as authorizing Congress to revoke the grant on the payment of such sum to the company, passed an Act revesting in the United States the title to the unsold lands and providing for the payment to the company for the lands at \$2.50 per acre; this Act also provides for the sale of the timber apart from the land and for the sale to actual settlers of the cutover lands. The moneys thus received are to

be placed in a special fund for the repayment first to the company of any amounts that may be owed to it, the balance to be divided between the State of Oregon and counties traversed by the Railroad Company and the United States. Appropriate proceedings, it is stated, will be taken to test the validity of this Act.

Railways in Mexico.—The concessions granted for the construction of certain lines in the Republic of Mexico were, on June 24, 1909, transferred to the Southern Pacific RR Co. of Mexico, a corporation incorporated in New Jersey, with an authorized capital stock of \$75,000,000, all of which is owned by the Southern Pacific Co. The new company acquired all the rights, property, and franchises of the Cananea, Yaqui River & Pacific RR Co., and the several concessions granted by the Republic of Mexico to the Cananea, Yaqui River & Pacific RR Co. and to the Southern Pacific Co.

Under these concessions there had been completed to June 30, 1916, a total of 984.60 miles (including 39.50 miles of railway—Naco to Cananea, Sonora—purchased in 1902 from the Cananea Consolidated Copper Co.), out of a total of 1,506.76 miles projected.

The advances to the Southern Pacific RR Co. of Mexico, amounted, on June 30, 1916, to \$40,048,950.57. Interest charges accruing on these advances are not taken into either the assets or income of the company. The mileage projected under the concessions, the miles of railway completed, under construction, and remaining to be constructed, are as follows:

	Constructed, Remaining to Be Built.			
	to June 30.	Under	Construction.	Built.
Main line—Empalme to Guadalajara.....	815.20	1916.	715.73	99.47
Branch line (including Naco-Cananea Line).....	691.56	268.87		422.69
Total	1,506.76	984.60		522.16

The revolutionary disturbances on the line of the Southern Pacific RR Co. of Mexico mentioned in the 1916 *Manual* were continued during fiscal year ended June 30, 1916. It is estimated that from the beginning of the Madero Revolution, in 1910, to June 30, 1916, the cost of property destroyed will approximate 5,020,552 pesos, equivalent to \$2,510,276. On account of these losses the Company filed claims with the Madero Government amounting to 287,953 pesos, all of which were approved but have not yet been paid. Owing to unsettled conditions no further claims for property losses have been filed. In addition to the above the Company has claims for freight and passenger service performed, for rental of road and equipment, and for material furnished to or confiscated by the various military authorities, amounting to 9,284,000 pesos. Bills for this amount (less 434,000 pesos received on account) will be filed with the proper authorities as soon as conditions permit. In years 1914-15 and 1915-16 only such maintenance work was done as was absolutely necessary to render it possible to operate trains over those portions of the line which were open for traffic.

BONDED DEBT.—TOTAL OUTSTANDING, \$204,835,110, AS OF JUNE 30, 1916.

(1) **\$34,218,500 Central Pacific Stock Collateral Gold 4s**; dated Aug 1, 1899; due Aug 1, 1949; int. J & D 1, at Company's office, New York. Coupon (principal may be registered), and registered, \$500 and \$1,000. Union Trust Co., New York, Trustee. Authorized, \$36,819,000; the remaining bonds being issuable only upon the pledge of an equal amount of Central Pacific Pfd. stock as collateral. The bonds, as issued, are applied to improvements and extensions to the Central Pacific property at the rate of not over \$200,000 in any one year. Subject to call at par and interest on six months' notice. Secured by pledge with the Trustee of \$67,274,200 Com. and \$17,400,000 Pfd. stock of the Central Pacific Ry Co. Upon the request of the holders of one-fourth in amount of the outstanding bonds, the Trustee may sell the pledged stocks in case of six months' default in the payment of the principal or interest of the bonds, and, upon the like default and request, it is provided that the Trustee shall declare the principal of the bonds to be due, but this declaration may be rescinded and annulled at any time prior to the sale of the pledged stocks by the holders of a majority in amount of the outstanding bonds. The existing lease of the Central Pacific Ry to the Southern Pacific Co. shall terminate in case the pledged stock shall be sold on account of default under the provisions of the indenture, and, while any of the bonds are outstanding the Southern Pacific Co. may not vote for or assent to any other lease of the property unless such lease shall have been approved by holders of a majority of the bonds outstanding, or shall contain a provision terminating the same in case the pledged stock be sold. The company agrees that it will not extend the time of payment of any coupon or claim for interest on any of these bonds, or be a party to any arrangement to purchase or fund same, the intention of the agreement being to prevent any accumulation after maturity of coupons or interest claims.

The mortgage provides that while this issue is outstanding, no new mortgage (other than the Central Pacific First Refunding 4s and 30-year Gold 3½s) can be placed on the properties covered by those mortgages except to refund the said issues. It also provides that the capital stock of the Central Pacific Ry shall not be increased beyond \$20,000,000 Pfd. and \$67,275,500 Com. unless, simultaneously with such increase, a corresponding proportion of the increase be pledged as collateral under this indenture. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(2) **\$81,151,910 20-Year Convertible Gold 4s**; dated June 1, 1909; due June 1, 1929; int. M & S 1, at Company's office, New York. Coupon (principal may be registered), \$1,000 and registered, \$1,000, \$5,000 and \$10,000; interchangeable. Guaranty Trust Co., New York, Trustee. Authorized, \$82,000,000; issued, \$81,152,040, of which \$130 has been converted into stock.

Convertible into capital stock of the company (of which there is reserved against this conversion \$63,077,000) at \$130 per share of \$100 par value on or at any time before June 1, 1919, or, if before that date called for redemption, up to 30 days prior to the date of such redemption. All bonds converted into capital stock shall be cancelled by the Trustee, and shall be satisfied and discharged, and no bond in place thereof shall be issued by the company, or be certified or delivered by the Trustee, except in exchange for convertible bond scrip as hereinafter provided.

Subject to call as a whole (bonds and scrip), but not in part, at 105 and interest on any interest date, upon not less than 90 days' notice by mail to the holders of registered bonds and to the holders of coupon bonds by publication notice at least once a week for not less than 90 days in two newspapers of general circulation published in New York City.

In case (1) of default in the payment of interest on any of these bonds and the continuance of such default for a period of 90 days; or (2) in case of default in the observance or performance of any of the other covenants, conditions and agreements in such bonds or scrip or in the indenture expressed, which latter default the company shall not remedy within 90 days after written notice thereof from the Trustee, then the Trustee may, and, upon the request of a majority in amount of the bonds then outstanding, shall declare the principal of all bonds and scrip to be immediately due and interest on overdue instalments of interest and the expenses of the Trustee and all other sums which may have become due and payable by the company other than the principal of such bonds and scrip; and in case of the occurrence and continuance of a like default in the payment of the interest or in case of default in the payment of the principal of any bond or scrip, the Trustee may institute any action or proceeding at law or in equity for the collection of the amount due on the bonds and scrip. Listed on New York Stock Exchange. First offered to Com. and Pfd. stockholders of record April 20, 1909, at 96 and interest. Interest paid without deduction for Normal Income Tax.

(3) \$24,965,700 San Francisco Terminal First Gold 4s; dated April 1, 1910; due April 1, 1950; int. A & O 1, at office of Southern Pacific Co., New York, or at option of the holders at the office of the Direction der Disconto-Gesellschaft, the Berliner Handels-Gesellschaft or the Nationalbank für Deutschland in Berlin; at the office of the Norddeutsche Bank in Hamburg or M. M. Warburg & Co., in Hamburg; at the office of the Direction der Disconto-Gesellschaft, in Frankfurt; at the office of J. H. Schroder & Co., in London; at the office of Hope & Co., in Amsterdam; or at the office of Schweizerischer Bankverein, in Basle, Zurich or Geneva, or at such other agency in any of these European cities as the company may determine. In case of issues payable in European currency, the following is the rate of exchange: £20 8s sterling, or 514 francs, or 416 marks, or 247½ guilders shall be deemed the equivalent of \$100. Coupon (principal may be registered), \$100, \$500 and \$1,000; and registered, \$100, \$500, \$1,000 and \$5,000; interchangeable. United States Mortgage & Trust Co., New York, Trustee. Authorized, \$50,000,000; issued, \$25,000,000, of which \$34,300 retired by sinking fund. Proceeds of the issued bonds were used to reimburse Company for expenditures made for construction of railroad and the acquisition of terminal property, etc. The remaining \$25,000,000 are issuable at a rate of interest not exceeding 5%, as fixed by the board of directors, for construction or acquisition of branches or extensions of the road, passenger or freight station yards, wharf or dock property, etc. Subject to call as a whole, but not in part, at 105 and interest on any interest date, upon 90 days' notice. Sinking fund of \$5,000 annually is to be used for the purchase and cancellation of these bonds at lowest price obtainable, but no bids in excess of par are required to be accepted.

Security.—A first lien on 9.84 miles of double-track railroad, known as the Bay Shore Line, extending from San Bruno to San Francisco, Cal.; 1.29 miles from San Bruno to South San Francisco; 70.41 miles of siding and spur tracks and the franchises and equipment belonging to or pertaining to said line. (Although at present only double-tracked, the entire distance, the right of way, the grading and the bridging, are arranged for a four track main line.) Also secured on 718.32 acres of land, together with the power house, shops, engine houses, warehouses and improvements situated thereon. Additionally secured on all the rights granted to the company, passed by the Board of Supervisors of the City and County of San Francisco on Dec 28, 1903, and Aug 15, 1904, respectively, and approved by the Mayor and ex-officio President of said Board of Supervisors on Jan 7, 1904, and Aug. 19, 1904, respectively, and on all tracks, turnouts, switches, crossings and other facilities erected or to be erected under or by virtue of said ordinances. It is provided in the trust deed that all proceeds from the sale of mortgaged property not required in the operation of the mortgaged line of road, or which it shall no longer be necessary or expedient to retain for the operation, maintenance or use of the Company's principal terminal properties in San Francisco or for use in the business of the Company, shall be set apart and held in trust by the Trustee to be applied in the purchase of other property, real or personal, which shall become subject to this indenture as a first lien, or in betterments of, or additions to, any part of the mortgaged property and premises.

Listed on New York, London, Amsterdam, Frankfort, Berlin, Hamburg, Basle, Zurich and Geneva Stock Exchanges. First publicly offered (\$25,000,000) in June 1910, at 93 and interest. Interest paid without deduction for Normal Income Tax.

(4) **\$227,000 Gold 4½s**; dated July 1, 1909; due July 1, 1929; int. J & J 1, at Company's office, New York. Coupon, \$1,000. Guaranty Trust Co., New York, Trustee. Authorized, \$100,000,000, of which above amount issued in exchange for Pfd. stock of Company. In June, 1909, holders of Pfd. stock of Company were offered the privilege of (1) exchanging their stock for a like amount of these Debentures and \$20 per share in cash; (2) converting their shares into Com. stock of Company at par; (3) surrendering their stock and receiving \$115 cash per share therefor. Most of the holders of the Pfd. stock exchanged their holdings for Com. Subject to call at 105 and interest on any interest date on 90 days' notice. Interest paid without deduction for Normal Income Tax.

(5) **\$54,527,000 20-Year Convertible Debenture Gold 5s**; dated June 1, 1914; due June 1, 1934; int. J & D 1, at Company's office, New York. Coupon (principal may be registered) \$500 and \$1,000, and registered, \$500, and such multiples of \$500 as the Board of Directors or the Executive Committee shall authorize; interchangeable. Central Trust Co., New York, Trustee. Authorized, \$55,000,000; issued \$54,533,000, of which \$5,500 have been exchanged for a like amount of Com. stock and \$500 retired on account of forfeiture of unpaid subscriptions. Proceeds of these bonds were applied as follows: \$30,500,000 to reimburse Company for amount expended in payment of \$26,000,000 one year 5% Notes due June 15, 1914, and in payment of a \$4,500,000 loan due May 29, 1914; the remaining \$24,500,000 were authorized to cover advances to be made to affiliated companies for construction, additions and betterments, and for other corporate purposes. Subject to call as a whole, but not in part at 105 and interest on June 1, 1919, or on any interest date thereafter, upon 90 days' notice. Convertible into Com. stock of the Company at par on any date up to and including June 1, 1924, or, if called for redemption before that date, up to 30 days prior to such redemption date, bonds so converted to be cancelled and no bonds issued in place thereof. Unless the bonds shall have been called for redemption, the right of conversion shall be suspended during any period when the Company's transfer books are closed for stockholders' meetings, provided, however, that the right of conversion shall not at any time be suspended for more than 30 days. Listed on New York Stock Exchange. First offered to stockholders for subscription at par, on or before April 22, 1914, to the extent of 20% of their holdings. Bonds not taken by stockholders (about \$16,000,000) were underwritten by a syndicate. Normal Income Tax deducted from interest.

(6) **\$7,084,000 Equipment Trust 4½% Gold Certificates, Series "A"**; dated March 1, 1913; due \$1,012,000 annually from March 1, 1917 to March 1, 1923; int. * Includes \$50,946 uncollectible railway revenue in 1914-15 and \$37,273 in 1915-16. † Includes "outside operations"; on account of new classification these operations are included in other accounts in subsequent years.

‡ In 1916 the Interstate Commerce Commission issued a ruling to the effect that interest on advances to affiliated companies should be regarded as income from funded securities; prior to this ruling such interest was regarded as income from unfunded securities, but the 1914-15 figures have been restated in accordance with it, in order to afford a proper comparison.

Combined Profit and Loss Account, year ended June 30, 1916.—Credits: Surplus as of June 30, 1915 (Southern Pacific Co., \$112,926,447; proprietary companies, \$35,239,080), \$148,165,527; surplus for year ended June 30, 1916 (before deducting dividends), \$29,950,416; profit on road and equipment sold, \$142,477; delayed income credits, \$1,348,906; unrefundable overcharges, \$80,230; donations, \$111,569; profit on physical property sold, \$14,188; proceeds from sale of granted lands, \$232,838; difference between par value and cost of bonds redeemed, \$76,348; unclaimed accounts written off, \$73,428;

collection of old accounts, \$156,901; miscellaneous, \$35,982—total, \$180,388.810. Debits: Surplus applied to sinking and other reserve funds, \$621,291; dividends (6%), \$16,360.632; dividends on capital stocks of proprietary companies not held by Southern Pacific Co., \$454; surplus appropriated for investment in physical property, \$161,913; debt discount extinguished through surplus, \$2,342; loss on retired road and equipment, \$351,045; delayed income debits, \$999,734; loss on sale of Pacific Mail S. S. Co. capital stock, \$1,157,734; miscellaneous, \$955,171—total, \$2,061,031.61. Profit and loss surplus, June 30, 1916, \$159,778,494, of which \$117,219,274 carried to General Balance Sheet of Southern Pacific Co. and \$42,559,220 to Balance Sheets of proprietary companies.

BONDED DEBT.—TOTAL, \$196,952,222.79, AS OF JUNE 30, 1916.

(1) **\$98,877,000 First Refunding Gold 4s;** dated Aug 1, 1899; due Aug 1, 1949; int. F & A 1, at office of Southern Pacific Co., New York. Coupon (principal may be registered), \$500 and \$1,000; and registered, \$1,000 and multiples. Central Trust Co., New York, Trustee. Authorized, \$100,000,000; issued, \$99,287,000, of which \$410,000 had been retired by sinking fund to June 30, 1916. No new mortgage can be placed upon the properties covered by these bonds or by the below-described Gold 3½s, respectively, so long as any bonds of either issue or any of the Gold 4s of the Southern Pacific Co. are outstanding, except for the purpose of refunding bonds of this issue or the below-described 3½s; nor can any new mortgage, with this exception, be placed upon any of these properties, except with the consent of 75% of the Pfd. stock and a majority of the Com. stock outstanding. Sinking fund, \$25,000 per annum, to retire bonds at the lowest figures at which they can be obtained. A direct first lien on all the railroad lines, equipment and terminals owned by the Central Pacific Ry Co. (except the Lucin Cut-Off, 102.94 miles), comprising as of June 30, 1916, 1,463.11 miles of first track. Guaranteed, principal and interest, by endorsement by the Southern Pacific Co.

Of these bonds, \$58,820,000 were originally pledged as collateral for 3% Notes held by U. S. Government under the settlement agreement dated Feb 1, 1899. The notes were due semi-annually, F & A 1, and for each note paid off the Government released to the company \$2,941,000 of the bonds, which under the provision of the mortgage were reissuable at the same or lower rate of interest. On July 28, 1908, the company paid off the last of the notes, anticipating the installment due Feb 1, 1909. Listed on New York, London, Amsterdam and principal German Stock Exchanges. \$18,000,000 of these bonds were offered in July, 1908, at 95½ and interest. Interest paid without deduction for Normal Income Tax.

(2) **\$9,441,325 Mortgage Gold 3½s;** dated Aug 1, 1899; due Aug 1, 1929; int. J & D 1, at office of Southern Pacific Co., New York. Coupon (principal may be registered), \$500 and \$1,000; and registered, \$1,000 and multiples. U. S. Trust Co., New York, Trustee. Authorized and issued, \$25,000,000, of which \$15,558,675 had been retired by sinking fund or through sale of lands and securities to June 30, 1916. It is provided that no new mortgage shall be placed upon the properties covered by these bonds or by the above described First Refunding 4s, respectively, so long as any bonds of either issue or any of the Gold 4s of the Southern Pacific Co. are outstanding, except for the purpose of refunding these 3½s, or the First Refunding 4s; nor can any new mortgage, with this exception, be placed upon any of these properties, except with the consent of 75% of the Pfd. stock and a majority of the Com. stock outstanding. Sinking fund, \$25,000 per annum, to retire bonds at the lowest figure at which they can be obtained. Mortgage also provides that as long as no default exists in payment of principal or interest of these bonds, certain lands and securities upon which they are a lien may be released from this lien and sold, proceeds to be applied to the purchase and cancellation of these bonds at not above par and interest, or, at the discretion of the company, to the purchase of above-described First Refunding 4s, or any other bonds secured by a lien prior to these bonds. A second lien on all the properties covered by the above-described First Refunding 4s, but subject thereto, and additionally secured by deposit with the Trustee of the following bonds held in the sinking fund of the company: \$300,000 Austin & Northwestern RR 5s; \$548,000 Ft. Worth & New Orleans Ry 6s; \$1,024,000 Galveston, Harrisburg & San Antonio Ry M & P Extension 5s; \$322,000 Iberia & Vermilion RR 5s; \$1,788,000 Guatemala Central RR 6s; \$353,000 Oregon & California RR 5s, and \$394,000 San Antonio & Aransas Pass Ry 4s. Guar-

anted, principal and interest, by endorsement by the Southern Pacific Co. Listed on New York and Amsterdam Stock Exchanges. Interest paid without deduction for Normal Income Tax.

Capital Stock.—Authorized, \$27,093,000; outstanding, \$27,084,400; par, \$100. The Southern Pacific Co. owns \$27,055,900 of the stock.

BONDED DEBT.—TOTAL, \$32,265,000, AS OF JUNE 30, 1916.

(1) **\$4,728,000 G., H. & S. A. Ry Eastern Division First Gold 6s;** dated Feb 1, 1871; due Feb 1, 1910 (extended to Aug 1, 1935, without impairment of lien); int. F & A 1, at office of Southern Pacific Co., New York. Coupon, \$1,000; principal may be registered. Guaranty Trust Co., New York, Trustee. The Southern Pacific Co. owns the entire outstanding issue, and same are pledged against Central Pacific Ry 4% European Loan of 1911. A first lien on 210.81 miles of road, Houston to San Antonio, and on 24.78 miles, Glidden to La Grange—a total of 235.59 miles.

(2) **\$1,000,000 G., H. & S. A. Ry Eastern Division Second Gold 6s;** due June 1, 1936; int. J & D 1, at office of Southern Pacific Co., New York. All owned by Southern Pacific Co., and pledged against Central Pacific Ry 4% European Loan of 1911. A second lien on the mileage covered by the First 6s.

(3) **\$13,418,000 G., H. & S. A. Ry Mexican & Pacific Extension First Gold 5s;** dated May 1, 1881; due May 1, 1931; int. M & N 1, at office of Southern Pacific Co., New York, and in Boston. Coupon, \$1,000; principal may be registered. Trustees: Isaac E. Gates and F. H. Davis, New York. Of this issue, \$1,024,000 are held in the sinking funds of the proprietary companies of Southern Pacific Co. The mortgage provides for an annual sinking fund of 1% of the bonds outstanding. A first lien on the line from San Antonio to El Paso, Tex., 621.43 miles, and branch from Spofford Junc. to Eagle Pass, Tex., 34.64 miles, a total of 656.07 miles. Listed on N. Y. Stock Exchange. Interest paid without deduction for Normal Income Tax.

(4) **\$2,539,000 G., H. & S. A. Ry Mexican & Pacific Extension Second 5s;** dated July 1, 1881; due July 1, 1931; int. J & J 1, at office of Southern Pacific Co., New York. Coupon, \$1,000; principal may be registered. Frank Storrs and W. P. Hillhouse, New York, Trustees. Authorized and originally issued, \$6,709,000 (see below). As of June 30, 1916, the Southern Pacific Co. owned \$444,000 of these bonds. An annual sinking fund, consisting of 1% of bonds outstanding commencing in 1886, was originally provided, but this provision was subsequently modified (see below). A second lien on the mileage covered by the above described First 5s. Guaranteed, principal and interest, by endorsement by the Southern Pacific Co. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

New Agreement, etc.—These bonds were originally non-cumulative Income 6s, interest up to 6% being payable only if earned. Owing to this conditional character of the interest a controversy arose as to whether the earnings of the company were such as to render the interest payable. This controversy was settled in Dec, 1914, by an agreement entered into between the company and the bondholders. The effects of this agreement were as follows: Interest was reduced from 6% to 5% and the conditional character eliminated, rendering the bonds straight interest-bearing 5s. The Southern Pacific Co. also undertook to guarantee interest at this rate, and this guarantee is endorsed on the bonds. At the time this agreement was made there were outstanding \$6,354,000 of these bonds, of which approximately \$1,110,000 were held by the Southern Pacific Co.; the terms of the agreement provided that \$3,815,000 of the issued amount be retired and cancelled, leaving outstanding as above, \$2,539,000. The agreement also relieved the company of all obligation, if any, in respect to sinking fund payments accruing on or before Jan 1, 1915, and this provision is also endorsed on the bonds.

(5) **\$1,558,000 Galveston, Harrisburg & San Antonio Ry Equipment 6% Bonds, Series A,** of which \$820,000 originally matured Oct 1, 1913, and \$738,000 April 1, 1914; subsequently extended to Oct 1, 1915, and April 1, 1916, respectively, and then to Oct 1, 1916 and April 1, 1917, respectively. All owned by Southern Pacific Co.

(6) **\$9,022,000 Galveston-Victoria Division First 6s;** dated June 1, 1910; due June 1, 1940; int. J & D 1, at office of Southern Pacific Co., New York. Authorized, \$10,000,000, of which \$5,384,000 were issued to retire a like amount of outstanding old bonds, and \$3,638,000 for cost of new lines, additions, betterments and new equipment. The entire outstanding amount is owned by Southern Pacific Co. Secured on the lines of the former New York, Texas & Mexican Ry, San Antonio & Gulf RR, Galveston, Houston & Northern Ry, and Gonzales Branch RR, and on the lines from Stockdale to Cuero, Tex., 47 miles and Rosenberg to Victoria, Tex., 91 miles, in all about 444 miles.

**OTHER PROPRIETARY COMPANY OF THE SOUTHERN PACIFIC COMPANY;
OPERATED SEPARATELY.**

SOUTHERN PACIFIC RR CO. OF MEXICO (Controlled by Stock Ownership).

—Inc. June 24, 1909, in N. J., for the purpose of building railroads in the Republic of Mexico. Acquired all the rights, property and franchises of the Cananea, Yaqui River & Pacific RR. (see *Manual* for 1909, page 1107), and the several concessions granted by the Republic of Mexico to the Cananea, Yaqui River & Pacific RR Co. and the Southern Pacific Co. On June 30, 1912, the Sonora Ry Co., Ltd., which was formerly operated under lease by Southern Pacific Co., was acquired. Under the concessions granted to the Southern Pacific RR Co. of Mex. by the Mexican Government (revised as of Nov 3, 1910), the time for the completion of the main line from Empalme to Guadalupe was extended to Nov 6, 1915, and for the branch lines to Nov 11, 1920. The advances made by the Southern Pacific Co. for account of the construction of these lines amounted, on June 30, 1916, to \$40,048,950.57. Lines of road: Nogales to Del Rio, 76.48 miles; Empalme to Navojoa, 116.40 miles; Navojoa to Alamos, 38.71 miles; Corral to Tonichi, 96.77 miles; Navojoa to Tepic, 552.32 miles; Mazatlan Branch, 1.34 miles; Tepic to Guadalupe, 44.62 miles; Quilo to Eldorado, 13.61 miles; Naco to Cananea, 39.05 miles; Nogales to Guaymas, 262.03 miles; Hermosillo Junc. to Hermosillo, 3.08 miles; Empalme to Morrito, 3.23 miles; Nacozar Branch, 0.17 mile—total, 1,247.81 miles. Of this mileage an average of 1,242.42 miles was operated during year ended June 30, 1916. Gauge, standard. Under the concessions there remain to be built about 520 miles.

Equipment, Oct 1, 1916.—Locomotives, 61; passenger cars, 99; freight cars—flat, 439; box 402; Rodger ballast, 200; stock, 94; coal, 119; caboose, 52; gondolas, 40—total, 1,346. Total engines and cars, 1,506.

Capital Stock.—Authorized and outstanding, \$75,000,000; par, \$100. All owned by Southern Pacific Co. No bonded debt.

SOUTHERN RAILWAY COMPANY

(See *Accompanying Map*)

History.—Incorporated Feb 20, 1894, in Va.; successor to the Richmond & Danville RR, with powers, among others, to lease and acquire by consolidation various railroads owned or controlled through stock ownership by Richmond & West Point Term. Ry & Warehouse Co.—a holding corporation. The principal railroads controlled by the latter company were the Richmond & Danville RR; Virginia Midland Ry; Charlotte, Columbia & Augusta RR; Columbia & Greenville RR; Western North Carolina RR; Georgia Pacific RR, and the East Tennessee, Virginia & Georgia Ry. The railroads named were all sold at foreclosure sale, and deeded to the Southern Railway Co. The bonds and stocks, owned by the public, of these railroads were either assumed or exchanged under the reorganization plan of 1894, for new Southern Ry securities. Subsequently, various other properties were acquired and merged, the company now operating an extensive system of lines, extending southward from Washington, D. C., and Richmond, Va., to practically all points of importance in the South Atlantic and Gulf States. The mileage operated by the Southern Ry Co. as of June 30, 1916, aggregated

7,038.86 miles, of which 4,245.15 miles were owned in fee, 2,298.29 miles leased or controlled and 495.42 miles operated under trackage rights. In addition the company owns and has leased to other companies 95.13 miles.

Controlled Lines.—The Southern Ry controls through stock ownership, various other railroads, operated independently by their own organizations, among which are the Mobile & Ohio RR Co., Alabama Great Southern RR Co., Georgia Southern & Florida Ry, New Orleans & North Eastern RR (acquired in Jan, 1917), Northern Alabama Ry, Atlantic & Yadkin Ry, Blue Ridge Ry, Danville & Western Ry, Tallulah Falls Ry, Augusta Southern RR, Lawrenceville Branch RR, Hartwell Ry, High Point, Randleman, Asheboro & Southern RR, St. Johns River Terminal Co. and Yadkin RR. The Company also controls the Chesapeake Steamship Co. (successor to the Baltimore, Chesapeake & Richmond Steamboat Co.), operating about 200 miles of water lines on Chesapeake Bay and the James River. On Jan 2, 1917, it was announced that control of the New Orleans & North Eastern RR had been taken over by Company.

Interests in Other Companies.—The Southern Ry Co. and the Louisville & Nashville RR Co. jointly control the Chicago, Indianapolis & Louisville Ry (Monon Route). The Alabama Great Southern RR, the Cincinnati, Hamilton & Dayton Ry, and the Alabama, New Orleans, Texas & Pacific Junction Rys Co., Ltd., together own practically the entire stock of the Southwestern Construction Co., controlling the Cincinnati, New Orleans & Texas Pacific Ry Co., lessee of the Cincinnati Southern Ry. The Southern Ry. Co. owns the entire capital stock of the New Orleans Terminal Co. and guarantees the bonds of that company, operating valuable terminal properties at New Orleans, La. The Company owns also a one-third interest in the Kentucky & Indiana Terminal RR Co., Atlanta Terminal Co., and Augusta Union Station Co., a one-eighth interest in the Jacksonville Terminal Co., a one-sixth interest in the Richmond-Washington Co., operating the joint line between Washington, D. C., and Richmond, Va., a one-sixth interest in the Birmingham Terminal Co., a one-half interest in the Gulf Terminal Co., Charleston Union Station Co., Charleston Terminal Co. and in the Columbia Union Station Co., a one-third interest in the Savannah Union Station Co. and Macon Terminal Co., a one-fourth interest in the Chattanooga Station Co., and in the Durham Union Station Co., a one-fifth interest in the Meridian Terminal Co., and in the Memphis Union Station Co., and a one-fifteenth interest in the Terminal RR Association of St. Louis.

New Orleans Terminal Co. Adjustment.—Reorganization plan of the St. Louis & San Francisco RR, dated Nov 1, 1915, provided that the Southern Ry Co. which had taken over the stock of the Terminal Company formerly held by the St. Louis & San Francisco RR Co., should release that company and should cause the Terminal company to release it from all indebtedness or liability existing or which might hereafter arise on the various agreements with respect to the properties and stock of the Terminal company or on the guaranty of principal and interest of the \$14,000,000 Terminal Co. First Mortgage 4% bonds by the St. Louis & San Francisco RR Co. The Reorganization Managers of the St. Louis & San Francisco RR were to pay and deliver \$116,000 in cash and \$650,000 6% Pfd. stock (trust certificates) as an adjustment of the liability under the guaranty.

Acquisition of New Orleans & North Eastern RR, Etc.—It was announced on Jan 2, 1917, that the company, through J. P. Morgan & Co., had purchased from the Alabama, New Orleans, Texas and Pacific Junction Rys. Co., Ltd., the securities formerly owned by that company in the New Orleans & North Eastern RR, as follows: \$5,336,300 of the capital stock, \$5,595,000 of the General Mortgage 4½% bonds and the entire issue of \$1,500,000 Income 4½% bonds. At the same time it was announced that the Southern Ry had parted with all interest, direct or indirect, in the Alabama & Vicksburg Ry and Vicksburg, Shreveport & Pacific Ry by sale of its minority interest in the shares of the Alabama, New Orleans, Texas & Pacific Junction Rys. Co., Ltd., acquired in 1905.

Lease of Virginia & Southwestern Ry.—The railroad and other property and franchises of the Virginia & Southwestern Ry were by agreement of lease dated July 1, 1916, and approved and ratified by the stockholders of that company on Aug 21, 1916, leased to Southern Ry Co. for a term of one year and thereafter for successive periods of one year each unless and until terminated upon notice given by either party. The Southern Ry Co., which owns all of the outstanding capital stock of the Virginia & Southwestern Ry will maintain and operate the property and will pay, as rental, the taxes on the property and interest on the outstanding funded debt and equipment trust obligations of the Virginia & Southwestern Ry Co.

Changes in Operation.—Effective July 1, 1916, the Atlantic & Yadkin Ry, Yadkin RR and High Point, Randleman, Asheboro & Southern RR, which had theretofore been operated directly by the Southern Ry Co., assumed the operation of the respective lines of road owned by them.

Atlanta & Charlotte Air Line Financing.—Negotiations were concluded in June, 1914, under which the stockholders of The Atlanta & Charlotte Air Line Ry Co. consented to the issue by that company of its First Mortgage bonds dated July 1, 1914, to the authorized amount of \$20,000,000, of which \$5,500,000 4½% Series A. bonds were issued and sold in June, 1914, to retire a corresponding amount of outstanding bonds of that company pledged under the Southern Ry Co.'s First Consolidated Mortgage. The amount so paid to retire such bonds was available for the completion of the double track on all of the main line between Washington and Atlanta, except the Atlanta & Charlotte Air Line. In July, 1915, there was made available for the provision of double track and other improvements on the main line between Charlotte, N. C., and Atlanta, Ga., the sum of \$3,500,000 through the sale of Atlanta & Charlotte Air Line Ry Co. First Mortgage 5% bonds, Series B. In March, 1916, \$7,000,000 additional Series B 5% bonds were sold, making total outstanding, \$16,000,000. It is expected that the balance of the \$20,000,000 of bonds so authorized will be sold from time to time and the proceeds applied to complete the double track on the Atlanta & Charlotte Air Line, so that the entire main line from Washington to Atlanta, 649 miles, will be double tracked.

Double Track.—The double track construction work on the main line, north of Charlotte, N. C., carrying with it improved alignment and elimination of heavy grades, was completed during the year ended June 30, 1916, on 75 miles of the 115 miles of main line between Washington and Charlotte, formerly operated as single track. The work on the remaining 40 miles is rapidly approaching completion, and the entire main line north of Charlotte is expected to be in operation, as a double track railroad on revised grades, early in 1917. On the line between Charlotte and Atlanta, the double track work is nearing completion on the 56 miles between Spartanburg and Central, S. C., and on the 23 miles between Central and Cornelia and on the existing single track gauntlet of 5.5 miles between Suwanee and Duluth, Ga. There were 491.42 miles of double track in operation as of June 30, 1916, and 60.84 additional miles then completed but not in actual operation.

NEW REFUNDING AND IMPROVEMENT MORTGAGE.

A circular dated Oct 25, 1916, set forth a plan for creating a new Refunding & Improvement mortgage and included a proposal to exchange the present Development & General Mortgage 4% bonds for new Refunding & Improvement Mortgage Series A 4½% bonds, due Oct 1, 1999. Stockholders voted on Jan 5, 1917, to authorize the new mortgage. Holders of Development & General Mortgage 4% bonds were invited to deposit their bonds with Bankers Trust Co., New York, thus signifying their will-

ingness to make the exchange. The Bankers Trust Co. issued upon deposit of Development & General Mortgage bonds certificates of deposit exchangeable for the new bonds. Such certificates of deposit are listed on New York Stock Exchange. The proposed exchange of bonds was conditional upon an amount of the Development & General Mortgage bonds considered satisfactory by the Directors in their discretion, being deposited on or before March 1, 1917.

The new mortgage will secure an issue of gold bonds limited to \$500,000,000 principal amount, to be issued from time to time in lettered series, maturing on such dates not later than Oct 1, 1999, with interest at such rates, as may be fixed by the Board of Directors with respect to each series.

The authorized purposes for which bonds may be issued under the proposed new mortgage will be substantially as follows:

To be issued presently:

- | | |
|--|--------------|
| (a) Series A 4½% bonds, maturing Oct 1, 1999 (interest payable April 1 and Oct 1, without deduction for Normal Income Tax), to retire a like amount of Development & General Mortgage bonds outstanding in the hands of the public | \$61,333,000 |
| (b) Series B 5% bonds, maturing Oct 1, 1999, to be delivered into the Company's treasury in exchange for the \$43,699,000 Development General Mortgage bonds, now held by the company, which have been issued for improvements and acquisitions heretofore made..... | 34,959,000 |

To be reserved for future issue:

- | | |
|--|---------------|
| (c) To refund outstanding bonded debt (other than Development & General Mortgage bonds above provided for)..... | \$179,597,000 |
| (d) To retire, from time to time, the proportion chargeable to capital of equipment trust obligations outstanding on July 1, 1916..... | 10,461,000 |
| (e) To acquire the outstanding stocks of certain leased and other lines of value to the Southern Ry system..... | 20,000,000 |
| (f) From time to time, during the life of the mortgage, for additions, betterments and acquisitions (including equipment, and securities of connecting or branch lines and terminals) as defined in, and under the limitations provided in, the mortgage; the bonds thus reserved, and any bonds not required for the above mentioned specific purposes, to be issued at their face value for the actual cost of such additions, betterments and acquisitions, or against the deposit with the corporate Trustee of their face value in cash, such cash to be held by the corporate Trustee as part of the trust estate until expended for authorized purposes. After \$100,000,000 of the bonds reserved for these purposes shall have been issued, further bonds so reserved may only be issued for not exceeding 80% of the cost of authorized improvements and acquisitions..... | 193,650,000 |

Total	\$500,000,000
-------------	---------------

All outstanding Development & General Mortgage bonds which may be taken up from the public by exchange, and all such bonds now held in the treasury of the Company, will be pledged under the proposed mortgage, to the end that ultimately the proposed mortgage shall replace the Development & General Mortgage when the same may be cancelled. The Company will covenant in the new mortgage that no additional bonds shall be issued under the Development & General Mortgage. The Company will, however, retain the right to issue the remaining authorized bonds under its First Consolidated Mortgage of Oct 2, 1894, for the purpose of refunding the underlying bonds therein provided for and of purchasing stocks of certain leased lines as therein specified.

TERMINAL COMPANY CONTROLLED BY SOUTHERN RY CO.

NEW ORLEANS TERMINAL CO. (Stock Control).—Inc. Dec 30, 1902, in La., as the New Orleans & San Francisco RR; name changed to above, June 30, 1903. The charter, dated Dec 30, 1902, runs for 99 years after that date, and permits the ownership and operation of steam railroads in New Orleans and elsewhere, steamship lines, electric railways, warehouses, grain elevators, etc. In Sept, 1903, absorbed the New Orleans Belt & Terminal Co. Owns extensive terminal properties in New Orleans and Port Chalmette, with a belt line around New Orleans and connecting with Port Chalmette. The terminals at Port Chalmette comprise 5,500 acres of land, with about 2.5 miles of river frontage, and are situated 6 miles below New Orleans. Properties include one 500,000-bushel grain elevator and large wharfage and storage facilities, and new export terminals, costing \$4,000,000. In New Orleans the company owns 49 continuous blocks in the heart of the city, on which are located freight houses, stock barns, etc.; also 5 blocks extending to Canal St., acquired as location for passenger terminals. The belt line comprises about 18 miles of standard-gauge first track, and about 56 miles of yard tracks and sidings, being a connecting link between all roads entering New Orleans from the north and east. Equipment: Locomotives, 15; cars—passenger, 2; miscellaneous, 9—total, 11.

Lease of Property.—By contract, dated July 1, 1903, the company leased all its property to the Southern Ry Co. and the St. Louis & San Francisco RR Co. jointly, for the term of 99 years, the lessees agreeing to pay as rental all expenses of maintenance and operation of the property, together with payment of the principal and interest on the First Mortgage bonds. Under this contract the New Orleans Terminal Co. handles the business in and about New Orleans of the Southern Ry Co., the Mobile & Ohio and the Queen and Crescent lines. The New Orleans Great Northern and the Louisiana Ry & Navigation Co. use the passenger facilities under terminable contracts, and the Illinois Central RR, the Yazoo & Mississippi Valley RR, the Morgan's Louisiana & Texas RR & SS Co. and the Louisville & Nashville RR have joint trackage privileges between Shrewsbury and the American Sugar Refinery.

Control.—The St. Louis & San Francisco RR Co., having in June, 1913, and at each semi-annual period thereafter, failed to pay its half of the interest on the bonds, the half interest of the "Frisco" Company in the stock of the Terminal Company was forfeited to Southern Ry Co. An injunction was sought by the Receivers of the St. Louis & San Francisco RR Co. to prevent the transfer to the Southern of this stock, but that suit in the Appellate Court was decided against the "Frisco" and the interest of the "Frisco" in the stock in question has been duly transferred to the Southern Ry Co.

Capital Stock.—Authorized and outstanding, \$2,000,000; par, \$100. The Southern Ry Co. owns \$1,997,000 of the outstanding stock.

Bonded Debt.—\$14,000,000 First Gold 4s, Series A; dated July 1, 1903; due July 1, 1953; int. J & J 1, at Guaranty Trust Co., New York, Trustee. Coupon (principal may be registered), \$1,000; and registered, \$1,000 and \$10,000 and multiples of \$10,000; interchangeable. Authorized, \$15,000,000. Proceeds from the sale of outstanding bonds

were used to defray capital expenditures. The remaining \$1,000,000 of bonds are in the treasury and can be used only for additions and betterments, etc. Guaranteed, principal and interest, by endorsement, by the Southern Ry Co. A first lien on entire property of the company, as described above. Listed on New York and London Stock Exchanges. First publicly offered (\$3,000,000) in Jan, 1904, at 93½ and interest. Interest paid without deduction for Normal Income Tax.

Readjustment of Guaranty.—Reorganization plan of the St. Louis & San Francisco RR, dated Nov 1, 1915, provided that the Southern Ry Co., which had taken over the stock of the New Orleans Terminal Co., formerly held by the St. Louis & San Francisco RR Co., should release that company and should cause the Terminal company to release it from all indebtedness or liability existing or which might hereafter arise on the various agreements with respect to the properties and stock of the Terminal company or on the guaranty of principal and interest of the \$14,000,000 Terminal Co. First Mortgage bonds by the St. Louis & San Francisco RR Co. The Reorganization Managers of the St. Louis & San Francisco RR were to pay and deliver \$116,000 in cash and \$650,000 6% Pfd. stock (trust certificates) as an adjustment of the liability under the guaranty.

RAILROADS CONTROLLED BY SOUTHERN RY CO., BUT OPERATED SEPARATELY.

ALABAMA GREAT SOUTHERN RAILROAD COMPANY.

(Controlled by Stock Ownership.)

(See Accompanying Map)

History.—Incorporated Nov 30, 1877, in Ala.; successor to the Alabama & Chattanooga RR, sold under foreclosure in Jan of that year. Owns the entire \$300,000 capital stock of the Belt Ry Co. of Chattanooga, owning a belt road in and around Chattanooga and leases its line until July 1, 1945, at a maximum rental of \$15,960 per year. These lines are not included in the main track mileage, being classified as sidings and yard tracks.

The Alabama Great Southern RR Co. owns \$833,300 capital stock of the Southwestern Construction Co. This latter company, in which the Cincinnati, Hamilton & Dayton Ry Co. and the Alabama, New Orleans, Texas & Pacific Junction Rys Co., Ltd., hold substantial interests, is the controlling company of The Cincinnati, New Orleans & Texas Pacific Ry, one of the constituent lines of the Queen and Crescent Route.

Woodstock & Blocton Ry.—On June 1, 1909, the Alabama Great Southern RR purchased a one-half interest in this railway, the other half being owned by the Louisville & Nashville RR Co. This 8-mile railroad is located between Woodstock and Blocton, Ala., and furnishes access to important coal fields.

Wauhatchie Extension Ry.—One of the purposes of new First Consolidated Mortgage dated Dec 1, 1913 (see description on a subsequent page), was to provide money for the construction of an extension of the company's line from its present northern terminus at Wauhatchie, Tenn., for a distance of 2.97 miles to a connection with the Lookout Mountain line of Southern Ry Co. leading to the terminal facilities in Chat-
 ta-

nooga. The right of way was acquired and construction completed in the name of Wauhatchie Extension Ry Co. (a corporation organized for the purpose of procuring the necessary charter power). This work has been paid for with funds derived from the sale of First Consolidated Mortgage bonds. The entire capital stock of Wauhatchie Extension Ry Co. is owned by the company, and for the money advanced to pay the cost of this extension the company will receive, and pledge under its First Consolidated Mortgage, bonds secured by a First Mortgage upon said extension.

CAPITAL STOCK AND DIVIDENDS.

Authorized and outstanding, \$2,000,000 Com., \$684,000 5% non-cumulative First Pfd. and \$1,084,000 5% non-cumulative Second Pfd.; par, \$100. The First Pfd. has preference as to dividends, and constitutes a lien on the line from Macon, Ga., to Palatka, Fla., subject only to the First Mtge. bonds and coupons. After dividends have been paid on both classes of Pfd. stock, the Com. stock is entitled to dividends up to 5% per annum, after which all three classes share pro rata in any further distribution. The First Pfd. stock is subject to redemption at any time. The Southern Ry Co. owns and has pledged under its Development & General Mortgage, \$1,691,500 Com., \$177,700 First Pfd. and \$309,000 Second Pfd. Transfer Agent: Mercantile Trust & Deposit Co., Baltimore.

Dividends have been paid as follows—on First Pfd.: 1896, 4%; 1897 to 1916, inclusive, at rate of 5% per annum. On Second Pfd.: 1897, 2%; 1898 and 1899, 3% each; 1900 to May, 1906, 4% yearly; Nov, 1906, to 1916, inclusive, at rate of 5% per annum. No dividends have been paid on Com. Pfd. dividends are paid semi-annually, M & N, at Mercantile Trust & Deposit Co., Baltimore, and in New York; the Nov, 1915, dividends, however, were not paid until Dec, 1915.

MOBILE & OHIO RAILROAD COMPANY.

(Controlled by Southern Ry Co.)

(See Accompanying Map)

History.—Incorporated Feb 3, 1848, in Ala.; first section of road, 33 miles, being opened in 1852; main line, Mobile, Ala., to Columbus, Ky., being completed in April, 1861. Branches to Aberdeen, Starkville and to Cairo were opened in 1870, 1874 and 1881 respectively, and the Montgomery Division, Montgomery, Ala., to Columbus, Miss., was completed on July 1, 1898. The Mobile & Bay Shore Ry, 38 miles, was merged as of April 1, 1903.

St. Louis & Cairo RR.—This Company, formerly controlled through stock ownership and lease, was merged with the Mobile & Ohio RR by deed dated July 28, 1913. The St. Louis & Cairo RR owned road from Cairo to E. St. Louis, Ill., 151.6 miles and branch from Millstadt Junc. to Millstadt, Ill., 7.06 miles, a total of 158.66 miles. The \$4,000,000 St. Louis & Cairo RR First 4s due Jan 1, 1931, have been assumed by the Mobile & Ohio RR, which Company has issued \$2,500,000 of its Mobile & Ohio-St. Louis Division 5s, dated Aug 1, 1913, and due Dec 1, 1927, to retire a like amount of Mobile & Ohio-St. Louis & Cairo Collateral Trust 4s due May 1, 1930, which were called for payment at par on Aug 1, 1913.

Interest in Other Companies.—The Mobile & Ohio RR Co. owns the entire capital stock of the Mobile Docks Co., the owner of certain property fronting on Mobile River. The Warrior Southern Ry Co., 13.6 miles, is controlled through ownership of its entire capital stock and bonds. The Gulf Terminal Co. is owned jointly by the Mobile & Ohio RR Co. and the Southern Ry Co., and the principal and interest of its bonds are jointly and severally guaranteed. The Meridian Terminal Co. is owned jointly by the Mobile & Ohio RR Co., Alabama & Vicksburg RR Co., Alabama Great Southern RR Co., New Orleans & North Eastern RR Co. and Southern Ry Co. through ownership of stock and interest on its bonds is jointly and severally guaranteed.

Control by Southern Ry Co.—The Mobile & Ohio RR Co. is controlled by the Southern Ry Co. through ownership of \$5,670,200 of its capital stock and \$8,267,000 of its General Mortgage bonds, but the road is operated as a separate property.

Docks at Mobile, Ala.—The dock property at Mobile, Ala., in use by the Mobile & Ohio RR Co. embraces a covered floor area of approximately 548,000 sq. ft. and the company is in position to handle ships berthing at its docks with as great despatch as that offered by any other port upon the Gulf of Mexico.

Annual meeting, third Wednesday in Feb.

General office, Mobile, Ala. New York office, 120 Broadway.

NEW ORLEANS & NORTH EASTERN RR (Controlled by Stock Ownership).—Inc. Oct 14, 1868, in La. and on March 30, 1871, in Miss. In 1881, control was acquired by the Ala., N. O., Tex. & P. Junc. Rys Co., Ltd.; construction was begun in 1882 and the road was completed in Nov, 1883. In May, 1902, the finances of the company were readjusted, the floating debt of \$1,967,378 being paid off and terminals at New Orleans purchased through the issue of \$1,000,000 additional capital stock, and \$1,500,000 Income bonds.

Change in Control.—The Alabama, New Orleans, Texas & Pacific Junction Rys. Co., Ltd., formerly owned \$5,336,300 of the capital stock, \$5,595,000 of the General Mortgage 4½% bonds and the entire issue of \$1,500,000 Income 4½% bonds, but in Oct, 1916, it was announced that at the request of the British Treasury, all these holdings had been sold to J. P. Morgan & Co. in behalf of the Southern Ry Co. This sale was approved by stockholders of the Alabama, New Orleans, Texas & Pacific Junction Rys Co., Ltd., at a meeting on Nov 23, 1916. It was announced on Jan 2, 1917, that the Southern Ry Co. had taken over control of the road.

Mileage as of June 30, 1916.—Line of road owned: Meridian, Miss., to New Orleans, La., 195.52 miles; trackage (Alabama & Vicksburg Ry) at Meridian, 0.38 mile; (New Orleans Terminal Co.) at New Orleans, 7.83 miles—total, 8.21 miles. Total operated, 203.73 miles; second track, 15.89 miles; sidings, 105.96 miles. Gauge, standard. Rail, steel, 75 lbs.

Equipment, June 30, 1916.—Locomotives, 77. Passenger cars, 54. Freight (box, 1,571; flat, 462; coal, 398; gondola, 366; Rodger-Ballast, 42; fruit, 21; furniture, 21; caboose, 33), 2,914. Service cars, 17. Total engines and cars, 3,062. In addition, 8 locomotives, 50 coal, 47 gondola and 243 box cars are being purchased under Trust plan.

Capital Stock.—Authorized and outstanding, \$6,000,000; par, \$100. The Ala., New Orleans, Texas & Pacific Junc. Rys Co., Ltd., previously owned \$5,336,300 of the stock, but sold this entire amount to J. P. Morgan & Co. in Nov, 1916. In Jan, 1917, the Southern Ry Co. acquired the stock from J. P. Morgan & Co. Transfer office, New Orleans, La. Registrar: Farmers' Loan & Trust Co., New York. Dividends have been paid as follows: Nov, 1903, 3%; Dec, 1904, 3%; Dec, 1905, 3½%; Dec, 1906, 5%; Sept, 1907, 6%; Sept, 1908, 4%; Sept 3, 1909, 5%; Sept, 1910 and 1911, 6½% each; Sept 4, 1912 and 1913, 5% each; Sept 4, 1914 and 1915, 1% each; Sept 8, 1916, 4%.

TEHUANTEPEC NATIONAL RY (Owned by Mexican Government).—This road, completed in 1894, is owned by the Mexican Government. In 1899 a contract was made with S. Pearson & Son, Ltd., of London, England, to rebuild the road and to construct harbor works at Puerto Mexico (Coatzacoalcas) and Salina Cruz, the cost of which was about \$100,000,000 Mexican currency. The railroad and ports were formally opened for operation on Jan 23, 1907. Operated under a contract extending for 50 years from July 1, 1903, between the Federal Government of Mexico and the firm of S. Pearson & Son, Ltd., London, Eng., as partners. Under the contract it is provided that S. Pearson & Son, Ltd., shall operate and manage the railway and harbors as managing partners for and account of the partnership, with a working capital of \$5,000,000, one-half of which is furnished by each partner.

Line of Road: Puerto Mexico (Coatzacoalcas) to Salina Crux, Mex., 188 miles. Company also operates the San Juan Evangelista to Juile Ry, 17 miles. Gauge, standard. Rail, 80 lbs.

TEMISCOUATA RY (Independent).—Inc. Oct 17, 1885, in Canada; first section of road opened Jan 1, 1889. Line of road: Riviere du Loup, Que., to Edmundston, N. B., 81 miles; branch, Edmundston to Connors, N. B., 32 miles; total, 113 miles; sidings, etc., 9.11 miles. Gauge, standard. Equipment: Locomotives, 9; passenger cars, 8; freight cars, 135; snow plows, 4; miscellaneous, 9.

Capital Stock.—Authorized and outstanding, \$1,000,000; par, \$100. Secretary of company acts as Transfer Agent and Registrar. No dividends paid.

Bonded Debt.—£47,900 Prior Lien 5s; due May 1, 1926; int. M & N 1, at Bank of Montreal, London, England. Authorized, £50,000, of which £2,100 have been redeemed and cancelled. Subject to call at 105, upon three months' notice, or at 110 on one month's notice, at the company's option. A first lien on entire property. Listed on London Stock Exchange.

£586,870 Consolidated Mortgage Income 5s; due July 1, 1950; int. J & J 1, at Bank of Montreal, London, England. Denominations, \$500 and \$1,000. By Act of 1904 the Main Line bonds, with six years' interest to July 1, 1904, and the St. Francis Branch bonds, with four years and four months' interest to the same date, became exchangeable into Consolidated Mortgage Income bonds; the holders of the former received £130, and of the latter £121 2-3 of Consolidated bonds for every £100 held. By Act of 1907 the Company was authorized to issue scrip certificates for the bonds pending the issue of the bonds themselves. At Dec 1, 1915, scrip certificates for £582,600 had been issued in exchange for Main Line and St. Francis Branch First Mortgage Debenture bonds, and a further £4,270 will be issued as the remaining bonds outstanding are lodged for exchange. The profits of the railway, after payment of interest on the Prior Lien bonds, and an appropriation to a sinking fund for their redemption, are to be applied first in paying interest on, and then in the redemption of, the Consolidated Mortgage Income bonds. Interest payments have been made as follows: For the three years ended June 30, 1907, 1½%; for 1907-8, 1908-9, 1909-10, 1910-11 and 1911-12, 1% each; 1912-13, 1¼%; 1913-14, 1¼%; 1914-15 and 1915-16, none; Dec 1, 1916, 1%. Holders of these bonds, on registering same, have the same voting rights as the stockholders. Subject to call at par at any time. Secured on entire property, subject to Prior Lien bonds.

NASHVILLE TERMINAL CO. (Operated under Lease).—Inc. in Aug, 1893. Owns bridge across the Cumberland River and terminal station, etc., at Nashville, Tenn., 20.25 miles. Leased to Tennessee Central RR Co., on April 1, 1911, for 99 years.

Judgment.—Judge Kinsey, in the Circuit Court at St. Louis on July 12, 1916, awarded the National Bank of Commerce of St. Louis a judgment for \$700,000 against H. Clay Pierce as the value in 1908 of the entire (\$1,000,000) capital stock of the Terminal Co., which was pledged by the Tennessee Construction Co. as security for a loan made to it by the bank in 1904. This loan having been paid in 1908, the stock was released, but was repledged, the bank claims, to secure a new \$500,000 loan to the Construction Co., though the possession of the shares was acquired improperly, the bank alleges, by Mr. Pierce. According to Mr. Pierce, who has intimated he would appeal the case, the stock came to him as collateral for loans made by himself to the Construction Co.

Capital Stock.—\$1,000,000, all owned by Tennessee Construction Co.

Bonded Debt.—\$1,000,000, **First Gold 5s**; dated Jan 2, 1902; due Jan 1, 1932; int. J & J 1, at Mercantile Trust Co., St. Louis, Trustee. Coupon, \$1,000. Subject to call at 105 and interest.

Interest Payment.—The July 1, 1916, interest on the above First Mortgage bonds was paid in Jan, 1917; the Jan 1, 1917, interest, however, remained unpaid up to date of going to press.

\$3,000,000 (authorized; none issued) First Refunding 4s; dated May 1, 1909; due May 1, 1949; int. M & N 1, at New York Trust Co., Trustee. Subject to call at 105 and interest, on any interest date on sixty days' notice. Of the bonds, \$1,000,000 are reserved to refund the \$1,000,000 First Gold 5s.

TEXAS & PACIFIC RAILWAY CO. (THE).

History.—Incorporated March 3, 1871, under Act of Congress and the general railroad laws of the State of Texas. Acquired the Southern Pacific Ry (of Texas), the Southern Transcontinental Ry Co., and the Memphis, El Paso & Pacific RR Co. In 1881, absorbed the New Orleans Pacific Ry, through an exchange of stock. In 1884, floods and the failure of the cotton crop necessitated default on interest and a subsequent foreclosure and reorganization. On Dec 16, 1885, the road went into Receiver's hands and on Nov 8, 1887, it was sold under foreclosure and subsequently reorganized. The foreclosure sale not having been confirmed the company retains its original Federal charter.

The Denison & Pacific Suburban Ry is controlled by The Texas & Pacific Ry Co. through ownership of its entire \$100,000 stock, but its road is operated independently. The Texas & Pacific Ry Co. owns 94% of the \$100,000 stock and guarantees principal and interest of the \$660,000 outstanding bonds of the Weatherford, Mineral Wells & Northwestern Ry.

The Opelousas, Gulf & Northeastern Ry (see RR Manual for 1915, page 778), extending from Melville to Crowley, La., a distance of 57.03 miles, was purchased at foreclosure sale on March 29, 1915, and has been operated as the Opelousas branch of the Texas & Pacific Ry Co. since April 1, 1915.

Trans-Mississippi Terminal Co.—With a view to improving the freight and passenger terminals in New Orleans this company was chartered with \$100,000 capital and all its stock acquired by The Texas & Pacific Ry Co. At a special meeting held Aug. 3, 1914, the stockholders of The Texas & Pacific Ry Co. authorized (1) a lease by the Company to the Trans-Mississippi Terminal Co. of all terminal properties, rights, privileges, franchises, etc., in the City of New Orleans, (2) the sale by the Company at par of one-half (\$50,000) of the capital stock of the Trans-Mississippi Terminal Co. to the St. Louis, Iron Mountain & Southern Ry Co. (3) an agreement providing for the joint use of the property of the Trans-Mississippi Terminal Co. by the Company and the St. Louis, Iron Mountain & Southern Ry Co., (4) a guaranty by the Company jointly and severally with the St. Louis, Iron Mountain & Southern Ry Co. of First Mortgage bonds of the Trans-Mississippi Terminal Co. to an amount not exceeding \$7,500,000. In Oct, 1914, the Trans-Mississippi Terminal Co. was succeeded by the Trans-Mississippi Terminal RR.

In return for advances made to the Trans-Mississippi Terminal RR to Oct 5, 1916, the Texas & Pacific Ry Co. received \$683,000 of that company's Three-Year 6% Gold Notes.

Application for Receiver.—The Bankers Trust Co., New York, as Mortgage Trustee, filed suit in the U. S. District Court at Dallas, Tex., on Dec 27, 1915, for the appointment of a Receiver for the company because of failure to pay interest on its Second Mortgage Income bonds. The bill was filed at the request of B. F. Bush, Receiver of the St. Louis, Iron Mountain & Southern Ry Co. (Missouri Pacific System), which owns \$23,703,000 of the \$24,661,000 outstanding Second Mortgage Incomes and has pledged them as part security for its own Gold 4s of 1899. This suit being dismissed on Feb 23, 1916, for lack of jurisdiction, a new suit was begun May 26, 1916, in U. S. District Court at Shreveport, La.

Suits on Notes—Attachments.—B. F. Bush, as Receiver for the Missouri Pacific Ry Co. and St. Louis, Iron Mountain & Southern Ry Co., filed suit against the Texas & Pacific Ry. Co. in the U. S. District Court at Monroe, La., on Dec 31, 1915, to enforce payment of seventeen 6% unsecured promissory notes, aggregating \$842,000, due with interest June 1, 1915. Justice Ford of the New York Supreme Court on Jan 4, 1916, granted an attachment for \$1,741,000 against the property in New York State in favor of George J. Gould, Edwin Gould, Helen G. Shepard and Howard Gould, executors and trustees of the estate of Jay Gould, being the amount due on 35 notes made by the Texas & Pacific Ry Co. to the order of the St. Louis, Iron Mountain & Southern Ry Co. on March 1, 1914, and assigned to the Gould estate in Aug, 1915.

Attachment Vacated.—Justice Shearn of the New York Supreme Court vacated on Dec 14, 1916, the attachment for \$1,741,000 obtained by the Trustees of the Jay Gould estate.

Stockholders' Committee.—On Jan 7, 1916, owing to the above application for a Receiver, the following committee requested deposits of stock with Equitable Trust Co., New York, Depositary: Alvin W. Krech, Chairman; Henry R. Ickelheimer, Dunlevy Milbank, William Church Osborn, Winslow S. Pierce, with Samuel Armstrong, 37 Wall St., New York, as Sec., and Pierce & Greer, New York, as Counsel.

Directors' Committee.—On Jan 11, 1916, the board of directors appointed the following committee from its members to confer with the stockholders' committee: Chas. H. Sabin, N. S. Meldrum and H. E. Cooper.

Second Mtge. Bondholders' Committee.—Owing to application for the appointment of receiver, the following consented to act as a Committee for the protection of the Second Mtge. Income bonds of company not held by the St. Louis, Iron Mountain & Southern Ry Co.: Mortimer N. Buckner, Chrm.; Owen F. Roberts, and Edward Schafer, with Herbert W. Morse, 26 Broad St., New York, as Sec. and Alfred A. Cook, as Counsel. Holders were invited to deposit their bonds with the New York Trust Co., Depositary, under deposit agreement dated Feb 7, 1916. Time for deposit was extended to Nov 8, 1916.

Receivership.—Judge R. E. Foster in the U. S. District Court at Shreveport, La., on Oct 27, 1916, placed the company in the hands of its chief operating officer, J. L. Lancaster, and Pearl Wight of New Orleans as receivers on application by B. F. Bush, receiver of the St. Louis, Iron Mountain & Southern Ry Co., \$410,040 of the judgment of \$842,000 obtained by him in Dec, 1915, against the Texas & Pacific Ry Co. remaining unpaid.

Proposed Plan.—Kuhn, Loeb & Co. and Blair & Co. announced on Oct 31, 1916, that they had been requested by the holders of a large amount of the outstanding stock and Income bonds of the company to prepare a plan of readjustment of its capital and debt. Such a plan is in course of preparation and will be submitted to the security holders at an early date.

TOLEDO, ST. LOUIS & WESTERN RAILROAD CO.

("Clover Leaf Route.")

History.—Incorporated July 5, 1900, in Ind.; successor to the Toledo, St. Louis & Kansas City RR Co., sold under foreclosure March 27, 1900. The entire capital stock of the Detroit & Toledo Shore Line RR Co. is owned jointly by the company and the Grand Trunk Western Ry Co., and these two companies jointly guarantee the "Shore Line's" issue of \$2,000,000 4% bonds.

In Aug, 1907, the Toledo, St. Louis & Western RR Co. acquired control of The Chicago & Alton RR Co. through the purchase of \$6,480,000 Pfd. and \$14,420,000 Com. stock of that company, the T., St. L. & W. RR Co. issuing in exchange for this stock its Collateral Trust Bonds, Series A and B, described on a subsequent page.

Mileage and Equipment, June 30, 1916.—Line of road owned: Toledo, O., to East St. Louis, Ill., 450.58 miles; sidings, etc., 175.80 miles. Gauge, standard. Rail, steel,

61½ to 80 lbs. Equipment: Locomotives, 93. Passenger cars, 37. Freight cars—box, 2,148; gondola, 520; flat, 74; caboose, 65—total, 2,807. Service cars, 91. Total engines and cars, 3,028.

Default—Collateral Trust Bondholders' Committee.—Default having occurred in the payment of the Aug 1, 1914, coupons on the Collateral Trust 4% bonds, the below mentioned committee requested holders of Series "A" and Series "B" bonds to deposit the same with the Union Trust Co., New York, depository, in order that their interests might be adequately protected. Committee: Edward G. Merrill, Pres. of Union Trust Co., New York, Chrm.; R. Walter Leigh, of Maitland, Coppel & Co.; Roberts Walker, of White & Case, and A. V. Morton, V-P of Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia, with Louis C. Krauthoff as counsel and G. K. B. Wade as Sec., 80 Broadway, New York. The time for making deposits expired Dec 18, 1914. Over 80% of the bonds was deposited. Union Trust Co. of New York registered certificates of deposit for Series "A" bonds have been listed on the New York Stock Exchange.

First Mortgage Bondholders' Committee.—Consequent upon the appointment of a receiver and the application to issue Receiver's Certificates having priority in lien to the mortgage bonds (which application was subsequently refused) the following committee was organized in May, 1915, to protect the First Mortgage 4% bonds: Alvin W. Krech, Chrm.; Harry Bronner and Charles H. Jones, with Pierce & Greer as Counsel, and O. S. Herring as Secretary, 37 Wall Street, New York. Inasmuch as no default has been made in the interest of these bonds deposits have not been requested.

Stockholders' Committee.—At the request of a very large majority of the holders of the Pfd. and Com. stock, the following named committee was organized to safeguard the interests of the stockholders: Jules S. Bache, Chrm.; Walter S. Crandell, Edmund G. Hamersley, Colgate Hoyt and Walter C. Taylor, with E. P. Goetz as Sec., 42 Broadway, New York, and Empire Trust Co., New York, Depository. Shareholders were requested to deposit their holdings before Jan 9, 1917. It was announced that more than 85% of the entire outstanding stock had been deposited. Payment of \$2 per share was required on all deposits after Jan 9, 1917. Empire Trust Co. of New York Certificates of Deposit have been listed on the New York Stock Exchange.

Receivership.—Judge Killits in the U. S. District Court at Columbus, O., on Oct 23, 1914, appointed Pres. W. L. Ross, receiver. The application was made by Horatio C. Creith, of H. C. Creith & Co., Columbus, O., contractors, on a claim of \$10,711 for material and labor.

Foreclosure Suit.—In Jan, 1915, the Central Trust Co. of New York, Trustee under the Collateral Trust Mortgage of 1907, filed a petition in the general creditors' suit in which the receiver was appointed, to foreclose the mortgage.

CAPITAL STOCK AND DIVIDENDS.

Authorized and outstanding, \$10,000,000 Com. and \$10,000,000 4% non-cumulative Pfd., par, \$100. Of the amount shown as outstanding, \$5,000 Com. and \$47,400 Pfd were held in the treasury as of June 30, 1916. Transfer Agent, Chas. R. Bosse, 60 Wall St., New York. Registrar: Central Trust Co., New York. Listed on New York Stock Exchange.

Dividends on Pfd. stock at the rate of 4% per annum were paid (quarterly, J, A, J & O 15) from April 15, 1907, to Oct 16, 1911; none since.

UNION PACIFIC RAILROAD COMPANY.

(See Accompanying Map)

History.—Incorporated July 1, 1897, under Act of the Utah Legislature approved Jan 22, 1897; successor under plan of reorganization dated Oct 25, 1895, to the properties of the Union Pacific Ry Co. The Leavenworth, Kansas & Western Ry, extending from Leavenworth to Miltonvale, Kan., a distance of 165.33 miles, and the Topeka & Northwestern RR, extending from Menoken to Onaga, Kan., a distance of 37.5 miles, were absorbed on May 24, 1908. The South Omaha & Western RR, extending from South Omaha to Lane, Neb., a distance of 11.61 miles, whose stocks and bonds were already owned by the Union Pacific RR Co., was merged during the year ended June 30, 1909.

Sale of Southern Pacific Co. Stock.—On Dec 2, 1912, the Supreme Court of the United States, reversing the decision of the lower court, held that the ownership of the stock of the Southern Pacific Co. by the Union Pacific was in contravention of the Sherman Anti-Trust statute, and directed the court below to require that such stock

be disposed of in such manner as to effectually prevent the control of the Southern Pacific Co. by or in the interest of the Union Pacific. By an additional opinion filed Jan 6, 1913, the court explicitly refused to sanction any disposition by the Union Pacific of such stock by sale or otherwise *pro rata* to its own stockholders, as had been allowed in the cases of the Northern Securities Co. and Standard Oil Co. The then Attorney General of the United States, as well as his successor, insisted that the Union Pacific and Southern Pacific should work out and agree upon some plan for the transfer of the control of the Central Pacific Ry from the Southern Pacific to the Union Pacific as a part of any plan for carrying out the decree of the Supreme Court. After much negotiation, such an agreement was arrived at, but it contained provisions for the joint use of certain tracks and terminals which could not become effective without the approval of the Railroad Commission of Cal. That Commission withheld its approval except upon conditions which neither Company could accept; and consequently it proved impossible to reach an agreement for the transfer of the control of the Central Pacific Ry, and negotiations to that end, which extended actively over several months, had to be abandoned.

Various other plans intended to comply with the decision of the Supreme Court were devised by a special committee and considered by the Board of Directors, several of which were submitted to the Attorney General and the Court without securing approval thereof. A plan was finally formulated upon the basis of requirements and suggestions of the Court and the Attorney General, which was on June 30, 1913, approved by decree of the Court, providing for the exchange of \$38,292,400 of the stock of Southern Pacific Co. for \$21,273,600 of the Pfd. stock and \$21,273,600 of the Com. stock of the Baltimore & Ohio RR Co. held by The Pennsylvania RR Co.; and for the deposit of the remaining stock of the Southern Pacific Co. held by the Union Pacific, aggregating \$88,357,600 with Central Trust Co. of New York, appointed by the court, as trustee, the issuance of the trustee's certificates against the stock so deposited, share for share, but under such restrictions that the trustee's certificates could not be converted into the underlying Southern Pacific stock by any owner of Union Pacific stock, and the sale of such certificates to all shareholders, Pfd. and Com., of the Union Pacific RR Co., at a price and upon terms to be fixed by the Board of Directors.

The decree required the sale of such trustee's certificates not later than Nov 1, 1913. They were accordingly offered at \$92 per share to stockholders of record Aug 7, 1913, for subscription on or before Sept 2, 1913.

The underwriting expenses, as well as counsel and attorney's fees in the litigation with the Government, and all other expenses incident to the ownership of the stock of the Southern Pacific Co. paid up to Nov 20, 1913, (and which include all expenditures on that account except compensation of the trust company and the special commissioner appointed by decree of June 30, 1913, and some comparatively small items of court cost not yet ascertained) have been charged, as paid, against the proceeds of the sale of the Southern Pacific Co. stock, and the Pfd. and Com. stocks of the Baltimore & Ohio RR Co., purchased with Southern Pacific stock from The Pennsylvania RR Co., have been taken up on the books of the Company at approximately market value as of the date on which the transaction was consummated. Final decree having been entered taxing costs and settling other details in the Court proceedings pursuant to which the Southern Pacific stock was disposed of, that account was closed as of Dec 31, 1915, and the credit balance on account of the Southern Pacific stock transaction, amounting to \$16,099,190, was credited to Profit and Loss.

For distribution of Baltimore & Ohio RR stock to Com. stockholders, see a subsequent page.

Chicago & Alton RR Financing.—The Union Pacific RR Co. had owned for ten years, \$10,343,100, par value, of the Pfd. stock of The Chicago & Alton RR Co. In the summer of 1912 it developed that the Chicago & Alton would require a considerable amount of money, and that it was unable to finance its needs under the then existing conditions. Thereupon a very careful examination of the Chicago & Alton property was made by officers of the Union Pacific RR Co., as a result of which it was determined that, in order to protect its existing investment, the Union Pacific RR Co. should join other parties, to the extent of one-half, in furnishing the funds required, by taking General Mortgage 6% bonds of The Chicago & Alton RR Co. at 90% of their face value and accrued interest. Bonds to the amount of \$5,940,000, face value, were taken by the Union Pacific RR Co. on that basis during the fiscal year ended June 30, 1913, and an additional amount of \$2,477,000, face value, was taken during the fiscal years ended June 30, 1914 and 1915, making total owned June 30, 1916, \$8,417,000.

Interest in Other Companies.—The Oregon-Washington RR & Navigation Co., and the Oregon Short Line RR Co. are controlled through ownership of practically all their capital stocks, and their operations and statistics are included with those of the Union Pacific RR Co., in the statements following under the heading, "Union Pacific RR and Auxiliary Companies." The Union Pacific RR Co. also owns a controlling interest in the stock of the St. Joseph & Grand Island Ry Co., and as of June 30, 1916, owned \$10,343,100 of the Pfd. stock of the Chicago & Alton RR, \$13,800,000 of the stock of the Illinois Central RR, and \$3,594,035 of the Common stock and \$1,805,992 Pfd. stock of the Baltimore & Ohio RR Co.

In 1904 the Oregon Short Line RR Co. acquired a half interest in the San Pedro, Los Angeles & Salt Lake RR Co.

The Oregon Short Line RR Co. also owned on June 30, 1916, \$4,018,700 Com. stock of Chicago & North Western Ry, \$1,845,000 Pfd. stock of Chicago, Milwaukee & St. Paul Ry, \$8,700,000 capital stock of the Illinois Central RR, \$20,000,000 capital stock of the New York Central RR, and the entire \$500,000 capital stock of the Yakima Valley Transportation Co.

Consolidation of Oregon & Washington Properties.—On Nov 23, 1910, the Oregon-Washington RR & Navigation Co., was incorporated in Ore., and acquired by purchase all of the railroads and other properties of the Oregon RR & Navigation Co., subject to the latter company's consolidated mortgage; also the railroads, and substantially all the other properties of thirteen minor companies (see *Manual* for 1912, page 966) and, in addition, certain railroads projected and under construction by the Oregon-Eastern Ry Co. The consolidation having been effected, the Oregon-Washington RR & Navigation Co., executed its First & Refunding Mortgage, dated Jan 3, 1911, described on a subsequent page. Among the railways thus merged is a line from Portland, Ore., to Seattle, Wash. This line was commenced in 1907 by the Oregon RR for the purpose of securing the Union Pacific system a share in the important traffic of Seattle, Tacoma, and the tributary and intermediate territory of western Washington, and was opened for traffic in Jan, 1910. This line consists of 13.08 miles owned, 26.22 miles owned jointly with the Chicago, Milwaukee & St. Paul Ry, the equal joint possession and use of 127.68 miles, under 999-year trackage contracts with the Northern Pacific Ry, and 8.43 miles operated under other trackage contracts, a total of 175.41 miles.

At the time of their consolidation the lines comprised 1,701.33 miles of railway owned, 67.22 miles owned jointly with the Chicago, Milwaukee & Puget Sound Ry, 127.68 miles of joint use under 999-year contract with the Northern Pacific Ry, and 11.28 miles operated under other trackage rights, a total of 1,907.51 miles.

Camas Prairie RR.—Inc. Nov 9, 1909, in Ore., to operate, as joint line, for the Union Pacific RR and Northern Pacific Ry, a line of road between Riparia, Wash., and Grangeville, Ida. The line from Riparia, Wash., to Lewiston, Ida., 71.46 miles, was built by the Oregon RR & Navigation Co., and the continuation of the line to Grangeville, 66.78 miles, is the Lapwai branch of the Northern Pacific. The capital stock of the Company is owned jointly by the Oregon-Washington RR & Nav. Co. and the Northern Pacific Ry Co.

Consolidation of Oregon Short Line RR Co. Branch Properties.—On Oct 31, 1910, the Oregon Short Line RR took title to the railroad lines of the following companies, organized from time to time in its interest to build branches and extensions—viz:—Boise City Ry & Terminal Co., 8.38 miles; Malad Valley RR, 46.4 miles; Minidoka & Southwestern RR, 103.3 miles; St. Anthony RR, 53.43 miles; Salmon River RR, 85.99 miles; Wyoming Western RR, 22.64 miles; Yellowstone Park RR, 70.36 miles, a total of 390.5 miles.

Sale of Utah Light & Ry Co.—The Oregon Short Line RR Co. owned for a number of years \$995,000 of the bonds, 99.47% of the Pfd. and 95.42% of the Com. stock of the Utah Light & Ry Co., which owned and operated street railways and an electric light and power system in Salt Lake City; and in addition to its investment in stock, the Oregon Short Line had advanced from time to time money for the reconstruction, extension and improvement of the electric properties, so that on Sept 18, 1914, its total

investment aggregated \$9,931,119. The electric properties were prosperous and in good condition, but had not proved of value to the Union Pacific System as a traffic connection or otherwise than as an investment. Advantage was therefore taken, in Sept, 1914, of an opportunity to sell the entire stock, bonds, and debt of the Utah Light & Ry Co., held by the Oregon Short Line, for \$930,010.09 in cash and \$11,661,000, face value, of 30-year First & Refunding Mortgage 5% bonds, secured by a mortgage (subject only to \$3,816,000 underlying bonds) on the street railways, the electric light and power system and all other properties of the Utah Light & Ry Co. The bonds and mortgage were executed by the Utah Light & Traction Co., which took over the properties of the Utah Light & Ry Co. and the bonds were guaranteed as to principal and interest by the Utah Power & Light Co. As an incident of the transaction, the Oregon Short Line RR Co. agreed to purchase additional First & Refunding 5% bonds of the Utah Light & Traction Co., similarly guaranteed, which should be thereafter issued against expenditures made prior to Sept 1, 1915, for certain limited betterments and additions to the mortgaged properties. Pursuant to said agreement, \$203,000 additional bonds have been acquired, making the aggregate amount of said bonds held June 30, 1916, \$11,864,000 face value.

Denver Union Terminal Ry.—During year ended June 30, 1915, a reorganization was completed of the terminal facilities at Denver, Colo., which had been undertaken for the purpose of financing the construction of a new union passenger station at Denver. The terminal properties owned by the Union Depot & Ry Co., of which the Union Pacific RR Co., Denver & Rio Grande RR Co. and Colorado & Southern Ry Co. had been proprietors, were sold to the Denver Union Terminal Ry Co., whose stock is owned in equal shares by the aforesaid railroad companies and the Chicago, Burlington & Quincy RR Co., Atchison, Topeka & Santa Fe Ry Co. and Chicago, Rock Island & Pacific Ry Co., and the old depot company was dissolved and liquidated. The Union Pacific RR Co. realized from the liquidation proceeds of its stock in the old depot company a profit of \$848,681.90 which has been credited to Profit and Loss Account.

Floating Equipment.—Eight river steamers, with a gross tonnage of 4,023, owned by Oregon-Washington RR & Nav. Co.

Pacific Fruit Express Co.—Organized in 1907, with an authorized capital of \$12,000,000, of which \$10,800,000 paid up, owned equally by the Union Pacific RR Co. and Southern Pacific Co., to provide refrigerator cars under provisions of the Interstate Commerce Commission Act as amended.

Union Pacific Equipment Association.—Incorporated in 1907, in Utah, for the purpose of purchasing equipment for the use of the Union Pacific RR and auxiliary companies. The equipment company either holds title to the equipment and leases it to the several companies or holds title thereto until such equipment is distributed among the companies. The capital stock of the Company is all owned by the Union Pacific RR Co.

CAPITAL STOCK AND DIVIDENDS.

Authorized, \$296,178,700 Com. and \$200,000,000 4% non-cumulative Pfd.; outstanding as of June 30, 1916, \$222,291,600 Com. and \$99,543,500 Pfd.; par, \$100. In addition, there was outstanding in the hands of the public, \$1,500 capital stock of the Oregon-Washington RR & Navigation Co. Pfd. stock has priority over Com. for non-cumulative dividends at the rate mentioned, but is not entitled to any further distribution of the net profits of the company.

At a special meeting held June 15, 1907, the Articles of Association were amended, increasing the Com. stock by \$100,000,000 and authorizing the issue of such additional Com. stock from time to time for such lawful corporate purposes and upon such lawful terms as should be determined by the Directors of the Company. At a special meeting held July 8, 1907, \$42,857,200 par value of the additional Com. stock authorized was set apart and reserved to be issued in exchange for the 20-Year 4% Convertible Gold bonds, dated July 1, 1907, at rate of \$175 per share of \$100 par value. The stock so set apart is not to be issued or used prior to July 1, 1917, except to such extent as such bonds should, in the meantime, have been exchanged or paid off. Up to June 30, 1916, \$46,926,775 of the bonds had been converted into stock.

Transfer Agent: Alex. Millar, 165 Broadway, New York. Registrar: Bankers Trust Co., New York.

Dividends have been paid as follows.—On Pfd.: 1½% in 1898; 3½% in 1899, and 4% annually (A & O 1), April 1901, to date. On Com. 3½% in 1900; 4% annually (A & O 1), April, 1901, to April, 1905, inclusive; 2½% in Oct, 1905; 3% in April, 1906; 5% each in Oct, 1906, and April, 1907; July, 1907, to April 1, 1914, inclusive, at rate of 10% per annum; July 1, 1914, to Jan 2, 1917, 2% quarterly, or at a rate of 8% per annum. An extra cash dividend of 2% on Com. was paid Jan 15, 1917. Com. dividends are usually declared about the eighth days of Feb, May, Aug and Nov, and are payable quarterly, Jan 1, etc. Pfd. dividends are declared about Feb 8 and Aug 8.

Extra Dividend.—Distribution of B & O RR Stock.—The Union Pacific having been required by decree of the Supreme Court of the United States, to relinquish its control of the Southern Pacific Co. and to dispose of its stock in that company, the question, more or less discussed for a number of years, of distributing by extra dividend, a substantial portion of the surplus, naturally recurred. Conservative regard for the future needs of the Union Pacific seemed to require that the cash proceeds of the sale of the Southern Pacific stock should be conserved. After very thorough consideration, the Directors determined to distribute the stock of the Baltimore & Ohio RR Co. (a considerable portion of which had been received in exchange for stock of the Southern Pacific Co.) by way of extra dividend on the Com. stock. The distribution of any large

amount would make the maintenance of the regular dividend rate of 10% on the Com. stock unwise, if not impossible. Therefore, in determining the amount and character of the extra dividend, it was resolved to reduce the regular dividend rate on the Com. stock to 8% per annum and to compensate for this reduction in the regular rate by the extra dividend. Accordingly, on Jan 8, 1914, the Directors declared, out of the unappropriated accumulated surplus, an extra dividend, payable April 1, 1914, to the holder of each share of Com. stock, of \$12 par value, in Baltimore & Ohio Pfd. stock, then yielding at 4%, 48c.; \$22.50 par value, in Baltimore & Ohio Com. stock, then yielding at 6%, \$1.35; and \$3 in cash, which, say at 6% per annum, would yield 18c., or a total of \$2.01, thus equalizing the regular dividend. If all the outstanding Convertible bonds had been converted, substantially all the Baltimore & Ohio stock owned would have been appropriated to the dividend; but, as \$26,835,225 of such bonds were not converted, there was left in the treasury \$3,594,035 Com. and \$1,805,992 Pfd. stock of the Baltimore & Ohio.

The payment of the extra dividend was postponed by litigation until July 20, 1914, when actual payment was commenced. The dividend not having actually been paid prior to June 30, 1914, the close of the fiscal year covered by this report, its amount was charged to Profit and Loss and set up as a reserve under Appropriated Surplus, and the cash and Baltimore & Ohio stock, included in the extra dividend were set aside as "Assets Reserved for Payment of Extra Dividend." The Baltimore & Ohio stock was valued for the purposes of the extra dividend at \$92 per share for the Com. and \$80 per share for the Pfd., being approximately the market prices at the time the extra dividend plan was definitely formulated. These prices resulted in a charge to Profit and Loss of \$74,020,372 as the aggregate amount of the dividend.

Substitution of Collateral—Retirement of Bonds.—The Oregon Short Line RR Co. originally pledged \$108,000,000 par value of the stock of the Southern Pacific Co. with the trustee under the above Refunding Mtge. as collateral. The mortgage contained provision for the substitution of collateral, providing, among other things, that bonds issued under the mortgage could be surrendered against the withdrawal of collateral, upon an appraisal of the collateral in the manner provided in the mortgage. Promptly after the decision of the Supreme Court of the United States in Dec, 1912, requiring the disposition of the stock of the Southern Pacific Co., steps were taken to withdraw from the pledge the \$108,000,000 stock of the Southern Pacific Co., in order to have that stock free in the treasury to be dealt with as the Court might require, and to that end the Oregon Short Line RR Co. acquired from Union Pacific RR Co., at the price originally paid therefor by the Union Pacific RR Co., and surrendered to the trustee \$55,000,000 of the bonds issued under the mortgage, thereby reducing the issue from \$100,000,000 to \$45,000,000, which is secured by the collateral mentioned above.

(8) **\$14,931,000 Oregon Short Line Ry First Gold 6s;** dated Nov 1, 1881; due Feb 1, 1922; int. F & A 1, at company's office, New York. Coupon, \$1,000; principal may be registered. J. F. Co. Listed on New York and Boston Stock Exchanges. Interest paid without deduction for Normal Income Tax.

(13) \$39,665,035 Oregon-Washington RR & Navigation Co. First & Refunding Gold 4s; dated Jan 3, 1911; due Jan 1, 1961; int. J & J 1, at 165 Broadway, New York, on dollar bonds, and in London on sterling bonds. Coupon (principal may be registered), \$100, \$500 and \$1,000, and £20, £100, and £200; registered, \$500, \$1,000, and \$5,000, and such other multiples of \$500 as authorized by directors. Coupon bonds with exception of \$100 bonds, are exchangeable for registered bonds, and registered bonds may be re-exchanged for coupon issues. Farmers' Loan & Trust Co., New

York, Trustee. The bonds are issuable in series; Series "A" to be dollar bonds (\$500 and \$1,000 each), Series "B" sterling bonds (£100 and £200 each). Sterling bonds are exchangeable for dollar bonds on and after Jan 1, 1913, at a fixed exchange of \$4.85, i. e., upon payment of \$30 per £200 bond, or \$15 per £100 bond, with adjustment of interest. Authorized, \$175,000,000; issued, \$71,662,035, of which \$39,665,035 are outstanding in the hands of the public, \$31,744,000 are owned by the Oregon-Pacific RR Co., and \$253,000 are owned by the Oregon-Washington RR & Navigation Co. Of the unissued bonds, \$23,380,000 are reserved for underlying Oregon RR & Navigation Co. Consolidated 4s, described above, and the balance is reserved for the construction and acquisition of other railroads and property, and for additions, betterments, improvements and new equipment; provided, however, that the bonds issued for additions and betterments shall never exceed in the aggregate \$60,000,000, that the bonds issued to reimburse the company for expenditures made for the acquisition of the railroads of the North Coast RR Co., or in continuing or completing said railroads, shall never exceed in the aggregate \$7,000,000, and that the bonds issued for new equipment shall never exceed \$20,000,000, and shall not exceed 75% of the cost of the new and additional engines, cars or other rolling stock. The unissued bonds may bear such interest, not to exceed 5%, as the directors may fix. Series "A" and "B" are subject to call as a whole at 105 and interest on any interest date upon 90 days' notice.

LAND DEPARTMENT.

Under the provisions of the Union Pacific RR Co.'s First Railroad and Land Grant Mortgage, the net proceeds from the sale of lands belonging to the Union Pacific RR Co. after payment of expenses and taxes appertaining thereto, and all sums of money received on account of interest or principal of the bonds and for dividends upon the stock of the Union Pacific Land Co., are set apart and held by the Trustee as a Cash Improvement and Equipment Fund to reimburse the Railroad Company for any expenditures for betterments, improvements, equipment, or for other properties not paid for out of other funds or charged to operating expenses or cost of maintenance. The amount received from the Trustee during the year 1915-16 and thus applied was \$460,000. The total sum received from the Trustee, and thus applied to June 30, 1916, amounted to \$22,611,091.

The transactions in respect of the above-mentioned lands for the past year were as follows:

Number of acres sold.....	12,199.51
Total amount of sales (cash and principal of deferred payments) after deducting expenses.....	\$369,255.23
Interest on deferred payments and other collections.....	142,764.47—
Average price received per acre.....	512,019.70
Number of acres of land remaining unsold June 30, 1916.....	\$5.78
Estimated value of lands and town lots remaining unsold June 30, 1916.....	1,000,685.66
Land contracts outstanding June 30, 1916.....	\$1,797,214.84
	\$734,661.10

Union Pacific Land Co. Investment Written Off.—The \$100,000 outstanding stock and \$4,933,000 First Mortgage bonds of Union Pacific Land Co., listed in previous annual reports in the tables of securities owned of auxiliary companies and collateral enterprises and in the table of securities pledged, have been omitted from the corresponding tables of the 1915 and 1916 reports. The bonds of the Land company have for some years been carried on the books of the Union Pacific RR Co. at only the nominal value of one dollar, their entire original cost having been repaid through redemptions, and the investment of the Railroad company in the stock of the Land company has been written off. The proceeds from the sales of the remaining lands of the Land company will continue to be paid to the Trustee of the Railroad Company's First Railroad & Land Grant Mortgage for the payment of interest, and the redemption of principal of Land company bonds held by it, and the money so received by the Trustee will be withdrawn from time to time by the Railroad company under the terms of the mortgage and applied as part of the Improvement and Equipment Fund in reimbursement for expenditures for betterments, etc. The Land company bonds originally issued amounted to \$10,000,000, and the proceeds from sales so paid to the Trustee and applied by the Railroad company to betterments, etc., have aggregated \$10,682,307. The stock and bonds of the Land company being merely muniments of the Trustee's title to the proceeds from sales of the comparatively small amount of land remaining, and having no value on the Railroad company's books, it is considered unnecessary to retain them in the annual report tables of securities owned and pledged.

Expenditures for Property Investment (U. P. RR and Auxiliary companies), year ended June 30, 1916.—For extensions and branches: By Union Pacific RR Co., \$14,023; by Oregon-Washington RR & Nav. Co., \$1,112,305—total extensions and branches, \$1,126,328, less adjustments of previous charges, \$15,463—\$1,110,865.

Additions and Betterments (U. P. RR and Auxiliary companies), year ended June 30, 1916.—Engineering, \$70,396; land for transportation purposes, \$94,528; grading, \$1,011,822; tunnels and subways, \$254,570; bridges, trestles and culverts, \$455,806; ties, \$77,171; rails, \$681,624; other track material, \$293,447; ballast, \$95,173; track laying and surfacing, \$64,336; right-of-way fences, \$22,329; crossings and signs, \$187,220; station and office buildings, \$226,523; roadway buildings, \$44,536; water stations, \$50,311; fuel stations, \$83,855; shops and enginehouses, \$219,204; telegraph and telephone lines, \$12,791; signals and interlockers, \$71,202; power plant buildings, \$10,459; power distribution systems, \$15,485; miscellaneous structures, \$21,444; roadway machines, \$25,228; assessments for public improvements, \$50,574; power plant machinery, \$17,947; other additions and betterments to road, \$14,222—total additions and betterments (excluding equipment), \$4,172,203; equipment, \$672,526—total additions and betterments (including equipment), \$4,844,729.

Reserve for Depreciation of Securities.—A profit of \$58,855,677 was made on the sale of stock of Northern Pacific Ry Co., Great Northern Ry Co., and Northern Securities Co., and the Board of Directors of the Oregon Short Line RR Co., in 1911, declared a special dividend, equal to the amount of the profit, which went to the Union Pacific RR Co., the owner of all the stock of the Oregon Short Line RR Co. There was a profit of \$16,099,190 on the sale of the stock of the Southern Pacific Co. which was credited to profit and loss for year ended June 30, 1916, making a total profit on these two transactions of \$74,954,867. On the other hand, the market value of other investment securities owned showed, on June 30, 1913, a depreciation of about \$40,780,000. Since the Northern Securities transaction had been closed and the Southern Pacific stock disposed of, and the profit on the one transaction had been and on the other would shortly be credited to profit and loss, it seemed proper that the book value of the other investment securities owned should be either written down to approximately their market value, or that there should be created a reserve to cover eventual depreciation, if any. Therefore, it was resolved by the Board of Directors to appropriate out of surplus and set up as a "Reserve for Depreciation of Securities" the sum of \$50,000,000. Accordingly, the said amount was charged to profit and loss and credited to "Reserve for Depreciation of Securities" under the head of "Appropriated Surplus" as of June 30, 1913. If and when any of the securities referred to are disposed of, whatever loss, if any, may be sustained, will then be charged against this reserve account. Of this amount there was appropriated during the fiscal year ended June 30, 1914, \$28,000,000 by the Union Pacific RR Co., and \$22,000,000 by the Oregon Short Line RR Co., for the depreciation of securities owned by them respectively. The Baltimore & Ohio stock owned by the Oregon Short Line RR Co. was transferred to the Union Pacific RR Co. and used by the latter in the payment of the extra dividend on its Common stock. This transfer was made at \$92 per share for the Com. stock and \$80 per share for the Pfd. stock, substantially the then prevailing market prices, and the sum of \$10,379,848, representing the difference between these prices and the cost of the stock, was charged by the Oregon Short Line RR Co. against its reserve of \$22,000,000. In connection with the withdrawal of a part of the Baltimore & Ohio stock, for the purpose aforesaid, from the collateral pledged under the Refunding Mortgage of the Oregon Short Line RR Co., that company purchased from Union Pacific RR Co. \$8,700,000, par value, of Illinois Central RR Co. stock and deposited the same as part of the substituted collateral under said mortgage. This transfer was made at \$115 per share, substantially the then prevailing market price, and the sum of \$4,202,100, representing the difference between this price and the cost of the stock, was charged by the Union Pacific RR Co. against its reserve of \$28,000,000.

COMPANY CONTROLLED BY UNION PACIFIC RR CO.

ST. JOSEPH & GRAND ISLAND RAILWAY CO.

Incorporated Feb 23, 1897, in Kan. and Neb.; successor to the St. Joseph & Grand Island RR Co., sold under foreclosure, Dec 23, 1896. Company owns a one-half interest in St. Joseph Terminal RR. Line of road: St. Joseph, Mo., to Grand Island, Neb., 251.14 miles; Stouts to Highland, Kans., 6.79 miles—total owned and operated, 257.93 miles; sidings, 57.13 miles.

Equipment, June 30, 1916.—Locomotives, 22. Passenger cars, 32. Freight cars—box, 348; stock, 88; coal, 89; flat, 6—total, 531. Service cars, 89. Total engines and cars, 674.

Trackage Rights Terminated.—On Sept 1, 1914, The Kansas City Southern Ry Co. terminated, on account of default by the St. Joseph & Grand Island Ry Co. in the payment of rental, the contract for trackage rights under which the St. Joseph & Grand Island Ry Co. had theretofore obtained entrance into Kansas City. The St. Joseph & Grand Island Ry Co. thereupon exercised its right to terminate its contracts with the Quincy, Omaha & Kansas City Ry Co. and the Chicago, Milwaukee & St. Paul Ry Co. for trackage rights over their lines, which the loss of The Kansas City Southern trackage rights had rendered valueless. These cancellations resulted in the discontinuance, effective Sept 1, 1914, of the service previously operated by the St. Joseph & Grand Island Ry Co. between St. Joseph and Kansas City, in all 61.36 miles, under said running rights.

Litigation.—In the litigation instituted by certain stockholders, referred to in previous Manuals, a decision was rendered May 27, 1914, by the United States District Court for the District of Nebraska, holding that the Union Pacific RR Co. and this company were competitors for interstate traffic amounting to some \$48,000 in annual revenue to this company and some \$18,000 in annual revenue to the Union Pacific RR Co., that although the whole amount of this traffic carried by both roads was less than one-tenth of 1% of the total revenue of the Union Pacific RR Co. and was only 3.88% of the total revenue of this company, it constituted a substantial amount of traffic subject to competition, and that, therefore, the ownership by the Union Pacific RR Co. of a majority of the stock of this company constituted a violation of the Federal Anti-Trust law. The decree of the court enjoined the voting of said stock by the Union Pacific RR Co., and the exercise of any control, direction or supervision by it over the affairs of this company, enjoined this company from making any further expenditures for the reconstruction of that portion of its line lying between Upland, Kan., and Hastings, Neb., or acquiring by purchase or lease the railroad of the Hastings & Northwestern Ry Co. extending from Hastings to Gibbon, Neb., except upon authority of a board of directors chosen by stockholders other than the Union Pacific RR Co., and provided that unless within sixty days from the entry of the decree the management and control of this company should be surrendered to a board of directors chosen by stockholders other than the Union Pacific RR Co. a receiver of this company and of all its property and franchises would be appointed by the court. On appeal from this decree, the United States Circuit Court of Appeals for the 8th circuit, on July 9, 1915, rendered a decision reversing the decree of the District Court. The Circuit Court of Appeals held (1) that the lower Court erred in decreeing that the control of this company by the Union Pacific RR Co. through stock ownership was in violation of the Sherman Anti-Trust law, and (2) that the Union Pacific RR Co. had not abused its power as majority stockholder, the evidence disclosing that the management, so far as income results were concerned, had improved after that company acquired its stockholding, and it being considered by the Court that the expenditure of income in improvements of certain portions of the road, which was criticised by plaintiffs, was justified and necessary for the proper handling of the traffic which it was designed to accommodate, but (3) that this company should be enjoined while controlled by the Union Pacific RR Co. from purchasing the cut-off between Hastings and Gibbon, Neb., a purchase not immediately contemplated but which had been considered as a possibility in the future in the event of an improved financial condition of the company.

The above litigation against this company and the Union Pacific RR Co. has finally been discontinued through sale of the Pfd. stock to the Union Pacific RR, as stated below. Appeal was taken by the plaintiffs to the U. S. Supreme Court, but was later voluntarily dismissed, leaving as the final decision in the case the decree of the Circuit Court of Appeals for the Eighth Circuit, mentioned above.

Sale of Pfd. Stock to Union Pacific RR.—The Protective Committee of First and Second Pfd. stockholders (J. Augustus Barnard, Chairman; F. J. Lisman, Rochester; B. Slaughter, Neal Rantoul, Geo. M. Williamson and M. S. Guiterman) in May, 1916, informed the depositing stockholders under deposit agreement dated Dec 31, 1910, and all holders of Columbia Trust Co., New York, and Old Colony Trust Co., Boston, certificates for First and Second Pfd. shares, that a general meeting of the depositors would be held at the office of Dominick & Dominick, 115 Broadway, New York, on May 31, 1916, to consider and act on ratifying a tentative agreement made by the committee with the Union Pacific RR Co. to sell to the Union Pacific all of the deposited stock at the following prices: (a) First Pfd., \$53.91 per share; (b) Second Pfd., \$37.49

per share. This action was so taken. Upon such sale the suit brought by Charles A. Frank and others against the Union Pacific RR Co. and the St. Joseph & Grand Island Ry Co. then pending in the U. S. Supreme Court, was discontinued without costs to either party as against the other.

Capital Stock.—Authorized and outstanding, \$4,600,000 Com; \$5,499,400 (\$5,500,000 authorized) 5% non-cumulative First Pfd., and \$3,500,000 4% non-cumulative Second Pfd.; par, \$100. The balance of the authorized First Pfd., \$600, is in the company's treasury. Transfer and Fiscal Agent: United States Mortgage & Trust Co., New York. Dividends have been paid on First Pfd. as follows: 1898, 5%; 1899 and 1900, 3% each; 1901 and 1902, 5% each; none since.

As of June 30, 1916, the Union Pacific RR Co. held \$4,239,700 Com, \$4,558,850 First Pfd. and \$3,309,079 Second Pfd. stock.

UNION TERMINAL CO., Dallas, Tex. (Joint Control).—Inc. March 16, 1912, in Tex., and has constructed a passenger terminal in Dallas for the following railroads entering that city: Gulf, Colorado & Sante Fe Ry (Atchison, Topeka & Sante Fe Ry System); Missouri, Kansas & Texas Ry of Texas (Missouri, Kansas & Texas Ry System); St. Louis Southwestern Ry of Texas (St. Louis Southwestern Ry System); Houston & Texas Central RR (Southern Pacific Co. System); Texas & Pacific Ry; Trinity & Brazos Valley Ry (Colorado & Southern Ry and Chicago, Burlington & Quincy RR Systems); St. Louis, San Francisco & Texas Ry (St. Louis-San Francisco Ry System), and Chicago, Rock Island & Gulf Ry (Chicago, Rock Island & Pacific Ry System). The real estate consists of 10.25 acres in the business district of Dallas. The passenger station is on South Houston Street adjacent to the wholesale district and within a few blocks of the principal hotels. This terminal building covers approximately one and one-half city blocks, is of fireproof construction, and has ten parallel tracks with space for eight more, capable of accommodating thirty trains simultaneously. The total trackage owned by the company consists of 9.6 miles of main track, 2.8 miles of depot track and 3.1 miles of sidings; in addition 5.0 miles is leased from the user companies. The terminal was opened for operation Oct 8, 1916.

Capital Stock.—Authorized and outstanding, \$48,000; par, \$100. All, except director's qualifying shares owned by the eight above-mentioned companies.

Bonded Debt.—\$5,000,000 First Gold 5s; dated April 1, 1912; due April 1, 1942; int. A & O 1, at Wm. Salomon & Co., New York, and at Continental & Commercial Trust & Savings Bank, Chicago, Trustee. Coupon, \$1,000; principal may be registered. Authorized, \$5,000,000. Subject to call as a whole, but not in part, at 105 and interest on April 1, 1922, or on any interest date thereafter, upon 60 days' notice. A first lien on all property of company. Further secured by assignment to the trustee of a 99-year operating agreement under which each of the railway systems enumerated above, or their Texas subsidiary companies, covenants to pay its proportionate share ($\frac{1}{8}$) of the interest and principal of the bonds. By the terms of the operating agreement, if any company should default in the payment of the proportionate amounts due for principal or interest, the remaining companies covenant to make up any defaulted payments. Upon a default by one of the companies the Terminal Co. shall have power to exclude such defaulting company from the use of the terminal facilities. First publicly offered (\$2,193,000) in April, 1914, at 99½ and interest. Normal Income Tax deducted from interest.

VERA CRUZ TERMINAL CO., LTD.—Inc. Nov 21, 1907, in England, to provide terminal facilities at Vera Cruz, Mex., for the four railroads entering that city, viz.: Vera Cruz & Pacific RR (now Vera Cruz, to Isthmus RR., since merged with National Rys of Mexico), the Mexican Ry, Ltd., the Inter-oceanic Ry of Mexico, Ltd., and the Vera Cruz Rys, Ltd. Concession for this project was granted for 80 years from May 29, 1906, with the provision that the Mexican Government as direct owner of 4 shares of capital stock was to be represented in the management by two directors.

Capital Stock.—Authorized and outstanding, 18 shares of a par value of £5 each. The Mexican Government owns 4 shares, the Mexican Ry Co., Ltd., 6 shares, the Inter-oceanic Ry of Mexico, Ltd., 4 shares, the Vera Cruz Rys., Ltd., 2 shares, and the National Rys. of Mexico, 2 shares.

Bonded Debt.—£992,500 First Debenture 4½s; due Jan 1, 1976; int. J & J 15, at Morgan, Grenfell & Company, London, England. Coupon, £100. National Safe Deposit Company, Ltd., London, Eng., Trustee. Authorized and issued, £1,000,000, of which £728,000 were dated May 7, 1908, £72,000 July 15, 1910, and £200,000 Jan 15, 1911. £7,500 have been retired. Sinking fund of £3,075, which became operative Jan 1, 1913, provides for purchase of bonds at or under par. Subject to call at par after Jan 1, 1923, upon one month's notice. Issued to provide funds for terminal facilities at the port of Vera Cruz. A first lien on all property of company now owned or hereafter acquired. Guaranteed, principal and interest, by the four companies using the terminal. Listed on London Stock Exchange. First publicly offered (£728,000) in April, 1908, at 96½%.

Interest Unpaid, Etc.—Owing to the action of the Government in taking over and working the railways, together with the station and warehouses at Vera Cruz, the company had no funds to meet the interest on the 4½% Debentures (coupon No. 14) due July 15, 1915. A meeting of the bondholders was convened for Aug 26, 1915, but the amount represented at that meeting was not sufficient to permit a formal resolution being passed. A committee was, however, informally appointed, and negotiations with this committee are still proceeding. When an arrangement, satisfactory to both parties, has been arrived at a further meeting of the bondholders will be called.

£87,500 Second Debenture 5s; dated Dec 21, 1911; due Dec 31, 1932; int. J & J 15 Coupon, £100. National Safe Deposit Co., Ltd., London, Eng., Trustee. Authorized and issued, £100,000, of which £87,500 have been deposited as security for a loan and £12,500 have been cancelled. Sinking fund of £5,000 per annum became operative Dec 31, 1912. Subject to call at par and interest on six months' notice. A lien on all the property of the company, subject to above described prior lien. Guaranteed, principal and interest, by the four companies using the terminal.

WABASH RAILWAY CO.

(See Accompanying Map.)

Incorporated Oct 22, 1915, in Ind., and on Nov 1, 1915, succeeded to the properties, rights, etc., of the Wabash Railroad Co. (see RR Manual for 1915, page 1193), sold July 21, 1915, at foreclosure sale, for \$18,000,000, to Robert Goelet and H. R. Winthrop, of New York, representing the Joint Reorganization Committee formed in the interests of the bondholders and stockholders of the predecessor company.

The Wabash RR was on Dec 23, 1911, placed in the hands of Receivers and various protective committees were formed representing the security holders (see RR Manual for 1915, page 1194). A Plan of Reorganization was drawn up and adopted by the two committees representing the First Refunding & Extensions Mortgage bonds and also the committee representing the stockholders. This Plan, a digest of which is appended, is dated April 28, 1915, and provided for the formation of the Wabash Ry Co., as successor to Wabash RR Co.

DIGEST OF PLAN AND AGREEMENT OF REORGANIZATION.

(A) Cash Requirements.

The cash requirements, estimated to be required to carry out the plan amounted to \$27,720,000, as follows: Receiver's Certificates to be paid with interest to Aug 1, 1915, \$16,423,500; advances for reorganization purposes, including acquisition of Debenture bonds, etc., \$2,000,000; interest due Jan. 1, 1912, on First Refunding & Extensions Mortgage bonds participating in the plan, payable in cash, \$812,000; required to provide for discharge of Compton judgment and for Equipment Trust obligations matured or maturing prior to Dec. 31, 1915, \$1,530,000; working capital for new company, \$3,500,000; expenses of reorganization and foreclosure, incorporation of new company, etc., \$3,449,500.

These cash requirements were to be met by an assessment of \$30 per share on the Pfd. and Com. stocks of the old company, which assessments, if not paid by stockholders, were to be met pro rata by holders of First Refunding & Extensions Mortgage bonds and were further to be underwritten by a syndicate.

(B) Extended $4\frac{1}{2}\%$ Notes of the Wabash RR Co.

The committee representing the \$5,000,000 Extended $4\frac{1}{2}\%$ Notes of the old company due May 1, 1913, had reduced to possession all of the collateral by which these notes were secured, excepting the Pacific Express Co.'s stock. In connection with the plan of reorganization the Reorganization Committee entered into an agreement with the Noteholders' Committee by which (1) the new company acquired from this committee the 2,400 shares capital stock of the Belt Ry Co. of Chicago and the 1,217 shares capital stock of the American Refrigerator Transit Co., constituting part of the collateral acquired; (2) the Noteholders' Committee transferred to the new company the $4\frac{1}{2}\%$ Notes of the old company and agreed to cancel the liability of the old company as endorser of the \$5,000,000 Wabash Pittsburg Terminal Ry Co. notes; (3) Certificates of Deposit representing \$5,000,000 First Refunding & Extensions Mortgage bonds of the old company, deposited with the Equitable Trust Co., New York, were distributed to the Noteholders. (4). In consideration of these benefits, the new company issued to the Noteholders' Committee \$1,500,000 new 4% Notes dated Nov 1, 1915.

(C) Undisturbed Securities.

Securities aggregating \$65,158,000 of the Wabash RR Co. remained undisturbed in the reorganization, namely, (a) \$62,302,000 underlying bonds of old company, exclusive of the Debenture mortgage bonds and about \$57,000 Detroit & Chicago Extension bonds, retired by sinking fund in 1915; (b) \$315,000 Debenture mortgage bonds, excluding \$941,000 which were controlled by the Joint Reorganization Committee and are to be held by new company until entire issue shall be retired; (c) \$2,541,000 Equipment obligations, being the total maturing after Dec 31, 1915.

(D) Capitalization of New Company.

The plan provided for the following capitalization for the new company:

(1) 5% Profit Sharing Pfd. stock "A".....	\$46,200,000
Entitled to non-cumulative dividends at rate of 5% per annum before any dividends are paid on other stocks of either class; and after 5% has been paid on the below described 5% Convertible Pfd. and on the Com., to a further dividend at the same rate as any additional dividend that may be declared on the Com. stock. To have preference as to assets in the event of liquidation, etc., to the extent of par and unpaid dividends declared; to be furthermore entitled in this event to its pro rata share of all assets remaining after Convertible Pfd. stock "B" and Com. stock shall have each received par and all unpaid dividends declared. Redeemable as a whole at 110 at any time after five years from date of issue upon twelve weeks' notice.	
(2) 5% Convertible Pfd. stock "B".....	\$48,720,000
Entitled to non-cumulative dividends at rate of 5% per annum after 5% has been paid on the above Profit Sharing Pfd. stock "A" and before any dividend is paid on the Com. stock. Has preference as to assets over Com. stock and in the event of liquidation is additionally entitled to its pro rata share of assets remaining after all classes of stock shall have received par and unpaid dividends declared. Convertible at par at any time after Aug 1, 1918, and in the event that the Profit Sharing Pfd. "A" stock shall be called for redemption, up to thirty days prior to date set for such redemption, into one-half Profit Sharing Pfd. stock "A" and one-half Com. stock, with proper adjustment of unpaid dividends declared. Subject to call as a whole at 110 at any time after five years after date of issue upon twelve weeks' notice.	
(3) Common stock.....	\$43,540,000
(4) 4% Gold Notes.....	\$1,500,000
Secured by 2,400 shares of stock of the Belt Ry. Co., of Chicago and 1,217 shares of the American Refrigerator Transit Co.; due not later than May 1, 1920, and bearing interest from May 1, 1915. Issued to Noteholders' Committee under agreement mentioned above.	

(E) Disposition of Securities.

The above securities were issued to stockholders of the Wabash RR Co., and to holders of that company's First Refunding & Extensions Mortgage bonds according to the following schedule:

	Profit Sharing Pfd. Stock A.		Convertible Pfd. Stock B.		Common Stock.	
	Per Cent.	Amount	Per Cent.	Amount	Per Cent.	Amount
\$40,600,000 First Refunding & Extensions Mortgage bonds, with all matured and unpaid coupons, except the coupon of Jan 1, 1912 (which was paid to assenting holders in cash, with interest), assuming the obligations specified above.....	..		120	\$48,720,000	..	
\$30,200,000 Pfd. stock upon payment of 30% assessment.....	50	\$19,600,000	...		50	\$19,600,000
\$53,200,000 Com. stock upon payment of 30% assessment.....	50	\$26,600,000	...		45	\$23,940,000
		\$46,200,000		\$48,720,000		\$43,540,000

The foregoing represented the amount of Profit Sharing Pfd. stock "A," Convertible Pfd. stock "B" and Com. stock issuable to bondholders and stockholders of the old company assenting to the Plan. The Plan also made provision for the issue of further stock to be allotted to the unsecured creditors of the old company in satisfaction of their claims as stated below.

In addition to the Convertible Pfd. stock "B" shown above allotted to assenting First Refunding & Extensions bondholders, these bondholders were further entitled upon the discharge of the underwriting obligation before referred to, to receive in cash the face amount of the coupon due Jan 1, 1912, together with interest thereon at the rate of 6%; such bondholders as had previously received the face amount of this coupon were released from the obligation to repay the amount so received.

(F) Underwriting by First Refunding & Extensions Mortgage Bondholders

Holders of these bonds agreeing to the Plan were to underwrite and agree to make their pro rata proportion of the payment of \$30 per share assessed on the old Pfd. and Com. stock to the extent that such payments were not made by stockholders; upon making such payment and upon surrender of the Certificate of Deposit representing the bonds participating bondholders were entitled to receive all the Profit Sharing Pfd. stock "A" and all the Com. stock which would have been received by the stockholders had they made their payments, and, in addition thereto, 120% of the principal amount of their bonds in Convertible Pfd. stock "B" In the event that no stockholder whatever elected to make any payment, the maximum obligation of a bondholder would not exceed \$682.76 per \$1,000 bond. Upon making this (maximum) payment a bondholder would be entitled to receive: (1) \$20 (with interest) in cash for coupon due Jan 1, 1912; (2) \$1,137.93 in Profit Sharing Pfd. stock "A"; (3) \$1,200 in Convertible Pfd. stock "B" and \$1,072.41 in Com. stock. These payments and these allotments of stock would be correspondingly reduced in proportion as the holders of Com. and Pfd. stock made their payments and received their allotments under the Plan.

Unassenting holders of First Refunding & Extensions Mortgage bonds were, under the Plan, only entitled to their pro rata distributive share of any balance of the proceeds derived from the sale of the property remaining after the discharge of obligations entitled to prior payment under the terms of the foreclosure decrees.

It was provided that upon the Plan being declared operative thirty days' notice should be given to stockholders within which to make their payments; as soon as practicable after that date thirty days' notice had to be given to assenting bondholders of the amount of payments, if any, required of them and of the date by which such payments or the first installment of such payments should be made.

(G) Capitalization and Fixed Charges.

Capitalization.	
Total capitalization, prior to reorganization, including outstanding Receiver's certificates.	\$222,319,377
Total capitalization after reorganization:	
Undisturbed obligations.....	\$65,158,000
New securities.....	139,960,000
	205,118,000
Decrease after reorganization.....	\$17,201,377
Fixed Charges.	
Total fixed annual interest charges prior to reorganization.....	\$5,795,278
(inclusive of interest on outstanding Receiver's certificates and on \$5,000,000 First Refunding and Extensions Mortgage Bonds sold under foreclosure of the Agreement securing the 4½% Notes but exclusive of interest on such Notes.)	
Total annual interest charges after reorganization.....	3,183,915
Reduction by reorganization.....	\$2,611,363
The reorganization accomplished a reduction in fixed interest-bearing obligations of \$56,636,377, or 46%. It also provides for the retirement through stock of many millions of existing guaranties, endorsements and other unsecured obligations.	

(H) Unsecured Creditors.

Unsecured creditors of The Wabash RR Co. were entitled under the Plan to receive, in settlement and discharge of their claims duly presented and established, 25% thereof in Convertible Pfd. Stock B, at par, and 75% in Com. stock, at par, of the new company.

(I) Joint Reorganization Committee, Syndicate and Reorganization Managers.

The Plan was adopted by the Bondholders' Committee acting under the Deposit Agreement with The Equitable Trust Co. of New York, dated Dec 18, 1911, by the Bondholders' Committee acting under the Deposit Agreement with Central Trust Co. of New York, dated Dec 20, 1911, and by the Stockholders' Committee acting under the Deposit Agreement with the Columbia Trust Co., dated Dec 19, 1911, and Messrs. Robert Goellet, J. Horace Harding, Alvin W. Krech, Winslow S. Pierce, H. K. Pomroy and Albert H. Wiggin were constituted a Joint Reorganization Committee to carry out said Plan. The Equitable Trust Co. of New York was appointed to act as the Depositary for the Joint Reorganization Committee.

Messrs. Kuhn, Loeb & Co. approved the Plan and agreed to act as Reorganization Managers thereunder, and formed a syndicate to underwrite the cash requirements of the Plan and to make provision for the payment to non-assenting bondholders of their distributive share of the proceeds of the foreclosure sale of the property. To the extent of the non-participation in the Plan on the part of any stockholders or holders of First Refunding and Extensions Mortgage bonds, the securities of the new company and other benefits which would have been distributable to them on their participation in the Plan will go to the syndicate above mentioned.

Cash Payment Actually Required of Bondholders.—On Sept 11, 1915, the Plan having been declared operative, holders of Certificates of Deposit representing First Refunding & Extensions Mortgage bonds were notified that they were required to pay on or before Oct 8, 1915, the sum of \$654.82 in respect of each \$1,000 bond, that being their pro rata share of the foreclosure expenses left unpaid by the stockholders. Holders discharging this obligation received the following in exchange for their Certificates of Deposit, in respect of each \$1,000 bond; \$1,091.38 in Profit Sharing Pfd. stock "A"; \$1,200 in Convertible Pfd. stock "B," and \$1,027.59 in Com. stock, together with \$20 (with interest) cash in respect of coupon due Jan 1, 1912, if such coupon had not already been paid. Payment of this \$654.82 was to be made 10% forthwith and the remaining 90% on or before Jan 8, 1916, such deferred payments to carry interest at the rate of 6% per annum. Upon this occasion it was announced that the time within which further deposits of bonds might be made under the Plan was extended to and including Oct 8, 1915, but deposits could only be made if accompanied by payments as provided above.

Decree Value of Unassenting Bonds.—On Nov 8, 1915, Special Master C. H. Krum paid at the Equitable Trust Co., New York, to unassenting bondholders their pro rata share of proceeds of foreclosure sale, viz.: For each \$1,000 First Refunding & Extensions Mortgage bond with coupons maturing Jan 1, 1912, and subsequently attached, \$33.1526. This amount was stamped on the bonds when presented for such payment and bonds so stamped were returned to the holders.

Payment in Full of Receiver's Certificates.—On Nov 8, 1915, holders of Receiver's Certificates of the old company, which matured on Aug 1, 1915, received at Equitable Trust Co., New York, in payment of their certificates: (1) \$1,016.16 2-3 for each \$1,000 certificate, being full face value of the certificate with interest at rate of 6% per annum from Aug 1, 1915 to Nov 8, 1915; (2) \$30.485 for every \$30 of Aug 1, 1915 coupons from their certificates, this being full face value of such coupons with interest at rate of 6% per annum from Aug 1, 1915 to Nov 8, 1915.

New Securities Ready.—Notice was given that the new securities would be ready for delivery on or about Dec 15, 1915, to holders of Certificates of Deposit representing Pfd. and Com. stock of the old Wabash RR Co., who had made the payment re-

quired of them under the plan, and also to holders of Certificates of Deposit representing First Refunding & Extensions Mortgage bonds who had discharged their underwriting obligations in full.

Change of Fiscal Year.—The directors of the Wabash Ry. Co. have decided to make the fiscal year of the company coincide with the calendar year, as the first twelve months' operation of the company was not concluded until Oct. 31, 1916. The date of the annual meeting will probably be changed to some date in the spring of the year, instead of in October as at present to coincide with the change in the fiscal year.

Distribution to Holders of Wabash RR Extended Notes due May 1, 1913.—Notice was given on Feb 11, 1916 by the committee, of which John W. Platten is Chairman, to holders of Certificates of Deposit of United States Mortgage & Trust Co., New York, for Extended 4½% Gold Notes of Wabash RR Co., due May 1, 1913, that on and after Feb 14, 1916, they would be entitled to receive in final distribution for their notes \$574.03 in cash and \$300 in Wabash Ry Co. 4% Gold Notes, dated Nov 1, 1915 and due May 1, 1920, in respect of each \$1,000 Note represented by the above certificates upon surrender to United States Mortgage & Trust Co. Fractional interests in such 4% Notes to which Certificate holders will be entitled will be adjusted by a cash payment at rate of \$950 per note.

WABASH PITTSBURG TERMINAL RAILWAY CO.

History.—Incorporated May 7, 1904, in Pa., Ohio and W. Va.; a consolidation of the Cross Creek RR, Pittsburg, Carnegie & Western RR, and Pittsburg, Toledo & Western RR. Opened for traffic June 19, 1904. Owns the entire \$14,000,000 capital stock of the Pittsburg Terminal RR & Coal Co., the latter controlling the West Side Belt RR (operating a belt line from Pittsburg to Clairton, Pa.), together with coal lands aggregating originally about 15,000 acres.

The Wabash Pittsburg Terminal Ry Co. owned 51.7% of the capital stock of the Wheeling & Lake Erie RR Co. and was itself controlled by the Wabash RR Co. through ownership of its entire capital stock. The Wabash Ry Co., successor to the Wabash RR Co., however, does not control the company.

A traffic contract has been entered into with Carnegie Steel Co. under which that company agrees to turn over to the Wabash Pittsburg Terminal Ry for transportation over its lines and connections one-fourth of all the traffic, including ore, coal and coke, controlled by the Carnegie Co. or its subsidiaries, destined to, or coming from points west of Buffalo and Pittsburg and west from the west line of Pennsylvania, projecting south, which can be reasonably well served by the Wabash Pittsburg Terminal Ry.

Agreements were also made with the Wabash RR Co. and the Wheeling & Lake Erie RR Co. for the benefit of the First and Second Mortgage bonds of the Wabash Pittsburg Terminal Ry, providing for the interchange of traffic between the said parties, and fixing the division of earnings between them, making an arbitrary allowance in favor of the Wabash Pittsburg Terminal Ry Co. The Wabash RR and Wheeling & Lake Erie RR were given the right to run trains into Pittsburg, and similar rights were conceded to the Wabash Pittsburg Terminal Ry over the lines of the other parties. The Wabash RR Co. and the Wheeling & Lake Erie RR Co. also pledged 25% of their gross earnings derived from traffic interchanged with the Wabash Pittsburg Terminal Ry east of St. Louis and Chicago to the payment of interest on the First and Second Mortgage bonds of the latter. Since the appointment of a Receiver of the Wheeling & Lake Erie RR, the Court, by an order dated Aug 22, 1908, authorized the said Receiver to discontinue interchanging traffic under these agreements, consequently no payments under the so-called 25% guarantee have been made by the Receiver of the Wheeling & Lake Erie RR Co. since that date. The Wabash likewise has failed to make any payments to the Wabash Pittsburg Terminal Ry on this account during the Wabash Pittsburg Terminal receivership. Judge Day in the U. S. District Court at Cleveland, O., on Jan 5, 1914, held illegal and void the above traffic contract. This decision was confirmed by the U. S. Circuit Court of Appeals at Cincinnati on May 13, 1916.

Receivership.—On May 29, 1908, the United States Circuit Court at Pittsburg appointed Francis H. Skelding and Henry W. McMaster, as receivers of the property of this company. On March 30, 1912, F. H. Skelding resigned as Co-Receiver. On Dec 18, 1912, an order was made appointing Horace F. Baker, Receiver, to succeed Henry W. McMaster, who resigned. The bill of complaint stated that the company had defaulted on the payment of the principal and interest of a \$300,000 6% note made Nov 30, 1906, to the Wabash RR Co., and was unable to meet the interest due June 1, 1908, on the \$30,236,000 First Mortgage 4s. Protective committees have been formed as follows:

First Mortgage Bondholders' Committees.—(1) James N. Wallace, Chm.; Haley Fiske Paul Morton, Gordon Abbott, George P. Butler, Harry Bronner, D. Crawford Clark, Charles C. Jackson, Asa S. Wing, with Franklin Babcock, Sec., 54 Wall St., New York. Joline, Larkin & Rathbone, Counsel. Depositaries, Central Trust Co., New York, and Old Colony Trust Co., Boston. (2) (Opposition Committee): James C. Chaplin, Chrm.;

Wm. R. Nicholson, Clarence L. Harper, Meigs H. Whaples, Richard Sutro, with Wm. C. Taylor, Sec., 37 Wall St., New York. Samuel Untermyer, Counsel. Depositories, Columbia Trust Co., New York; Colonial Trust Co., Pittsburg; Land Title & Trust Co., Philadelphia, and Connecticut Trust & Safe Deposit Co., Hartford.

Second Mortgage Bondholders' Committee.—Alex. J. Hemphill (Chairman), H. S. Redmond, A. J. Miller, A. H. Wiggin, New York, with Lewis B. Franklin, Sec., 140 Broadway, New York. Hornblower, Miller & Potter, Counsel. Depository, Guaranty Trust Co., 140 Broadway, New York, and 33 Lombard St., London, Eng.

Foreclosure.—The Mercantile (now Bankers) Trust Co., as Trustee under the First Mortgage, brought suit in the United States Court at Pittsburg, on Sept 2, 1908, to foreclose the mortgage, which Court, on Jan 3, 1913, ordered the foreclosure sale of the property, with an upset price of \$6,000,000.

REORGANIZATION PLAN.

Under date of June 28, 1915, a plan and agreement for the reorganization of the company, dated June 25, 1915, was announced, approved and adopted by the two committees representing the First Mortgage bondholders, by the reorganization committee made up from the membership from the two committees and also by the Second Mortgage bondholders' committee. Holders of First Mortgage bonds not theretofore deposited with the First Mortgage committees and holders of Second Mortgage bonds who desired to participate in the reorganization had to deposit their bonds and appurtenant coupons with the Central Trust Co., New York, depository, on or before Feb 15, 1916 (subsequently extended), and also pay to depository the assessment of \$300 payable under the plan, together with an additional \$5 in respect of each \$1,000 bond. The plan was declared operative Jan 28, 1916.

Reorganization Committee: J. N. Wallace (Chairman); Gordon Abbott, Harry Bronner, Jas. C. Chaplin, Haley Fiske, Clarence L. Harper, Wm. R. Nicholson, Richard Sutro, Meigs H. Whaples, and Asa S. Wing. Central Trust Co. of New York, Depository.

Method of Reorganization.—It is proposed to effect the reorganization by the use of an existing company or companies or by the formation of one or more new companies which shall acquire the entire property now owned or controlled by the Wabash Pittsburg Terminal Ry Co., or such part thereof as may be acquired in the process of reorganization, through foreclosure or otherwise, as the Reorganization Committee may determine (other than stock of the Wheeling & Lake RR Co. as to which provision is hereafter made), including the \$3,800,000 Consolidated Mortgage bonds (the entire amount outstanding) and the \$14,000,000 stock (the entire issue) of the Pittsburg Terminal RR & Coal Co. (excepting directors' qualifying shares), that are now pledged to secure certain of the outstanding notes of the Wabash Pittsburg Terminal Ry Co. free from such pledge, or the physical property represented by said stock, free from debt represented by said bonds, subject, however, as to the property covered thereby, to the liens of mortgages and of trust indentures securing the following outstanding obligations, which will remain undisturbed in reorganization, viz.: \$3,922,000 First Mortgage bonds of Pittsburg Terminal RR & Coal Co.; \$383,000 First Mortgage bonds of West Side Belt RR Co., and \$795,868 underlying real estate mortgages of the Wabash Pittsburg Terminal Ry Co.—total, \$5,100,868.

(* Excluding First Mortgage bonds pledged as part of the security for the Consolidated Mortgage bonds of the Pittsburg Terminal RR & Coal Co.)

The Consolidated Mortgage bonds of the Pittsburg Terminal RR & Coal Co., of which all outstanding are intended to be acquired under the plan, may be cancelled, or may be permitted to remain undisturbed in reorganization.

New Securities.—It is proposed that the new company shall issue the following securities: \$9,100,000 6% Pfd. stock, cumulative after Jan 1, 1921, and \$30,500,000 Com. stock. The Pfd. stock will be subject to redemption at any time at 105 and accumulated dividends upon not less than 80 days' notice.

Provision for Cash Requirements.—In order to provide the estimated cash requirements of the plan (\$9,070,800) there will be charged as a condition of participation in the plan against each First Mortgage bond, 30% of the face amount of principal thereof. The amounts payable in respect of each \$1,000 First Mtge. bond (and at a like rate for bonds of a different principal amount) shall be paid in installments, as follows: \$100 on or before Sept 1, 1915; \$100 on or before Nov 1, 1915, and \$100 on or before Dec 1, 1915.

Wheeling & Lake Erie Stock.—There is now pledged under the First Mortgage of the Wabash Pittsburg Terminal Ry Co., stock of the Wheeling & Lake Erie RR Co. as follows: \$847,500 First Pfd. stock; \$6,423,800 Second Pfd. stock and \$11,870,000 of Com. stock. Stock of the Wheeling Co. pledged under the first mortgage of the Terminal Co. and acquired in the course of the reorganization for certificates representing a like amount of said stock deposited under the trust agreement will be distributable, upon the consummation of the plan, among holders of certificates of deposit, as shown below:

TABLE OF DISTRIBUTION.

Payment	30%	New Preferred Stock. 30%	New Common Stock. 100%	Wheeling & Lake Erie.		
				1st Pfd. Stock or Trust Cts. 2.8%	2nd Pfd. Stock or Trust Cts. 21%	Common Stock or Trust Cts. 39%

Total		\$9,100,000	\$30,500,000	\$847,500	\$6,423,800	\$11,870,000

Depositors of each \$1,000 First Mortgage bond upon making a cash payment of \$300 will accordingly receive upon the completion of the reorganization (a) \$300 in new Pfd. stock (b) \$1,000 in new Com. stock (c) \$28 in existing Wheeling & Lake Erie RR First Pfd. stock (d) \$210 in existing Wheeling & Lake Erie Second Pfd. stock and (e) \$390 in existing Wheeling & Lake Erie Com. stock. See also on a subsequent page.

Depositors of Wabash Pittsburg Terminal Ry Co. Second Mortgage bonds, upon complying with the provisions of the plan will be permitted to acquire securities (including stock of the Wheeling Co. or trust certificates representative thereof) offered under the plan to but not taken by the depositors of First Mortgage Bonds upon payment as provided in the plan of the amount required to be paid by the depositors of First Mortgage Bonds in respect of the securities so offered and not taken. The payments to be made and the securities to be delivered in respect of Second Mortgage bonds deposited under the plan will be apportioned ratably among the depositors thereof, but the reorganization committee may make such adjustments as it deems expedient to avoid fractional interests in the new securities and may issue bearer scrip certificates for fractional interests. No such depositor of Second Mortgage bonds will be required nor be entitled to pay more than at the rate of \$300 for each \$1,000 bond, nor be entitled to receive upon such payment new securities at a greater or different rate than allotted under the plan to depositors of First Mortgage bonds making the payments provided. Holders of Second Mortgage bonds desiring to participate, must pay on account of the cash payment required of them \$100 per each \$1,000 bond (and at a like rate for bonds of a different principal amount) on or before Sept 1, 1915. The amounts of subsequent instalments, payable respectively on or before Nov 1, 1915, and on or before Dec 1, 1915, will be made as nearly equal as possible.

AMENDMENT TO PLAN.

The Reorganization Committee gave notice on Jan 10, 1916, that it had adopted an amendment and modification to the above plan. This modification, which is dated Jan 4, 1916, among other things permitted the Reorganization Committee to procure an underwriting of the cash requirements of the plan up to \$5,000,000 and to defray as part of the expenses of the reorganization the commissions paid in respect thereof.

Plan Operative.—Cash Payments Called.—The Reorganization Committee announced on Jan 28, 1916, that it had declared operative the plan of reorganization, dated June 25, 1915, as amended Jan 4, 1916. This action followed (a) the payment of the first installment of the amounts payable under the plan (as amended), in respect of a substantial majority of the outstanding First Mortgage bonds and a number of Second Mortgage bonds; (b) the execution and delivery of a written agreement for the sale to the Committee of the notes of the Terminal Co. secured and accompanied by the Consolidated Mortgage bonds and shares of stock of Pittsburg Terminal RR & Coal Co.

The times for the payment of the second and third installments of \$100 each in respect of each \$1,000 deposited First Mortgage bond expired respectively Feb 1, 1916 and Feb 15, 1916. Holders of certificates of deposit for Second Mortgage bonds theretofore deposited had to make payment to the Central Trust Co., New York, of the second and third installments of \$100 each in respect of each \$1,000 bond on or before Feb 15, 1916. Holders of undeposited First and Second mortgage bonds to participate in the plan were permitted to make payments or deposits until Feb 15, 1916, but only in each case upon the payment of the additional sum of \$5 in respect of each bond of \$1,000.

Final Call.—The Reorganization Committee, J. N. Wallace, Chairman, on Aug 21, 1916, gave the following notice: (1) Holders of certificates of deposit for First Mortgage bonds issued under or subject to the plan, in respect of which no payment has been heretofore made under the plan, will be permitted to make payment of \$310 for each \$1,000 bond represented thereby until the close of business on Sept 6, 1916. The penalty of \$10 per each \$1,000 of bonds is intended to represent interest on the payments required under the plan.

(2) Holders of undeposited First Mortgage bonds may deposit the same under the plan, receiving certificates of deposit therefor until the close of business on Sept 6, 1916, but only upon making payment at the time of such deposit of \$310 for each \$1,000 of First Mortgage bonds.

(3) The holders of the few part-paid certificates of deposit may, until the close of business on Sept 6, 1916, make payment of such unpaid installments, but only upon payment of a penalty of \$2.50 in respect of each \$1,000 of bonds represented by such certificates of deposit.

(4) Under the arrangements made with the underwriting syndicate, it will be impossible on any terms to receive further deposits of First Mortgage bonds or to permit holders of certificates of deposit to make payments after Sept 6, 1916.

All payments and deposits must be made to and with Central Trust Co. of New York, the depository, 54 Wall St., New York City.

Final Deposits.—The Reorganization Committee, on Jan 15, 1917, announced that additional deposits of First Mortgage bonds and payments in respect of deposited First Mortgage bonds might be made under the Reorganization Plan, under certain conditions and limitations, but in no event would any deposits or payments be received after Feb 1, 1917.

Underwriting Syndicate.—A syndicate was formed by Sutro Bros. & Co. and H. P. Goldschmidt & Co., New York, and other bankers to underwrite the unpaid balances of the assessment offered to the bondholders in the reorganization plan.

Certificates of Interest.—Participation in Wheeling & Lake Erie Reorganization.—The Wabash Pittsburg Terminal Ry Reorganization Committee in circular dated Nov 25, 1916, gave notice to all holders of full paid certificates of deposit for bonds (i. e. bearing notation showing payment under the Plan of \$300 in respect of each \$1,000 of bonds represented thereby) who desired the same and should present their certificates of deposit to Central Trust Co. of New York for appropriate stamping that the Reorganization Committee had determined forthwith to distribute "Certificates of Interest" which shall specify the amount of stock of the Wheeling & Lake Erie RR Co. deliver-

able to the holders thereof, if and when the reorganization of the Terminal company shall be consummated under the Terminal reorganization plan in accordance with the provisions and subject to the conditions to be set forth in said Certificates of Interest. These certificates will be in three series, viz.: Series A, specifying \$28 par value First Pfd. stock of the Wheeling Co.; Series B, \$210 Second Pfd. stock of Wheeling Co.; Series C, \$390 Com. stock of Wheeling Co.

Holders of Certificates of Deposit stamped to indicate the delivery against the same of Certificates of Interest will not thereafter be entitled to receive under the Terminal reorganization plan stock of the Wheeling Co. or trust certificates therefor and all such rights shall pass to the holders of Certificates of Interest delivered against Certificates of Deposit so stamped.

The managers of the syndicate provided for in the Wheeling & Lake Erie RR reorganization plan agree substantially as follows: (1) Upon the delivery to the managers at the Central Trust Co., New York, on or before Dec 8, 1916, of said Certificates of Interest accompanied by payment of \$27 for each share of stock of the Wheeling & Lake Erie RR Co. specified in the respective Certificates of Interest so delivered, the managers will issue full-paid receipts entitling the holders thereof to receive, when issued, stock of the new company on the basis mentioned in the Wheeling reorganization plan as follows: 6% non-cumulative Pfd. stock of the new (Wheeling) company equal at par to such payment, and, in addition (a) \$100 Com. stock of the new company for each \$100 1st Pfd. stock; (b) \$90 Com. stock of the new (Wheeling) company for each \$100 2nd Pfd. stock of the Wheeling company; (c) \$87.50 Com. stock for each \$100 Com. stock of Wheeling company. (2) That instead of requiring payment in full on or before Dec 8, 1916, of \$27 per share to accept the payment on or before Dec 8, 1916, of \$12 on each share of stock and the balance of \$15 on or before six months from Dec 8, 1916, with interest to date of payment at 6% per annum.

The above-mentioned privilege to acquire stock of the new company mentioned in the Wheeling reorganization plan expires Dec 8, 1916, and the Terminal committee has no authority to postpone that date nor to defer payments beyond the periods mentioned.

Independent Committee.—The following Philadelphia committee, which objected to the heavy assessment on the bonds and desired liquidation and distribution of proceeds in Aug, 1915, called for deposits of First Mortgage bonds and Certificates of Deposit with Girard Trust Co., Philadelphia: Chas. Fearon, G. T. Townsend and Matthew S. Brenan, with K. S. Green, as Sec., 333 Chestnut St., Philadelphia. This committee, however, in Dec, 1916, advised bondholders who had deposited with them to pay the assessment and participate in the above plan issued by the Wallace Committee.

Opposition Committee.—At a meeting of objecting bondholders in New York, on Sept 8, 1915, it was announced that the committee which would undertake the preparation of a new or modified plan would consist of Daniel B. Ely, Chrm., C. B. Jacqua and Malcolm Stuart, with the Equitable Trust Co., New York, depository, and Parks, MacKinsty & Taft as counsel. Subsequently E. E. Carpenter was added to the committee. Chrm. Ely under date of Oct 22, 1915, addressed a letter to holders of First Mortgage bonds and certificates of deposit, urging as imperative that they unite at once to buy in the property and consolidate it with the controlled Co., the Wheeling & Lake Erie RR. This, he says, would afford a present earning capacity of \$9,000,000 and a probable gross income in the immediate future of \$10,100,000. This committee contested the plan advocated by the Wallace Reorganization Committee.

Foreclosure Sale.—On Aug 15, 1916, the company's property was sold at foreclosure sale to Lester Solomon and Russell Thomes, of New York, representing the Reorganization Committee, for \$3,000,000. Judge Chas. P. Orr in the U. S. District Court at Pittsburg, Pa., on Aug 30, 1916, handed down a decision confirming the sale and denying the petition filed by the attorney representing the Fearon bondholders' committee, who asked that the sale be set aside. The appeal of the Fearon committee was subsequently dismissed and Judge Buffington in the U. S. Appellate Court at Philadelphia on Dec 20, 1916, affirmed the decision of Judge Orr.

Successor Company.—The Pittsburg & West Virginia Ry was incorporated in Dec, 1916, in West Va. and Pa., as the proposed successor of the Wabash Pittsburg Terminal Ry, and increased its authorized capital stock to \$39,600,000. The following officers have been elected: Park J. Alexander, Pres.; W. G. Lowe, V-P; F. J. Brunner, Sec.; G. V. Early, Treas., Pittsburg. The Pennsylvania Public Service Commission on Jan 17, 1917, approved the transfer of the property of the Wabash Pittsburg Terminal Ry Co. to the Pittsburg & West Virginia Ry Co.

Contract with Pennsylvania Co.—On Aug 24, 1915, the Court at Pittsburg authorized Receiver Baker to enter into a contract with Pennsylvania Co. for the construction of a connecting track between the two roads, to be known as the Bridgeville Connection.

This connection affords a direct outlet over the lines of the Pennsylvania System and permits a direct interchange of traffic with that Co. The interchange of business commenced about Oct 1.

Mileage and Equipment, June 30, 1916.—Line of road: Pittsburg, Pa., to Pittsburg Junc., Ohio, 63.31 miles; second track, 4.13 miles; sidings, 38.69 miles. Gauge, standard. Rail (steel), 90 lbs. Equipment: Locomotives, 17; passenger cars, 10; freight cars, 1,510; service cars, 23. Total engines and cars, 1,560.

Capital Stock.—Authorized and issued, \$10,000,000; par, \$50. All owned by the Wabash Ry Co.

BONDED DEBT.—TOTAL, \$51,031,218, AS OF JUNE 30, 1916.

\$30,236,000 First Gold 4s; dated May 10, 1904; due June 1, 1954; int. J & D 1, at Bankers Trust Co., New York, Trustee. Coupon (principal may be registered), \$1,000; and registered, \$1,000 and multiples; interchangeable. Authorized, \$50,000,000; the unissued bonds being reserved for additional mileage, acquisitions and extensions. A first lien on entire property owned and, together with the Second Incomes described below, by deposit of 8,475 shares of First Pfd., 64,238 shares of Second Pfd., and 118,700 shares of Com. stock of the Wheeling & Lake Erie RR Co. The Wabash RR and Wheeling & Lake Erie RR companies, by traffic contract dated May 7, 1904, agreed to distribute 25% of their gross receipts from traffic interchanged with this company to meet any deficiency of interest on these bonds and also on the undernoted Income bonds. Certificates of deposit listed on the N. Y. Stock Exchange. *Interest due June 1, 1908, and subsequently, is in default.*

\$20,000,000 Second Income Gold 4s; dated May 10, 1904; due June 1, 1954. Coupon, (principal may be registered), \$1,000, and registered, \$1,000 and multiples; interchangeable. Equitable Trust Co., New York, Trustee. Interest up to June, 1910, was payable only if earned, at the rate of 4% per annum, but since then the interest has been a fixed charge. No interest has been paid. The income bonds are secured on the same property as the First Mortgage, but subject thereto. It is provided that not more than \$35,000,000 of the First Mtge. bonds can be issued unless the full interest has been paid during the preceding year on both the First Mtge. and on these Income bonds. Listed on N. Y. Stock Exchange (certificates of deposit).

There were also outstanding June 30, 1916, \$795,218 real estate mortgages.

RECEIVER'S CERTIFICATES.—TOTAL, \$2,395,880.35, AS OF JUNE 30, 1916.

PITTSBURG TERMINAL RR & COAL CO. (Controlled by Wabash-Pittsburg Terminal Ry).—Inc. April 29, 1874, in Pa., for the purpose of owning, purchasing and mining coal, etc. The company owns about 4,000 acres of coal lands on the line of the Wabash-Pittsburg Terminal Ry, and 8,882 acres on the line of the West Side Belt RR, together estimated to contain upwards of 84,000,000 tons of coal. The Pittsburg Terminal RR & Coal Co. owns \$1,065,000 of the \$1,080,000 capital stock of the West Side Belt RR, the latter having a controlling interest in the Pittsburg & State Line Connecting Rys, incorporated to construct a railway line from Pittsburg to Wheeling, W. Va., about 70 miles.

Reorganization Plan.—See under Wabash-Pittsburg Terminal Ry.

Capital Stock.—Authorized and outstanding, \$14,000,000; par, \$100. All owned by Wabash-Pittsburg Terminal Ry Co.

Bonded Debt.—\$3,818,000 **First Sinking Fund Gold 5s**; dated July 1, 1902; due July 1, 1942; int. J & J 1, at Colonial Trust Co., Pittsburg, Trustee. Coupon, \$1,000; principal may be registered. Authorized and issued, \$7,000,000, of which \$496,000 had been retired by sinking fund to July 30, 1916, \$2,307,000 were held in treasury on that date and \$379,000 were held by trustee as security for a like amount of West Side Belt RR First 5s, leaving \$3,922,000 outstanding in the hands of the public. Sinking fund is 8 cents per ton on all coal mined from the property. Guaranteed, principal and interest, by the West Side Belt RR Co. A first lien on all the coal lands, properties, franchises, etc., now owned or hereafter acquired, and by deposit with the Trustee of \$1,065,000 of the \$1,080,000 capital stock of the West Side Belt RR Co. Dealt in on Pittsburg Stock Exchange (unlisted dept.). Interest paid without deduction for Normal Income Tax.

Annual meeting, first Monday in May.

General office, Pittsburg, Pa.

WEST SIDE BELT RR (Controlled through Stock Ownership).—Inc. July 25, 1895, in Pa.; absorbed the Little Saw Mill Run RR, 3 miles, on July 25, 1897. The company has since completed and now operates the lines, Pittsburg to Clairton, Pa. 20.7 miles, and Banksville Junc. to Banksville, Pa., 1.93 miles—total, 22.63 miles; sidings, 26.49 miles. Gauge, standard. Equipment: Locomotives, 7; passenger cars, 3; freight cars, 13; service cars, 3.

Receivership.—On June 22, 1908, F. H. Skelding and H. W. McMaster were appointed Receivers of the property. On March 30, 1912, F. H. Skelding resigned as Co-Receiver. On Dec 18, 1912, Horace F. Baker was appointed receiver to succeed Henry W. McMaster, who resigned.

Sale of Property Ordered.—In Aug, 1912, Judge Young, in the U. S. District Court at Pittsburg, entered a decree directing the sale of the property to take place Oct 29, 1912, under the judgment of the Pittsburg Construction Co., at an upset price of \$1,500,000. On Sept 16, 1912, Judge Orr entered a decree in the same court, reducing the upset price from \$1,500,000 to \$1,250,000. The lien of the construction company of about \$483,000 has been taken over by the reorganization committee of the Wabash-Pittsburg Terminal Ry Co., in order to give the Committee an opportunity to arrange a plan of reorganization, which may make it unnecessary that the property be sold. No sale had taken place to Oct 1, 1916.

Reorganization Plan.—See under Wabash-Pittsburg Terminal Ry.

Capital Stock.—\$1,080,000; par, \$50, of which \$1,065,000 is owned by the Pittsburg Terminal RR & Coal Co.

Bonded Debt.—\$379,000 First Gold 5s; dated Sept 1, 1897; due Sept 1, 1937; int. M & S 1, at Colonial Trust Co., Pittsburg. Coupon, \$1,000; principal may be registered. Union Trust Co., Pittsburg, Trustee. Authorized and issued, \$1,000,000, of which \$621,000 have been retired by the issue of Pittsburg Terminal RR & Coal Co. First 5s. Interest paid without deduction for Normal Income Tax.

Receivers' Certificates.—\$850,000 5% Receiver's Equipment Certificates, series "A," dated March 15, 1916; due serially as follows: \$85,000 March 15, 1917, \$43,000 each Sept 15, 1917 to 1925, incl. and \$42,000 each March 15, 1918 to 1926, incl. Int. M & S 15, at Colonial Trust Co., Pittsburg, Pa., Trustee, and at Blair & Co., New York. Coupon, \$1,000. The certificates were issued in part payment for 550 steel gondola cars, capacity 100,000 lbs., and 200 composite gondola cars, capacity 110,000 lbs., total cost of which was \$1,033,322, of which \$183,322 was paid in cash. Title to the equipment will remain with Blair & Co., as vendors, until all the certificates have been paid. First publicly offered (\$850,000) in March, 1916, at par and interest for average maturities.

There were also outstanding on June 30, 1916, \$714,286 one-year 6% Receivers' Certificates, due June 1, 1914, issued to retire \$700,000 6% Receivers' Certificates due Dec 1, 1912, but extended to June 1, 1913. These have not been paid off to date.

WHEELING & LAKE ERIE RAILROAD CO.

History.—Incorporated April 28, 1899, in Ohio; reorganization of Wheeling & Lake Erie Ry. Subsequently the Cleveland Belt & Terminal Ry, a portion of the Cleveland, Canton & Southern RR and the Zanesville terminals of the latter were acquired. Owns the entire capital stocks of the Toledo Belt Ry and the Canton & Wooster RR, and a majority of the stock of the Pittsburg, Wheeling & Lake Erie Coal Co.

In May, 1906, stockholders of the Wheeling & Lake Erie RR authorized the acquisition of the Lorain & West Virginia RR, then under construction from Wellington to Lorain, O., 20 miles; but in Oct, 1908, the guaranty of the \$2,000,000 4% bonds of the Lorain & West Va. RR was cancelled and the property reverted to its original owners.

During the fiscal year 1909-10, a cut-off from Orrville to Boliver, O., 21.64 miles; now called the Massillon Branch, was put in operation. This branch was constructed under the charter of the Sugar Creek & Northern RR.

Separation of Pittsburg, Lisbon & Western RR.—The Wheeling & Lake Erie RR Co. formerly owned practically all the \$5,000,000 capital stock and the entire issue of \$1,000,000 First Mortgage 4% bonds of the Pittsburg, Lisbon & Western RR Co. (see *General Index*). During 1916, however, a readjustment of capitalization was made, the capital stock being reduced from \$5,000,000 to \$150,000 and the \$1,000,000 First Mortgage 4% bonds being canceled. The line of road of the Pittsburg, Lisbon & Western RR, extending from Salem to Washingtonville, O., 6.92 miles, was given to the Wheeling & Lake Erie RR Co. in exchange for the latter's holdings of stock and bonds. Thus the Wheeling & Lake Erie RR Co. has no further interest in the Pittsburg, Lisbon & Western RR, which is now operated independently.

Leased and Operated Roads.—The company leases the Adena RR, Adena to St. Clairsville Junc., O., 20.93 miles, for 99 years from Feb, 1903, at an annual rental of interest on bonds and taxes. The Chagrin Falls & Lake Erie RR, Toledo Belt Ry and Zanesville Belt & Terminal Ry are operated under agreement.

Trackage Agreement.—In Nov, 1913, an agreement was reached with the Cleveland, Cincinnati, Chicago & St. Louis Ry for trackage rights for freight trains between Cleveland and Wellington, and the service was inaugurated on Feb 15, 1914. The use of this line shortens the distance between Cleveland and Wellington and points west by 88 miles.

Receivership.—On June 8, 1908, Judge R. W. Taylor in the U. S. District Court at Toledo appointed B. A. Worthington Receiver for this company on application made by the National Car Wheel Co., a creditor to the extent of \$87,910. On July 21, 1910, Receiver purchased at foreclosure sale the property of the Toledo Dock & Coal Co. for \$63,400, it being deemed advisable to retain control of this valuable dock property on the Toledo Harbor. In June, 1912, Wm. M. Duncan was appointed Receiver to succeed B. A. Worthington, who resigned. In Dec, 1912, Judge Day in the U. S. District Court at Cleveland, granted the request of minority stockholders of the Wheeling & Lake Erie RR Co. to make the Wabash RR Co. a party defendant in the Wheeling & Lake Erie receivership suit.

Stockholders' Protective Committees.—J. R. Nutt, William G. Mather, Geo. T. Bishop, Cleveland; John W. Platten, New York, with Calvert Brewer, 55 Cedar St., New York, and John M. Garfield, Schofield Bldg., Cleveland, as Secretaries. U. S. Mortgage & Trust Co., New York, and Citizens' Savings & Trust Co., Cleveland, Depositories. Frank H. Ginn, Counsel, Cleveland.

The following constituted a temporary stockholders' committee: Joseph Ramsey, Jr., and Ralph E. Slavens, New York, and J. & J. Taussig and Wernse & Diekman, St. Louis, Mo.

Decision.—Judge Day in the U. S. District Court at Cleveland, O., on Jan 5, 1914, sustaining the contention of the minority stockholders, held illegal and void the contracts of 1902 and 1904, under which the Wheeling & Lake Erie and Wabash RR were to turn over to the Wabash-Pittsburg Terminal Ry 25% of the gross receipts on all traffic interchanged. Judgment was also awarded for \$578,198 against the Wabash and the Wabash Pittsburg Terminal Ry, lessening by that amount the sum (said to be about \$1,000,000) due by Wheeling & Lake Erie to those companies. The Court also upheld the validity of the \$8,000,000 notes issued in 1905 which were secured by deposit of general mortgage bonds and deposited as part collateral for the Wabash loan, the latter having been purchased at auction on Aug 1, 1913, by the Kuhn, Loeb & Co. syndicate that made the loan. In accordance with this decision the road was sold at foreclosure on Oct 30, 1916, and was acquired by representatives of the Reorganization Managers constituted under the Plan described below.

Foreclosure Sale.—A decree of foreclosure and sale of the Wheeling & Lake Erie RR. Co. was entered April 1, 1914, and affirmed May 12, 1916, by the Circuit Court of Appeals for the Sixth Circuit of Ohio. After various postponements the properties were sold on Oct. 30, 1916, and purchased in the interest of the Reorganization Managers for \$12,000,000, the upset price.

Successor Company.—The Wheeling & Lake Erie Ry was incorporated in Ohio in Dec, 1916, and took possession on Jan 1, 1917, of the property of the Wheeling & Lake Erie RR. The officers of the new company are: L. F. Loree, Chrm. of the Board, New York; W. M. Duncan, Pres.; H. W. McMaster, V-P & Gen. Mgr.; John G. Stidger, Sec. & Treas., Cleveland; F. W. Leamy, Asst. Sec., New York; Charles H. Holmes, Aud., Cleveland. Directors of the new company are as follows: L. F. Loree, Chrm.; Johnston de Forest, F. H. Ecker, N. S. Meldrum, J. H. McClement, H. H. Porter, W. R. Begg, New York; W. M. Duncan, Warren Bicknell, Arthur House, T. S. Grasselli, Cleveland; J. A. Campbell, Youngstown, O.; E. A. Lagenbach, Canton, O.; F. A. Seiberling, Akron, O.

REORGANIZATION PLAN.

The Plan and Agreement of Reorganization was dated Sept. 20, 1916, and was declared operative Oct. 13, 1916. Messrs. Kuhn, Loeb & Co. and Blair & Co., New York, agreed to act as Reorganization Managers, with Byrne, Cutcheon & Taylor and Henry W. De Forest as Counsel, and Central Trust Co., New York, as Depositary. The Plan provides for the formation of a new company in Ohio or some other State to be vested with title to all the property of the Wheeling & Lake Erie RR. Co., with such exceptions as the Reorganization Managers might decide upon. Notice was given to the holders of various securities concerned and also holders of unsecured claims that the final date for deposit of their securities or evidences of their claim was extended until Nov. 15, 1916 (further extended to Dec. 8, 1916). Arrangements were made by the Reorganization Managers by which assenting stockholders instead of paying the full amount of the assessment (\$27) levied on their stock in full on the day designated (Dec. 8, 1916) might at their option pay on such date \$12 for each share of stock deposited by them and have the remaining \$15 advanced to them, such advance to be repaid within six months from Dec. 8, 1916, to bear interest at the rate of 6% per annum and be secured by the shares of new stock allotted. The following is a digest of the plan.

I. CASH REQUIREMENTS.

As the holders of the \$8,000,000 Gold Notes due Aug 1, 1908 (whose claims to the amount of \$11,882,597 to Nov 1, 1916 were formally admitted) consented to accept Prior Lien stock of the new company to the par amount of their claims, the cash requirements of the plan were reduced to \$9,984,708, as follows:

To pay Receiver's Certificates (exclusive of \$190,000 maturing 1926) and Receiver's Mortgage, principal.....	\$6,673,459
To pay demand notes secured by bonds of Adena RR Co. and real estate in Cleveland, principal	755,000
To pay claims against the Receivers, provide working capital for the new company, reorganization expenses, etc.....	2,556,249
Total.....	\$9,984,708

This cash to be provided by an assessment on the three classes of stock of the old company, irrespective of class, of \$27 per share; such part of the cash as may not be provided by the stockholders to be supplied by a Syndicate to be formed by the Reorganization Managers.

II. UNDISTURBED SECURITIES.

The following underlying bonds and equipment obligations are to remain undisturbed in the reorganization:

(1) Wheeling & Lake Erie Ry, Lake Erie Division, First Gold 5s.....	\$2,000,000
(2) Wheeling & Lake Erie Ry, Wheeling Division, First Gold 5s.....	894,000
(3) Wheeling & L. E. Ry, Extensions and Improvement Gold 5s.....	409,000
(4) Receiver's Equipment Certificates maturing 1917 to 1923.....	1,312,000
(5) Receiver's Certificates maturing 1926.....	190,000

Total..... \$4,805,000

In addition to the above, such of the First Consolidated Gold 4s of the existing company whose holders shall not become parties to the plan, and also in addition to such amount of the Equipment Sinking Fund Gold 5s (total outstanding \$1,298,000) as the Reorganization Managers may elect to leave undisturbed.

III. NEW SECURITIES.

The new company shall issue new securities of the following classes and in the amounts indicated:

Refunding Mortgage Gold 4½% Bonds..... \$11,697,000

Authorized \$50,000,000; to be dated Sept 1, 1916; due Sept 1, 1966; int. M & S 1; issuable at par to holders of the First Consolidated Gold 4s in exchange for their present holdings. Subject to call at 102½ and interest on any interest date upon published notice. Balance issuable to mature Sept 1, 1966 and bear interest not exceeding 6%, and to be subject to call at such premiums as the directors may decide. Of these bonds the following are reserved: \$3,303,000 to refund a like amount of Lake Erie Division bonds, Wheeling Division bonds and Extension and Improvement bonds which as stated before, are left undisturbed in the reorganization; \$35,000,000 to be issued under restrictions for extensions and betterments and for the acquisition of new property from time to time and to aid in refunding equipment obligations of the receivers of the old company.

Prior Lien 7% Cumulative Stock..... \$11,882,600

Authorized \$11,882,600; issuable at par to holders of the \$8,000,000 Gold Notes due Aug 1, 1903, whose claims with interest amounted to \$11,882,600 as of Nov 1, 1916. The plan, however, provides that assenting stockholders may subscribe at par for this Prior Lien stock to the extent of \$32.13 for each share of stock held and the cash thus received be distributed pro-rata among the Noteholders. Prior Lien stock to have preference as to assets as well as dividends over both Pfd. and Com. stocks described below; to be redeemable at \$115 per share and accrued dividends on Nov 1, 1919, or any dividend date thereafter; to be convertible at par into Com. stock at any time after Nov 1, 1919; to have the same voting right as Com. and Pfd. stocks, except that for the first five years after the incorporation of the new company and also in case the new company shall fail to pay full dividends on the Prior Lien stock for five consecutive years, the Prior Lien stock shall have the sole right to elect the majority of the directors.

6% Non-Cumulative Pfd. stock..... \$10,344,958

To have preference as to assets as well as dividends over Com.; to rank for dividends from Nov 1, 1916. Redeemable at \$105 per share and dividends on any dividend date on or after Nov 1, 1919. Convertible into Com. at par at any time after Nov 1, 1919. The above amount to be issued to holders of existing securities and unsecured claims as follows: \$1,346,463 to holders of First Pfd. stock of Wheeling & Lake Erie RR upon payment of \$27 per share; \$3,238,245 to holders of Second Pfd. stock of Wheeling & Lake Erie RR upon payment of \$27 per share; \$5,400,000 to holders of Com. stock of Wheeling & Lake Erie RR upon payment of \$27 per share; \$360,250 to holders of unsecured claims.

Common stock..... \$33,641,800

This Com. stock will be issued to holders of existing securities and unsecured claims as follows: \$4,986,900 to holders of First Pfd. of Wheeling & Lake Erie RR upon payment of \$27 per share; \$10,794,150 to holders of Second Pfd. of Wheeling & Lake Erie RR Co. on payment of \$27 per share; \$17,500,000 to holders of Com. stock of Wheeling & Lake Erie RR Co. on payment of \$27 per share; \$360,250 to holders of unsecured claims of the Wheeling & Lake Erie RR. In addition to this amount thus issuable for the purposes of the plan, there will be authorized, to be issued later, sufficient Com. stock to provide for the conversion of the Prior Lien stock and the Pfd. stock referred to above.

IV. DISTRIBUTION OF SECURITIES.

The above securities will be distributed to holders of existing securities and holders of unsecured claims against the Wheeling & Lake Erie RR Co. in the ratios and amounts shown in the following table:

							\$33,641,800	

Any cash or securities not required to be used for the purposes of the plan will be paid over and delivered to the new company.

V. RIGHTS OF ASSENTING STOCKHOLDERS TO SUBSCRIBE FOR PRIOR LIEN STOCK.

Assenting stockholders of the Wheeling & Lake Erie RR Co. were upon payment on Dec 8, 1916, of the \$27 assessment levied upon their stock, entitled to receive, in addition to the securities of the new company referred to above, the right to subscribe for and purchase at par and dividends \$32.13 par value of Prior Lien stock of the new company for each share of stock of the old company held. Arrangements were made by which stockholders wishing to exercise this right might, if they so desired, pay only \$10 per share at the time of subscription on Dec 8, 1916, the balance to be paid when and as called for by the Reorganization Managers; this \$10 advance payment to be forfeited entirely by any stockholder failing to pay the balance on the day named. All cash received on account of subscriptions for Prior Lien stock to be paid over to holders of the Three-Year Notes of the Wheeling & Lake Erie RR Co. in proportion to their respective interests, the Prior Lien stock to which they were entitled to be proportionately reduced.

Final Payment.—The Reorganization Managers on Jan. 12, 1917, gave notice to holders of certificates of deposit for First Pfd., Second Pfd. and Com. stock of the Wheeling & Lake RR that they would be required to make the final payment due on subscriptions to new Prior Lien stock on or before Feb. 1, 1917, to Central Trust Co., New York. The amount of such final payment was \$91.75 for each share of Prior Lien stock subscribed for, being \$90 on account of the par value thereof and \$1.75 on account of accrued dividend thereon at rate of 7% per annum from Nov. 1, 1916, to Feb. 1, 1917.

VI. EQUIPMENT SINKING FUND 5% GOLD BONDS.

No specific provision has been made in the plan for the \$1,298,000 Equipment Sinking Fund 5% bonds dated Jan 1, 1902, but the managers shall have full power and authority to deal with these bonds and to adjust the claims of the owners thereof either by the payment of cash or, with or without any cash payment, by leaving said bonds or any part thereof undisturbed in the reorganization, or by the issue of new equipment obligations secured by the equipment title to which is reserved to secure the payment of said bonds; and for such purpose the managers may use any part of the cash provided for in the plan.

It was subsequently announced in Dec, 1916, that a settlement had been made with holders of the above equipment bonds, the cash and new securities being distributed by the Bankers Trust Co., New York, on Jan. 3, 1917. Practically all the holders agreed to the settlement terms.

Assessment Called.—Kuhn, Loeb & Co. and Blair & Co. as Reorganization Managers, announced on Nov. 16, 1916, that holders of First and Second Pfd. and Com. stocks would be required to pay on or before Dec. 8, 1916, at Central Trust Co., New York, depository under the plan, \$27 for each share of stock held. Holders were privileged to pay \$12 of this amount on Dec. 8 and the balance of \$15 with 6% int. at any time within the six months following.

Payment of Receiver's Indebtedness.—Payment to holders of Certificates of Indebtedness (other than the \$190,000 maturing March 1, 1926, and the 5% Receiver's Equipment Certificates, Series A) of the Receiver of the Co. was made upon presentation on Dec. 11, 1916, to the Special Master at the Citizens Savings & Trust Co., Cleveland.

WESTERN MARYLAND RAILWAY CO. (THE).

History.—Incorporated Dec 1, 1909, in Md.; successor under plan of reorganization to the Western Maryland RR Co. The latter company was formed under a special act of the Legislature of the State of Maryland, passed May 27, 1852, and acts amendatory thereof and supplemental thereto. (See Manual for 1910, page 1185.)

The West Virginia Central & Pittsburg Ry Co. and the Maryland Smokeless Coal Co., all of whose capital stocks are owned by the Western Maryland Ry Co., are the owners of certain coal acreage situated in Tucker, Mineral, Grand, Randolph, Preston, Barbour, Pocahontas, Marion and Monongalia Counties, W. Va., and in Allegany and Garrett Counties, Md., aggregating about 130,000 acres, together with 23 mining plants, 823 coke ovens, etc.

Trackage Agreement.—Trackage arrangements for 50 years, upon reasonable terms, have been entered into with the B. & O. RR, by which that company's line will be used by freight trains of the Western Maryland Ry between Rockwood Junc., Pa., and Coal Junc., Pa., a distance of 21.7 miles, and between Connellsville, Pa., and a point near Chiefton, W. Va., a distance of 80 miles.

Branch Lines.—From Coal Junc., Pa., a branch 2.2 miles in length has been completed and an extension 2.4 miles long is being built by the Somerset Coal Ry Co. to serve two coal mines with a capacity of 1,500,000 tons annually. All of the capital stock of the Somerset Coal Ry. Co., the Fairmont Helen's Run Ry. Co. and the Fairmont Binghamon Ry. Co. is owned by the Western Maryland Co. The Fairmont Helen's Run Ry. line was completed in 1916 from Chiefton, W. Va., to Idamay. 4.85 miles, with branch, 1.86 miles to Carolina. The two mines served thereby will ultimately have an annual capacity of 1,000,000 tons. The Fairmont Binghamon Ry. line, 8 miles in length, was expected to be in operation early in 1917 and will serve three openings at Wyatt, W. Va., belonging to Consolidation Coal Co., which will eventually produce 1,500,000 tons per annum.

The Nettle Branch from Charlton, Md., to the south bank of the Potomac River, a distance of 2.84 miles, was completed and opened for operation July 7, 1915. Connection is made with the Williamsport, Nettle & Martinsburg Ry. A large tonnage in limestone for furnaces in the Pittsburg district will be received from this connection.

New Elevator.—A modern fireproof, reinforced steel concrete grain elevator, together with pier and dredged slip, was opened for operation Dec 15, 1915, at Port Covington. An addition to this elevator has been constructed, increasing the capacity from 900,000 bushels to 1,900,000 bushels.

Connellsville Extension.—On Jan 14, 1910, the company made a 99-year traffic alliance with the Pittsburg & Lake Erie RR Co., in conjunction with the undertaking of construction of a low-grade line from Cumberland, Md., to a connection with the Pittsburg & Lake Erie RR at Connellsville, Pa., a distance of about 87 miles. This extension was opened for preliminary operation Aug 1, 1912. The operations of this extension were carried in construction account to June 30, 1913, on which date the Western Maryland Ry Co. assumed its operation, since which date all accounts have been consolidated with those of the parent company. The construction was undertaken through the organization of the Connellsville & State Line Ry Co., and through the George's Creek & Cumberland RR Co., both proprietary companies of the Western Maryland Ry Co. The resources required to accomplish this construction were provided by sale of capital stock of the latter company, authorized at special meeting of stockholders held March 31, 1910. The Western Maryland Ry Co. owns the entire \$3,000,000 capital stock of the Connellsville & State Line Ry, and the entire \$3,500,000 capital stock of the George's Creek & Cumberland RR.

Note Default—Committee.—The principal and interest of \$10,000,000 5% notes and \$6,000,000 6% notes, both maturing July 1, 1915, were defaulted on that date; the Jan, 1915, interest was also defaulted on these notes. In Jan, 1915, a protective committee was organized, consisting of Frederick T. Gates and Ivy L. Lee, representing the Rockefeller interests, and Alvin W. Krech, Edgar L. Marston and Edward D. Adams, to assist the management in the work of readjusting the company's finances. Hunter S. Marston of 24 Broad St., New York, is Secretary. Holders of the notes, other than those on the committee, were asked to deposit same with the Bankers Trust Co., New York, Depository. A very large majority of the notes were deposited with the committee.

Payment of Interest on Overdue Interest.—On Dec 29, 1915, the noteholders' committee, Hunter S. Marston, Sec., gave notice to holders of certificates of deposit representing the 5% (coupon) notes and of the 6% notes (without coupons), that as the company had announced that it would pay on Jan 1, 1916, at its office, 71 Broadway, New York, interest upon the matured semi-annual installments (Jan 1 and July 1, 1915) of interest on these notes at the respective rates named therein, said certificates of deposit should be presented to the Depository, Bankers Trust Co., New York, on and after Jan 1, 1916, for the purpose of receiving the amounts so payable and of having them stamped with proper notation of such payments.

PLAN OF READJUSTMENT.

Under date of Oct 27, 1916, the company issued a circular to stockholders stating that for some time past the management had had under consideration plans for the readjustment of the company's financial structure so as to provide moneys for the discharge of matured indebtedness and a capital currency for its future needs. The circular stated that matured note indebtedness of the company was outstanding in the principal amount of \$16,000,000 upon which there was approximately \$2,000,000 of accrued interest. The company has also borrowed from the Noteholders' Committee further sums aggregating \$3,250,000, making a total indebtedness of about \$21,250,000, for which provision had to be made. It has also seemed desirable to provide for the further concentration in a single ownership of the principal railroad lines of the system and its terminal facilities as well as to arrange a distribution of its coal properties so as to avoid any question that might be raised as to the propriety of their present ownership. Therefore, directors of the company formulated a plan, details of which are given below. This plan was approved by stockholders at a special meeting held on Nov 17, 1916. The Noteholders' Committee, mentioned on a previous page, of which Frederick T. Gates is Chairman, gave notice on Nov 20, 1916, that it had approved and adopted the plan and called upon holders of the 5% or 6% notes, who had not already deposited their notes and who desired to participate in the plan, to deposit them with coupons or claims for interest on and after Jan 1, 1915, on or before Dec 15, 1916, at the Bankers Trust Co., New York, depository. Holders of certificates of deposit who failed to withdraw their notes before Dec 21, 1916, were deemed to have assented to the plan. Details of the plan follow.

NEW RAILWAY COMPANY.

It is proposed to form a new Railway Company which shall acquire through consolidation or otherwise the railroads and property of the present The Western Maryland Ry Co. and of as many as practicable of the following subsidiary companies, viz.: Baltimore & Harrisburg Ry Co., Baltimore & Harrisburg Ry Co. (Eastern Extension), Baltimore & Harrisburg Ry Co. (Western Extension), Baltimore & Cumberland Valley Ry Co., The Baltimore & Cumberland Valley RR Co., George's Creek & Cumberland RR Co., The Connellsville & State Line Ry Co. (Stockholders of the Western Maryland Ry Co. on Jan. 23, 1917, approved the consolidation of the foregoing companies.)

The new Railway Company is also to acquire all of the terminal facilities at Baltimore, some of which (including the grain elevator) are now owned by the Western Maryland RR Terminal Co. and also the warehouse and storage properties now owned by the Baltimore Fidelity Warehouse Co. and the Hazard Wharf Co.

Upon the completion of the consolidation the new Railway Company will be vested with the direct ownership of 615.43 miles of main line of railroad, subject only to existing mortgage liens amounting to \$50,177,000, and, in addition, the necessity and expense of maintaining a number of separate organizations will be obviated.

The new Railway Company is to assume all of the present bonded indebtedness and equipment trust obligations of each of the constituent companies and in addition is to create the following new securities:

NEW SECURITIES.

1. *First & Refunding Mortgage Bonds:*

Authorized issue..... \$150,000,000

Secured by a direct first mortgage on the line of railroad extending from Cumberland, Md., to Connellsville, Pa., together with branches, a distance of 118.04 miles, and by the pledge of all securities representing ownership of the branch lines above mentioned, aggregating an additional mileage of 17.82 miles. Also secured by mortgage (subject to existing mortgage of \$500,000), upon the entire property of the Western Maryland RR Terminal Co. and (subject to an existing mortgage of \$115,000) upon the properties of the Baltimore Fidelity Warehouse Co. and the Hazard Wharf Co.

Subject only to the First Mortgage of the Western Maryland Ry Co. and its underlying mortgages and to existing mortgages of the other constituent companies, amounting, as above stated, to \$50,177,000, the First & Refunding Mortgage of the new Railway Company will also cover as a direct lien all other railroad lines now owned by the Western Maryland Ry Co. and the other constituent companies and to be acquired by the new Railway Company under the proposed consolidation as well as all extensions, additions and improvements and all other properties hereafter constructed or acquired by the new Railway Company with the First & Refunding bonds or the proceeds thereof.

The First & Refunding Mortgage bonds are to bear interest at a rate or rates not in any instance exceeding 6% per annum and are to be appropriated as follows:

\$7,500,000, face value, bearing interest at the rate of 5% per annum, are to be reserved, of which \$5,000,000, face value, are to be initially issued for general corporate purposes, including the liquidation of existing loans aggregating the principal amount of \$3,250,000.

\$50,000,000, face value, are to be reserved for the purpose of funding the present First Mortgage bonds of the Western Maryland Ry Co. and underlying and divisional bonds.

\$25,000,000, face value, are to be reserved to be issued under carefully guarded restrictions to provide additional terminals and terminal facilities.

\$67,500,000 (the balance of the issue) are to be reserved under carefully guarded restrictions, for new equipment, permanent betterments and improvements and the construction or acquisition of additional mileage.

2. *First Preferred 7% Stock*..... \$18,000,000

The First Pfd. stock shall be entitled to dividends, cumulative from July 1, 1918, at the rate of, but not exceeding, 7% per annum, payable quarterly, and shall be entitled to priority over the Second Pfd. stock and the Com. stock both as to dividends and in liquidation.

3. *Second Preferred Non-Cumulative 4% Stock*..... \$10,000,000

The Second Pfd. stock shall be entitled to non-cumulative dividends at the rate of 4% per annum and shall be preferred over Com. stock both as to dividends and in liquidation. The Second Pfd. stock shall be redeemable at any time at the option of the company at the price of \$100 per share and upon at least four weeks' published notice. The holders of the Second Pfd. stock may at any time prior to the call of the same for redemption convert the same into Com. stock at par.

4. *Common Stock*..... \$50,000,000

THE DAVIS COAL & COKE CO.

The coal operations are now conducted by the Davis Coal & Coke Co. They consist of 81 mines, having a capacity of 2,500,000 tons of coal as an annual output, together with power plants, mining plants, etc., located on the West Virginia Division of the Western Maryland RR.

The net profits of the Coal company for the last fiscal year, including profits derived from its real estate and store departments, were approximately \$206,000, and the output of the mines for the same period was 2,004,000 tons.

The present capital stock of the Davis Coal & Coke Co. is \$200,000. The company has no mortgage debt.

It is proposed to lease to the Davis Coal & Coke Co. for a term of 99 years all of the coal lands, mines, mining plants and other property now owned by the West Virginia Central & Pittsburg Ry Co. but operated by the Davis Coal & Coke Co. The mines and mining facilities, exclusive of the land, represent a cost of over \$5,000,000. The consideration for the lease will be

- (a) Payment of six cents per ton of 2,240 pounds on all coal mined.
 (b) Assumption and payment of all taxes, both real and personal, on all property covered by the lease.
 (c) The shipment of all coal mined over the lines of the new Railway company.

The Davis Coal & Coke Co. is also to have the right to lease on the same terms such additional coal lands now belonging to the West Virginia Central & Pittsburg Ry Co. (all of whose capital stock is owned by The Western Maryland Ry Co.) as the Coal company may require in the development and extension of its business.

The capital stock of the Davis Coal & Coke Co. is to be increased to \$4,250,000, of which \$3,960,000 par value is to be presently sold and disposed of as hereinafter stated and the balance (\$290,000) is to be reserved in the treasury for future needs.

MONONGALIA COAL LANDS CO.

The West Virginia Central & Pittsburg Ry Co. is the owner of a coal reserve of 22,549 acres situated in Marion and Monongalia Counties, W. Va. Expert estimates place an investment value on this property of \$250 per acre, or an aggregate present day value of \$5,637,250.

This acreage is not necessary for the fuel requirements of the Western Maryland Ry Co., nor is it tributary to its lines of railroad.

It is proposed to vest the ownership of this property free and clear of encumbrances in a new corporation to be known as the Monongalia Coal Lands Co., or by some other suitable name, and also to transfer to that company \$400,000 face value of First Mortgage 5% bonds of the Four States Coal & Coke Co. which are now owned by the Western Maryland Ry Co. and the annual interest upon which is more than sufficient to pay the taxes upon this coal acreage.

The capital stock of the Monongalia Coal Lands Co. is to be \$4,500,000, and this stock will be disposed of as hereinafter mentioned. (The Monongalia Coal Lands Co. was incorporated in West Virginia in Dec, 1916.)

ALLOTMENT OF NEW SECURITIES.

First & Refunding bonds..... \$7,500,000

The initial issue (\$7,500,000) of these bonds will bear interest at the rate of 5% per annum, and \$5,000,000 face value thereof will be sold for cash and the proceeds applied in liquidating the amount borrowed from the Noteholders' Committee (\$3,250,000) and in furnishing working capital for the new Railway company. The balance of the initial issue (\$2,500,000) will be reserved in the treasury of the new Railway company to be utilized from time to time for its general corporate purposes.

First Pfd. stock..... \$18,000,000
 Second Pfd. stock..... 10,000,000
 Com. stock..... 50,000,000
 Stock of the Davis Coal & Coke Co..... 3,960,000
 Stock of the Monongalia Coal Lands Co..... 4,500,000

to be distributed as follows:

Holders of stock, both Pfd. and Com., of the Western Maryland Ry Co. will be asked to exchange the same share for share for Second Pfd. stock or Com. stock, as the case may be, of the new Railway company, and in addition will be afforded the opportunity to subscribe at par in cash for their *pro rata* share of \$18,000,000 of the First Pfd. stock of the new Railway company, and against such subscription will also receive a proportionate amount of the stock of the Davis Coal & Coke Co. and the Monongalia Coal Lands Co.

For each \$100 par value of stock (either Pfd. or Com.) of the Western Maryland Ry Co., subscription may be made at par for 30% (\$30 par value) of First Pfd. stock of the new Railway company.

For each \$100 subscription so made the subscribers will be entitled to receive:

First Pfd. stock of new Railway company..... \$100.00
 Stock of the Davis Coal & Coke Co..... 22.00
 Stock of Monongalia Coal Lands Co..... 25.00

This subscription will be underwritten by a syndicate which will take such of the securities as may not be purchased by the stockholders, and upon the same terms. The amount received on such sale will be applied in payment of the matured note indebtedness of the Western Maryland Ry Co.

If for any reason it is found impracticable to issue the full amounts above mentioned of First Pfd., Second Pfd. and Com. stock of the new Railway company, the necessary reduction will be effected by diminishing the amount of Com. stock to be issued; and in such event the amount of such Com. stock deliverable under the plan will be proportionately reduced.

WESTERN PACIFIC RR CORP.

Incorporated June 29, 1916, in Del., for the purpose of carrying out the provisions of a Plan of Reorganization of the Western Pacific Ry Co.—see *Railroad Manual* for 1916, page 286, et. seq. Owns the entire capital stock, both Com. and Pfd., of the below-described Western Pacific RR Co., and in addition has acquired the various claims of holders of the First Mortgage bonds of the old Western Pacific Ry Co., against the Denver & Rio Grande RR Co., in connection with default by that company of its guaranty of interest on these bonds.

Capital Stock.—Authorized and outstanding, \$47,500,000 Com. and \$27,500,000 6% non-cumulative Pfd.; par \$100. Entire capital stock of both issues, together with \$20,000,000 First Mortgage bonds of the below-described Western Pacific RR Co., were given to holders of the old Western Pacific Ry Co. First Mortgage bonds in accordance with the following schedule: To bondholders subscribing \$360 cash per \$1,000 of bonds held, \$400 par value First Mortgage bonds of the Western Pacific RR

Co. and \$950 Com. stock and \$550 Pfd. stock of the Western Pacific RR Corp.; to holders who did not make the cash subscription, \$750 Com. and \$500 Pfd. stock of the Western Pacific RR Corp. for each \$1,000 of bonds held. Pfd. stock has preference as to assets as well as to non-cumulative dividends. It is convertible at par into Com. stock at any time and is subject to redemption at 105 and accrued dividends on 60 days' notice. Transfer Agent: Equitable Trust Co., New York.

WESTERN PACIFIC RR (THE).

(Controlled by Western Pacific RR Corp.)

Incorporated June 6, 1916, in Cal. and as of July 14, 1916, succeeded to the railroads, properties, etc., of the Western Pacific Ry Co., sold at foreclosure on June 28, 1916, for \$18,000,000, in accordance with the terms of a Plan of Reorganization published in **Railroad Manual** for 1916, page 286 et. seq. The sale included in addition to the road: \$400,500 stock of Standard Realty & Development Co.; \$2,500,000 stock of San Francisco Terminal Ry & Ferry Co.; \$1,000,000 stock of Stockton & Beckwith Pass Ry Co., and \$99,900 stock of Salt Lake City Union Depot & RR Co. In the reorganization the stock interest of the Denver & Rio Grande RR Co. in the predecessor company was wiped out and the securities of the two successor companies, viz., the Western Pacific RR Corp. and The Western Pacific RR Co. were distributed to holders of the First Mortgage bonds of the old Western Pacific Ry Co., in accordance with the following schedule: To bondholders subscribing \$360 cash per \$1,000 of bonds held, \$400 par value First Mortgage bonds of the Western Pacific RR Co. and \$950 Com. stock and \$550 Pfd. stock of the Western Pacific RR Corp.; to holders who did not make the cash subscription, \$750 Com. and \$500 Pfd. stock of the Western Pacific RR Corp. for each \$1,000 of bonds held. The Second Mortgage bonds and the stock of the old company were wiped out in the reorganization.

Final Payment to Western Pacific Ry Bondholders.—Notice was given in Oct, 1916, that the U. S. District Court for the Northern District of California had fixed the sum finally payable with respect to the Western Pacific Ry Co. First Mortgage 5% 30-Year Gold bonds out of proceeds of the foreclosure sale. Holders of undeposited bonds received \$354.55 for each \$1,000 bond at the following places: At Post Office Building, San Francisco, Cal., on or before Oct 28, 1916; at Illinois Trust & Savings Bank, Chicago, from Nov 9 to Nov 11; at Equitable Trust Co., New York, from Nov 13 to Nov 25; at Old Colony Trust Co., Boston, from Nov 27 to Nov 29; at London Branch of Equitable Trust Co., from Dec 18 to Dec 23; at A. Boissevain & Co., Amsterdam, Holland, from Jan 1 to Jan 10, 1917.

Mileage, Terminals, Etc.—Line of road extends from San Francisco, Cal., passing through Oakland, Stockton, Sacramento, Marysville and Oroville, Cal., and traversing the Sierra Nevada Mountains through Beckwith Pass, to Salt Lake City, Utah (where it connects with the Denver & Rio Grande RR), a distance of 926 miles; branches (in California), 14.72 miles; second track, 5.93 miles; sidings, 175.42 miles. Gauge, standard. Rail (steel), 85 lbs. Maximum grade of line, 1%. The company owns valuable terminal properties in San Francisco and Oakland, which are adequate to handle several times the amount of business that is now being handled and which could not be duplicated for less than \$17,000,000. Passengers are transferred by company's own ferry from the Oakland mole to the State ferry building at the foot of Market St., San Francisco, and freight is transferred via company's own ferry slip in San Francisco over private right-of-way to the freight terminal in the heart of the city. The company owns in fee over 17 acres of land in San Francisco suitable for warehouse and manufacturing purposes. The terminal properties of the company in Oakland comprise 100 acres of land, with a frontage of about one-half mile on the Oakland inner harbor. The road enters Salt Lake City on private right-of-way to the Salt Lake Union Depot, which is owned jointly with the Denver & Rio Grande RR Co.

Proposed New Branch Lines.—With part of the proceeds of the below-described First Mortgage bonds the company proposes to build or acquire new branch lines as feeders. The branches immediately under consideration are stated to include: Sacramento to New Castle, 28 miles; Lathrop to Porterville, 180 miles; Niles to Los Gatos, 28 miles; Stockton to Byron, 18 miles; Lodi to Isleton, 25 miles—total, 279 miles.

Acquisition of Boca & Loyalton RR.—This road formerly controlled by Denver & Rio Grande RR Co. was acquired for \$35,100 at foreclosure sale on Sept 8, 1916, by A. R. Baldwin, Vice-President of the Western Pacific RR. On Oct 24, 1916, Chester L. Hovey, Receiver of the Boca & Loyalton RR, was authorized by the California RR Commission to turn it over to the Western Pacific RR. The portion from Portola to Loyalton will be operated as the Loyalton Branch of the Western Pacific RR Co.

Equipment, as of July 14, 1916.—Locomotives, 115. Passenger cars (coaches, 20; baggage and express, 20; combination, 5; dining, 8), 53. Freight cars (flat, 551; tank, 170; coal, 24; stock, 200; box 4), 949. Service cars (gravel, 261; caboose, 56; derrick, 7; other, 188), 512. Total engines and cars, 1,629. Of this equipment, 48 passenger cars are leased from the Denver & Rio Grande RR Co. In addition, company has contracted for 2,000 box cars and 150 stock cars.

Capital Stock.—Authorized and issued, \$47,500,000 Com. and \$27,500,000 6% non-cumulative Pfd.; par \$100. Entire capital stock, both Com. and Pfd., is owned by Western Pacific RR Corp. Pfd. stock has preference as to assets as well as to non-cumulative dividends. It is convertible at par into Com. stock at any time and is subject to redemption at 105 and accrued dividends on any dividend date.

Bonded Debt.—\$20,000,000 First Gold 5s; dated June 26, 1916; due March 1, 1946; int. M & S 1, at Equitable Trust Co., New York, and at First Federal Trust Co., San Francisco, Cal. Coupon (principal may be registered), \$100, \$500 and \$1,000; and registered, \$1,000, \$5,000, \$10,000 and multiples of \$10,000. First Federal Trust Co., San Francisco, and Henry E. Cooper, New York, Trustees. Authorized, \$50,000,000, of which \$20,000,000 have been issued, and, by the terms of the reorganization plan of the Western Pacific Ry Co., dated Dec 15, 1915, offered to First Mortgage bondholders assenting to the plan at 90 to the extent of 40% of their holdings. The \$30,000,000 unissued bonds are only issuable against improvements, betterments, acquisition of branch lines, etc., at a rate not exceeding \$1,000 bonds for each \$1,000 actually invested in physical property. Subject to call as a whole or in part at par and interest on any interest date upon 60 days' notice. Annual sinking fund of \$50,000 is provided commencing Jan 1, 1919, to be applied to the purchase or redemption of these bonds. A first lien on entire property of company. First publicly offered (\$10,000,000) in Nov, 1916, at 90 and interest. Sept 1, 1916, interest paid without deduction for Normal Income Tax.

SECOND SECTION.

Comprising Companies Received Too Late for Insertion in First Section

ALABAMA, NEW ORLEANS, TEXAS & PACIFIC JUNCTION RYS CO., LTD.

History.—Registered June 18, 1881, under English laws. Owns controlling interest in the stocks of the Alabama & Vicksburg Ry and Vicksburg, Shreveport & Pacific Ry. These railways, aggregating 331 miles, together with the Alabama Great Southern RR, the Cincinnati, New Orleans & Texas Pacific Ry, and the New Orleans & North Eastern RR Co., form what is known as the "Queen & Crescent Route" operating between Cincinnati, New Orleans and Shreveport, La.

In Oct, 1887, the A., N. O., T. & P. J. Rys Co., Ltd., defaulted on interest payments, and a receiver and liquidator was appointed. In Oct, 1890, a plan of reorganization was formulated and carried through without foreclosure; the receiver being discharged April 6, 1891. The Railroad Lands Co. was organized to take over the granted lands of the former Vicksburg, Shreveport & Pacific RR, and the Alabama, New Orleans, Texas & Pacific Junction Rys Co., Ltd., received \$31,013 in respect of its holding of Third Mtge. & Land Grant bonds, and up to Dec 31, 1915, had received a total of \$517,038 as dividends on its holdings of stock in same.

Sale of Securities.—In order to stabilize the Sterling rate of exchange on America the British Treasury requested the company to accept an offer made by J. P. Morgan & Co. of £2,400,000 for the following American securities owned: \$5,595,000 General Mortgage 4½% bonds, \$1,500,000 Income Mortgage 4½% bonds and \$5,336,300 Com. stock, of the New Orleans & North Eastern RR Co. and \$448,700 Com. stock of the Southwestern Construction Co. Attached to the offer was a condition that 63,785 Preferred "A" shares and 106,304 Deferred "B" shares in the Alabama, New Orleans, Texas & Pacific Junction Rys Co., Ltd., held by clients of J. P. Morgan & Co. should be purchased from them. As the company could not legally purchase its own shares Emile Erlanger & Co. agreed to carry out that condition by purchasing these shares. J. P. Morgan & Co. made the purchase in behalf of the Southern Ry Co., which company took over the securities in Jan, 1917. An extraordinary general meeting of the company was held Nov 23, 1916, at which the shareholders voted to accept this offer, all classes of Debenture holders of the company agreeing.

Status of Company Altered.—The above £2,400,000 was immediately invested in British Exchequer bonds, due 1920, yielding an income of £144,000 per annum. Upon the maturity of these bonds it is planned that the proceeds will be distributed over a wide field of investments on the principle adopted by Investment Trust Companies, subject to the limitation that the maximum amount invested in any one Governmental or Municipal security (except British Government) or in the securities of any one company (except the Alabama & Vicksburg Ry Co. and the Vicksburg, Shreveport & Pacific Ry Co.) shall not exceed 3% of the total issued share and debenture capital for the time being. The status of the company is in consequence materially changed. Instead of being a holding company for the securities of an American system of railroads it now partakes of the nature of an investment trust company. New Articles of Association are being adopted to enable the company to act in this new capacity and if necessary the name of the company will be changed.

Readjustment of Share Capital.—In order to carry out the above plan, dated Oct 31, 1916, certain alterations were effected in the capitalization of the company, as follows: The £1,500,000 Preferred "A" shares and £2,500,000 Deferred "B" shares previously outstanding were reduced to £1,200,000 Preferred "A" shares and £50,000 Deferred "B" shares, respectively; and the £200,000 Pre-Preference shares previously authorized but never issued were cancelled. The reduction was effected by cutting the par value of the Preferred "A" shares from £10 to £8, and that of the Deferred "B" shares from £10 to 4s. At the same time all the arrears of dividends due upon the Preferred "A" shares to Dec 31, 1915, were cancelled, and it was left optional

with the Directors to withhold dividend distributions on these shares for the year 1916. Upon the sanction of the Court being obtained on Dec 19, 1916, to this reduction in capitalization the whole of the issued shares of the company were converted, *pari passu*, into Consolidated Stock of one class.

Capital Stock.—Authorized and outstanding, £1,250,000 Consolidated stock (reduced in Dec, 1916, from £1,500,000 Pfd. "A" stock, £2,500,000 Deferred "B" and £200,000 Pre-Preference shares—see a previous paragraph); par, £1 and multiples. Transfer office, 32 Bishopsgate, London, Eng. For dividends on capital shares previously outstanding see **Railroad Manual** for 1916, page 877.

DEBENTURES.

£748,850 5% "A" Debentures, Cumulative; dated Nov 1, 1890, due Nov 1, 1940; int. M & N 1, at Glyn, Mills, Currie & Co., London. Coupon, £50 and £100 each. Railway Share Trust & Agency Co., Ltd., London, Trustee. Authorized issue, £750,000. Subject to call at 115 at any time on six months' notice. Secured as a first floating charge on the income of the company. Full interest paid to date.

Coupon, £20, £50 and £100. Authorized issue, £1,050,000. Subject to call at 115 at any time on six months' notice. A second charge on the income of the company.

£810,653 5% "C" Income Debentures, Non-cumulative; dated Nov 1, 1890; due Nov 1, 1940; int. A & O 1, at Glyn, Mills, Currie & Co., London. Paid 1 $\frac{3}{4}$ % in 1900; 2 $\frac{5}{8}$ % in 1902; 5% each in years 1903 to 1914, inclusive; 2 $\frac{7}{8}$ % in 1915; 5% in 1916. Coupon, £20 and £100. Authorized issue, £840,000. Subject to call at par at any time on six months' notice. A third charge on the income of the company.

SECURITIES OWNED.

Upon the consummation of the sale of the securities shown in a previous paragraph and the reinvestment of the funds thus realized in British Exchequer bonds, the securities owned by the company will be as follows: \$30,000 First Mortgage 6% bonds (Vicksburg & Meridian RR), \$141,100 First Consolidated 5% bonds, \$343,400 Second Mortgage 5% bonds and \$1,168,000 capital stock of the Alabama & Vicksburg Ry Co.; \$1,613,000 General Mortgage 5% bonds, \$2,080,100 5% non-cumulative Pfd. stock and \$2,773,500 Com. stock of the Vicksburg, Shreveport & Pacific Ry Co.; \$108,850 capital stock of the Railroad Lands Co.; £2,400,000 British Government 6% Exchequer bonds, due 1920. In addition to these securities the company will have approximately £140,000 of cash and miscellaneous assets.

Annual meeting, first Wednesday in Nov.
General office, New Orleans, La.

ALABAMA, TENNESSEE & NORTHERN RY (Independent).—Inc. in April, 1913, in Ala.; a consolidation, effective May 1, 1913, of the Alabama, Tennessee & Northern RR (see *Manual* for 1913, page 13); Tombigbee Valley RR (see *Manual* for 1913, page 1068); and Mobile Terminal & Ry (see *Manual* for 1913, page 707). Line of road: Main line, Nannahubba to Reform, Ala., 188 miles, with 7 miles of additional tracks in and through the city of Mobile, Ala.—total owned, 195 miles; trackage (Southern Ry), Mobile to Calvert, Ala., 34 miles; total operated, 229 miles; yard tracks and sidings, 12 miles. The road is located in the counties of Mobile, Washington, Choctaw, Sumter and Pickens, Ala., running in a northerly and southerly direction, connecting the Birmingham coal and iron district with Mobile and the Gulf of Mexico. Gauge, standard. The company also owns suitable harbor frontage, 700 ft. by 2,000 ft., near the business section of Mobile, and also harbor frontage of 11,000 ft. on Blakely Island, lying across Mobile River, opposite the business section of Mobile. Equipment: Locomotives, 23; passenger cars, 15; freight cars—box, 150; flat, 60; gondolas, 40—total, 250; Company's service equipment, 51.

Receivership.—On Nov. 22, 1915, Judge Toulmin in the United States District Court at Mobile, Ala., appointed Pres. John T. Cochrane of Mobile, and Melville W. Thompson of New York, receivers for the company. Application was made by the Guaranty Trust Co., New York, representing the below-mentioned noteholders' committee.

Noteholders' Committee.—The following committee was formed in Dec. 1915, in the interests of the 3-year 6% Secured Gold Notes of company: F. N. B. Close, Chrm.; C. H. Alderfer, T. L. Chadbourne and H. A. Smith, with Graham Adams, 30 Broad St., New York, as Secretary, the Bankers Trust Co., New York, as Depositary and White & Case, New York as Counsel.

Bondholders Committee.—Receivers having been appointed and default having been made in the payment of interest the committee named below in March, 1916, consented to act for the interests of the following underlying bond issues: Alabama, Tennessee & Northern RR First 5s; Tombigbee Valley RR First 5s and General Lien 6s, and Mobile Terminal & Ry First 6s. The committee arranged to advance to any depositing stockholder so requesting the coupons on the above four issues which matured Sept 1, Oct 1, and Oct 2, 1915, and Jan 1, 1916, respectively. Committee: Geo. C. Van Tuyl, Jr., Chrm.; Louis V. Bright, Geo. C. Kimball, Herman D. Kountze, David Taylor and Geo. E. Warren, with C. A. Austin, 60 Broadway, New York, as Sec., I. H. Lehman and Rose & Paskus, as Counsel, and Metropolitan Trust Co., New York, depository.

ATLANTIC COAST LINE RAILROAD CO.

(Affiliated in Interest with The Atlantic Coast Line Co.)

History.—Originally incorporated as "The Richmond & Petersburg RR Co." by Act passed by the Legislature of Virginia, March 14, 1836, and under various amendments, the last of which was approved Jan 12, 1900, by the terms of which the name of "The Richmond & Petersburg RR Co." was changed to that of the Atlantic Coast Line RR Co. of Virginia. On April 18, 1900, the Norfolk & Carolina RR Co., the Wilmington & Weldon RR Co., the South Eastern RR Co. and the Atlantic Coast Line RR Co. of South Carolina were consolidated with the Atlantic Coast Line RR Co. of Virginia, and the name of the consolidated company was, on April 23, 1900, changed to that of Atlantic Coast Line RR Co.

On April 10, 1902, the Savannah, Florida & Western Ry Co. (known as The Plant System of Railways) was consolidated with the Atlantic Coast Line RR Co., effective as of July 1, 1902. (The Charleston & Savannah Ry, Brunswick & Western RR, Alabama Midland Ry, Silver Springs, Ocala & Gulf RR, Tampa & Thonotosassa RR, Ashley River RR, Green Pond, Walterboro & Branchville RR, Abbeville Southern Ry, and South Western Ry of Ala., had been previously consolidated with the Savannah, Florida & Western Ry, under consolidation agreements, effective May 10, 1901, and July 12, 1901).

The St. Johns & Lake Eustis RR and the Sanford & Lake Eustis RR were merged with the Atlantic Coast Line RR Co. by deeds dated June 12, 1902, and the Florida Southern RR and the Sanford & St. Petersburg RR were merged, effective April 1, 1903. On July 28, 1904, the Atlantic Coast Line RR Co. purchased the property of the Jacksonville & Southwestern RR. The Winston & Bone Valley RR was absorbed as of Feb 18, 1909.

In Oct, 1905, control was purchased of the Conway Coast & Western RR, Conway, S. C., to Myrtle Beach, 15 miles, and an extension was completed from Conway to Aynor, 15 miles, in 1906. This company was merged in the A. C. L. RR Co., effective July 1, 1912.

In Oct, 1913, the railroad of the Sanford & Everglades RR Co. was purchased by and conveyed to this company by deed bearing date Oct 15, 1913. Road, 9.41 miles, extending from Sanford, Fla., to Mecca Junction, Fla.

New Lines.—Line between Dunnellon and Wilcox, Fla., a distance of 50.11 miles, was completed in Feb, 1914; the revision of the grade and alignment of the James River Branch (now operated by Richmond, Fredericksburg & Potomac RR) was completed in Aug, 1913; the industrial spur, from Ashley Junc. to Oakdene, known as "Cooper River Branch," near Charleston, S. C., a distance of 2.16 miles, was completed in Oct, 1912; line between Archer and Morrison, Fla., a distance of 20.21 miles, was opened for traffic in Oct, 1913; the line between Milldale and Eastport, Fla., 4.13 miles, was completed in Oct, 1914; during year ended June 30, 1914, a line was constructed from Composite to Eighth St., Jacksonville, Fla., 2.57 miles, thus making a continuous line from Moncrief, Fla., to Jacksonville Export Terminals, a distance of 7.46 miles. This enabled the Atlantic Coast Line RR to reach the Export Terminals over its own line and to discontinue the use of the St. Johns River Terminal Co. The line from Rumpf to Puck, S. C., 3.76 miles, was put in operation in Jan, 1916. Extension of the Haines City Branch from Sebring to Immokalee, Fla., via Lake Istokpoga, Venus, Palmdale and Hall City, 81 miles, has been authorized, and contract was awarded in June, 1916, for the construction of this extension from Sebring to Venus, Fla., to be completed by June 30, 1917. Under this contract the company has the option to require the contractor to construct the line from Venus to Immokalee,

Fla., to be completed by Dec 31, 1917, and to require the construction of an authorized branch, extending from a point on said line between Fisheating Creek and Caloosahatchee River to Moorehaven, Fla., on the west shore of Lake Okeechobee, 16 miles.

Control of Louisville & Nashville RR Co.—In Oct, 1902, the Atlantic Coast Line RR Co. acquired \$30,600,000 of the \$60,000,000 capital stock of the Louisville & Nashville RR Co. outstanding at that time, paying therefor \$10,000,000 in cash, \$5,000,000 in A. C. L. Common stock, and \$35,000,000 in 4% Collateral Trust bonds. The company now owns \$36,720,000 of the \$72,000,000 L. & N. RR Co. stock. The L. & N. RR is operated independently. (See appended statement.)

Interests in Other Companies.—The Atlantic Coast Line RR and Louisville & Nashville RR are joint lessees until 1980 of the properties of the Georgia RR and dependencies, 571 miles.

The Atlantic Coast Line RR owns a one-sixth interest in the Richmond-Washington Co., controlling the joint line from Washington, D. C., to Richmond, Va.; a one-third interest in the Chesapeake Steamship Co., operating steamship lines between Baltimore and Norfolk, and in the Union Passenger stations at Goldsboro, N. C., at Savannah, Ga., and at Tampa, Fla.; a half interest in the Wilmington Ry Bridge, and the Union Passenger stations at Columbia, S. C., Charleston, S. C., and Augusta, Ga., and a one-fourth interest in the Union Passenger station at Jacksonville, Fla.

Purchase of Florida Central RR.—On Oct 5, 1914, the portion of the Florida Central RR (see Railroad Manual for 1914, page 495) in Florida was sold at public auction and purchased by The Atlantic Land & Improvement Co. for \$100,000; sale confirmed Oct 6, 1914. On Oct 6, 1914, the portion in Georgia, together with two locomotives, one coach and some small personal property, was sold at public auction and purchased by a Mr. Wade for \$22,000 (sale confirmed). The Atlantic Coast Line RR Co. purchased from The Atlantic Land & Improvement Co. the part in Florida extending from Fincher to Fanlew, 31.79 miles and operates it as a branch of a line running from Thomasville to Monticello.

Winston-Salem Southbound Ry.—The Atlantic Coast Line RR, jointly with the Norfolk & Western Ry, guarantees the principal and interest of \$5,000,000 4% bonds, due July 1, 1960, of this company, and furnished funds for the construction of its line, extending from Winston-Salem, N. C., to Wadesboro, N. C., a distance of 92.01 miles, which was completed and opened for light through traffic on March 6, 1911.

Richmond Terminal Ry.—At Richmond, Va., the passenger terminal facilities at Byrd Street having become inadequate, the directors authorized the officers to join the Richmond, Fredericksburg & Potomac RR Co. in organizing, as equal joint owners, the Richmond Terminal Ry Co., formed to purchase property and to construct thereon a passenger station and facilities which will be adequate for the needs of both companies. Transfer to the new location is expected to be made before Jan 1, 1918.

Change in Control.—As of June 30, 1913, The Atlantic Coast Line Co. owned a majority (\$36,072,800) of the outstanding Com. stock. On Feb 20, 1914, stockholders of that company voted to distribute \$17,640,000 of this stock among themselves, leaving in the possession of The Atlantic Coast Line Co. on June 30, 1916, \$18,413,000 Com. and \$177,600 Class "A" stock, a minority of the stock outstanding.

CAPITAL STOCK AND DIVIDENDS.

The authorized capital stock under the charter of the company is \$100,000,000; amount authorized by stockholders is \$76,000,000, increased from \$60,000,000 to \$70,000,000, as of Nov 16, 1909, to provide for the conversion of 4% Convertible Debenture bonds, and to \$76,000,000 as of Nov 19, 1912. Outstanding, as of June 30, 1916, \$67,558,000 Com., \$1,000,000 Richmond & Petersburg RR stock, and \$196,700 Pfd., par, \$100.

The Pfd. stock is limited to 5% non-cumulative dividends, and, except as to dividends, has no priority over Com. stock. Original issue was \$18,850,000, of which all but amount outstanding has been exchanged for 4% Certificates of Indebtedness, described below. The Pfd. stock outstanding is exchangeable at any time for 125% of its par value in 4% Certificates of Indebtedness.

As of June 30, 1916, The Atlantic Coast Line Co. (see preceding statement) owned \$18,413,000 Com. and \$177,600 Class "A" stock.

Transfer Agents: For Com.—J. P. Morgan & Co., New York, and G. B. Gammie and J. B. Kirby, Baltimore; For Pfd.—Safe Deposit & Trust Co., Baltimore. Registrars of Stock: For Com.—United States Trust Co., New York, and Safe Deposit & Trust Co., Baltimore; for Pfd.—Safe Deposit & Trust Co., Baltimore. Com. stock listed on New York, Baltimore and Richmond Stock Exchanges.

Dividends.—On Com. stock, including class A—2½% in 1901, 3½% in 1902, 5% in 1903 and 1904, 30% in 1905 (including 20% in Com. stock and 5% in Atlantic Coast Line Co. 4% Certificates of Indebtedness, which were held in the company's treasury as an asset), 6% each in 1906 and 1907; 3% (paid in 4% Certificates of Indebtedness), Jan 10, 1908; 2½%, cash, July 10, 1908; 1909, 5½%; 1910 and 1911, 6% each; 1912, 1913 and 1914, 7% each; 1915 and 1916, 5% each; Jan, 1917, 3½%. Dividends are declared about June 15 and Dec 15, and are paid semi-annually, Jan and July 10, by check from Treasurer's office, Wilmington, N. C. Dividends on Pfd. stock have been paid regularly, semi-annually, May and Nov 10, since organization.

Certificates of Indebtedness.—There were also outstanding, as of June 30, 1916, \$135,100 of the 4% Certificates of Indebtedness, issued in 1902, the holders of which failed to exercise their option on or before March 1, 1910, to exchange for Debenture bonds, or Unified Mortgage bonds at par. The amount of these certificates was increased during 1913-14 from \$232,900 by \$2,200 issued to retire \$1,800 Pfd. stock and reduced by \$100,000 by exchange before July 1, 1914 (the date when the exchange option expired—see bonded debt statement) for a like amount of General Unified Mortgage 4% bonds "Series B," leaving net amount outstanding as of June 30, 1916, \$135,100. There were also outstanding June 30, 1916, \$600 Wilmington & Weldon 7% Certificates of Indebtedness. Interest is payable in May and Nov on the 4s and in April and Oct on the Wilmington & Weldon 7s. Listed on Richmond Stock Exchange. Normal Income Tax deducted from interest.

LOUISVILLE & NASHVILLE RAILROAD CO.

(Controlled by Atlantic Coast Line RR Co.)

History.—Incorporated March 5, 1850, in Ky.; main line being completed in Nov, 1859. Additional lines have been acquired and constructed from time to time, making the total mileage operated as of June 30, 1916, 5,071.29 miles: The Yellow River RR, 26.40 miles, was absorbed June 22, 1906; the properties and franchises of the Henderson Bridge & RR Co. as of June 30, 1906, and the Gallatin & Scottsville Ry (which purchased the railroads and franchises of the Chesapeake & Nashville and Middle & East Tennessee Central railways), on Jan 18, 1907. The Louisville & Atlantic RR, Versailles to Beattyville, 99.58 miles, with branch Heidelberg to Ida May, 3 miles, a total of 102.58 miles, was absorbed as of Nov 1, 1909, and the property, rights, and franchises of the Athens & Tellico Ry, 22.42 miles, were conveyed to Louisville & Nashville RR Co. by deed dated June 30, 1911. The property, rights and franchises of the Harriman, Knoxville & Eastern RR were conveyed to the Louisville & Nashville RR Co. by deed dated Feb 5, 1913, those of the Madison, Hartford & Eastern RR by deed dated Sept 3, 1912 and those of the Pine Mountain RR by deed dated April

1, 1913. The principal lines of the system, as now constituted, extend from Cincinnati to New Orleans, via Louisville, Nashville, Birmingham and Mobile, with branches to St. Louis, Knoxville, Atlanta, Pensacola and other important centres.

Recent Acquisitions.—The property, rights, etc., of South & North Alabama RR were acquired by Louisville & Nashville RR Co. by deed dated Jan 21, 1914, those of the Lexington & Eastern Ry by deed dated Oct 5, 1915, those of the Lewisburg & Northern RR by deed dated Oct 1, 1915, those of the Kentucky Highlands RR by deed dated July 31, 1915, those of the Kentucky & Virginia RR (formerly Wasioto & Black Mountain RR) by deed dated Oct 1, 1915, and those of the Birmingham & Tuscaloosa RR (formerly Tuscaloosa Mineral RR) by deed dated Oct 9, 1915.

Tennessee Western RR.—During year 1913-14 the Louisville & Nashville RR constructed for the Tennessee Western RR Co. a line of railroad from a connection with the Nashville, Florence & Sheffield Division, in Wayne County, Tenn., to Collinwood, 17.5 miles. Under the terms of the contract covering the construction of this line, the latter company furnished the right of way and cross-ties and prepared the road bed for the track. The Louisville & Nashville RR Co. furnished the rails, splices, etc., provided suitable station buildings and necessary equipment for proper handling of the traffic, and is to maintain and operate the road for a period of twenty years from the date of its completion, unless operations should prove unprofitable.

Interests in Other Companies.—The Nashville, Chattanooga & St. Louis Ry is controlled through ownership of \$11,484,100 of its \$16,000,000 capital stock; and the Louisville, Henderson & St. Louis Ry through ownership of \$1,511,405.02 Pfd. and \$1,721,871 Com., out of \$2,000,000 Pfd. and \$2,000,000 Com. stock. The Chicago, Indianapolis & Louisville Ry is controlled jointly by the Louisville & Nashville RR and the Southern Ry companies, through ownership of \$9,806,900 of its \$10,500,000 Com. and \$3,873,400 of the \$5,000,000 Pfd. stock. The company also owns one-half of the capital stock of the Woodstock & Blocton Ry Co. and of the Central Transfer Ry & Storage Co.

The capital stock of the Memphis Union Station Co. is owned jointly by Louisville & Nashville RR, Nashville, Chattanooga & St. Louis Ry, Southern Ry, St. Louis, Iron Mountain & Southern Ry and the St. Louis Southwestern Ry.

Joint Leaseholds.—The Atlantic Coast Line RR and the L. & N. RR companies are joint lessees until 1980 of the Georgia RR properties and dependencies, comprising 571 miles of road operated and controlled. The property of the Louisville & Nashville Terminal Co. is leased jointly by the Nashville, Chattanooga & St. Louis Ry Co. and the Louisville & Nashville RR Co., the latter company owning the entire \$100,000 capital stock.

Control.—As of Nov 1, 1902, the Atlantic Coast Line RR Co. acquired control of this company through the purchase of 306,000 of the 600,000 outstanding shares of capital stock. It now owns \$36,720,000 of the \$72,000,000 stock.

Dividends are declared about June 15 and Dec 15, and are paid semi-annually about F & A 10, at 71 Broadway, New York.

The Louisville Property Co. is a Kentucky corporation, authorized to own and deal in property, real and personal; its entire capital stock, amounting to \$50,000, was owned by the Louisville & Nashville RR Co. It held many parcels of tracts of land adapted to the uses of the railroad company, and also owned considerable bodies of coal lands, located chiefly in Kentucky. It was largely indebted to the railroad company for advances of funds.

Because of the operation of the provisions of the Hepburn Act against the transportation of coal in which the carrier had interest, direct or indirect, and because it was otherwise desirable for the close relations between the two companies to be severed, it was decided that this could best be done by dividing the interest held by the railroad company in the Louisville Property Co. among its own stockholders. To this end the increase in the capitalization of the property company from \$50,000 to \$600,000 was taken by the railroad company, and certain conveyances of land were made, in order that the indebtedness of the property company to the railroad company should thereby be reduced. The shares of the Louisville Property Co. are fully paid and non-assessable.

The company owns the union passenger station, freight depots, and other terminal facilities at Nashville, Tenn.

Capital Stock.—Authorized and issued, \$100,000; par, \$100. All owned by Louisville & Nashville RR Co.

Bonded Debt.—\$2,535,000 First Gold 4s; dated Dec 1, 1902; due Dec 1, 1952; int. J & D 1, at L. & N. office, 71 Broadway, New York. Coupon, \$1,000; principal may be registered. Bankers Trust Co., New York, Trustee. Authorized, \$3,000,000. Guaranteed, principal and interest, jointly and severally, by endorsement, by Louisville & Nashville RR Co., and Nashville, Chattanooga & St. Louis Ry Co. A first lien on the valuable and extensive terminal facilities owned by the company and used by the L. & N. RR and the N., C. & St. L. Ry under a 99-year lease from July 1, 1896, which lease is pledged under the mortgage and is subject to it. Of the amount shown as outstanding, \$35,000 is owned by the Louisville & Nashville RR Co. Interest paid without deduction for Normal Income Tax.

The terminals include about 75½ acres of land, improved with a union passenger station and a freight station, with warehouses, roundhouses, shops, yards and other terminal facilities, including about 32 miles of trackage. The real estate includes about 35 acres owned in fee simple. The mortgage covers all this terminal property and all real estate, improvements and additions now owned and hereafter acquired by the company at Nashville. The bonds have been issued at cost for the terminals and their improvements, and the unissued bonds can only be certified for improvements and betterments at cost.

BALTIMORE & OHIO RAILROAD CO.

(See Accompanying Map)

History.—Chartered in Md. on Feb 28, 1827, and on March 8, of the same year, in Va. Construction work was commenced on July 4, 1828, but the main line was not fully completed until Jan 1, 1853. The property was placed in receiver's hands on March 1, 1896, but was restored to the company on July 1, 1899, under the reorganization plan, dated July 22, 1898, which was carried out without foreclosure.

The Baltimore & Ohio Southwestern Ry, Baltimore & Philadelphia RR, Baltimore & Ohio RR in Pa., Pittsburg & Western RR, Baltimore & Ohio Southwestern RR, Ohio & Little Kanawha RR and various other subsidiary companies are controlled through ownership of all or a majority of their capital stocks, and their lines are covered by the several divisional mortgages hereinafter described. For legal reasons, however, their corporate organizations are still kept up, although the railroads are operated as integral portions of the system. The B & O RR Co. also owns the entire capital stock of the Baltimore & Ohio Chicago Terminal RR Co. In Aug, 1911, the railroad property of the Big Level & Kinzua RR was acquired, and on Nov 15, 1912, the stockholders of the Hampshire Southern RR Co. ratified the agreement to sell their property to the Moorefield & Virginia RR. The property of the latter company has since been acquired by the Baltimore & Ohio RR Co.

The lines of the B & O System extend from Philadelphia, via Baltimore and Washington, to Pittsburg, Chicago, Cincinnati, Louisville and St. Louis, with branches to Mount Jewett, Pa.; Cleveland, Lorain, Sandusky and Fairport, on Lake Erie, and to Lexington, Richmond, Kenova and other points in the Virginia and West Virginia coal fields—a total of about 4,539 miles (including trackage), of which 2,282 miles are owned in fee. Over the tracks of the Philadelphia & Reading Ry and the Central RR of New Jersey the company operates a through passenger service to New York and a freight service to its extensive terminals at Staten Island.

Merger of Subsidiaries.—In Oct, 1912, the B. & O. RR Co. acquired by purchase the property of the following corporations owning railroads in West Virginia: Berkeley Springs RR, Cherry Run & Potomac Valley RR, Grafton & Belington RR, Huntington & Big Sandy RR, Monongahela River RR, Ohio River RR, Parkersburg Branch RR, Ravenswood, Spencer & Glenville Ry, Ripley & Mill Creek Valley RR, South Branch RR, West Virginia Short Line RR, Fairmont, Shinnston & Clarksburg RR, Point Pleasant, Buckhannon & Tygarts Valley RR, Patterson Creek & Potomac RR, Paw Paw RR, and West Virginia & Pittsburg RR companies. The purchase price of these properties represented the investment of the B. & O. RR Co. in the securities of, and capital advances to, these companies at the time of acquisition. The following properties located in Pennsylvania and maintaining separate organizations, the operations of which had theretofore been included in those of the B. & O. System, were merged into a new corporation called the Baltimore & Ohio RR Co. in Pennsylvania:—Pittsburg & Connellsville RR, Berlin RR, Salisbury RR, Mount Pleasant & Broad Ford RR, Ohio & Baltimore Short Line RR, Somerset & Cambria RR, Fayette County RR and Glenwood RR companies. Under the agreement of merger, dated Sept 25, 1912, the B. & O. RR Co. received bonds of the new corporation in payment for capital advances made up to the time of merger, and surrendered its holdings of stock of the old companies in exchange for stock of the new company.

The shareholders of the Baltimore & Ohio RR Co. voted Nov 16, 1914, to approve agreements for the acquisition of direct ownership of these lines of railroad in Ohio previously controlled by stock ownership: Central Ohio RR; Eastern Ohio RR; Sandusky, Mansfield & Newark RR; Ohio Midland RR; Akron & Chicago Junction RR; Cleveland, Wooster & Muskingum Valley RR; Cleveland, Lorain & Wheeling Ry; Cleveland Terminal & Valley RR; Ohio & Little Kanawha RR; Columbus & Cincinnati Midland RR; Pittsburg, Painesville & Fairport Ry; Trumbull & Mahoning RR and Mahoning Valley Western RR. These companies have since been merged with the B. & O. RR. The Pittsburg, Cleveland & Toledo RR, previously controlled by the Baltimore & Ohio RR, by stock ownership, but leased to Pittsburg & Western RR, was acquired by those two companies, that part of the line lying within the State of Ohio by the B. & O. RR Co., and the part in the State of Pennsylvania by the Pittsburg & Western RR.

Controlled Companies, Operated Independently.—The Staten Island Ry, Staten Island Rapid Transit Ry, Sandy Valley & Elkhorn Ry and Baltimore & Ohio Chicago Terminal RR are controlled through ownership of all or a majority of their capital stocks, but the operations of the roads are reported separately. The Sandy Valley & Elkhorn

THE
BALTIMORE AND OHIO
SYSTEM.

Ry, extending from Shelby Junc. to about $2\frac{1}{2}$ miles beyond Jenkins, Ky., 31.76 miles, was taken over on its completion on Oct. 1, 1912, from the Consolidation Coal Co., but its earnings are not included in those of the Baltimore & Ohio RR System. The surplus income, however, is absorbed in Baltimore & Ohio RR Co.'s Income Account at the end of each year.

Magnolia Cut-off.—A new double track line and a relocation of parts of the old line between Little Cacapon, W. Va., and Orleans Road, W. Va., known as the Magnolia Cut-off, was undertaken and one track put in operation on Dec 6, 1914. This improvement connects the three-track line west from Little Cacapon and the three-track line east from Orleans Road, and gives a continuous three-track road all the way, and four tracks part of the way, between Patterson Creek and Cherry Run, a distance of 57 miles, where the density of traffic has already reached 24,000,000 ton-miles per mile of road per annum, and is increasing rapidly. It effects a saving of 5.8 miles in distance and 877 degrees of curvature.

Interests in Other Companies.—In Dec, 1901, the Baltimore & Ohio RR Co., jointly with the Lake Shore & Michigan Southern Ry Co. (now merged with New York Central RR Co.), acquired \$68,565,000 of the \$140,000,000 capital stock of the Reading Company, and as of June 30, 1916, the B. & O. RR Co. owned \$6,065,000 First Pfd., \$14,265,000, Second Pfd. and \$10,002,500 Com. stock of that company.

Jointly with the Philadelphia, Baltimore & Washington RR Co., the Baltimore & Ohio RR Co. owns the entire outstanding capital stock (\$4,252,000) of the Washington Terminal Co., operating an extensive terminal passenger station at Washington, D. C. The Baltimore & Ohio RR Co. owns one-sixth of the \$2,670,000 outstanding capital stock of the Richmond-Washington Co., operating the through joint line between Washington, D. C., and Richmond, Va.

Control of Cincinnati, Hamilton & Dayton Ry Co.—Under agreement effective July 1, 1909, the B. & O. RR Co. arranged to acquire, at the expiration of seven years, at a price then to be agreed upon or determined by arbitration, the controlling stock of the Cincinnati, Hamilton & Dayton Ry Co.

In this connection, a plan was effected for adjustment of future interest charges, and the payment or adjustment of the floating debt of that company, and providing approximately \$7,000,000 for improvements and working capital. Under this plan, the B. & O. RR Co. guaranteed \$12,500,000 of C. H. & D. First and Refunding mortgage 50-year 4s dated July 1, 1909. Also upon the acquisition under the agreement of the stock of the C., H. & D. Ry Co., the B. & O. was obligated either to purchase at 85 or guarantee \$20,000,000 of that company's General Mortgage bonds, due July 1, 1939.

Owing to a series of unusual and unforeseen circumstances, the Cincinnati, Hamilton & Dayton Ry Co. became unable to meet its various obligations and failing, on July 1, 1914, to pay the interest on certain of its First & Refunding Mortgage bonds and on certain bonds of which it was the guarantor, upon application of the Trustee of its First & Refunding Mortgage bonds to the United States District Court for the Southern District of Ohio, Western Division, was, on July 2, 1914, placed in the hands of Judson Harmon and Rufus B. Smith, Receivers.

Of the \$12,500,000 First & Refunding Mortgage bonds of the Cincinnati Company guaranteed by the B. & O. RR Co., only \$7,500,000 are now outstanding, the remaining \$5,000,000 not having been sold, but instead the B. & O. RR Co. has advanced from time to time for additions and betterments \$3,989,000. In addition the B. & O. RR Co. has advanced \$1,915,227 for equipment obligations, \$3,296,866 for general treasury purposes and \$1,200,000 for the reconstruction of property destroyed by the flood. For these advances the B. & O. RR Co. holds as collateral security \$6,994,000 First & Refunding Mortgage bonds, and other collateral security of an estimated value of not less than \$3,000,000.

When, on July 1, 1913, following the disastrous flood, the Cincinnati Company's \$11,557,000 Purchase Money Notes matured, that company found it impracticable to re-finance this obligation, and the B. & O. RR Co., in fulfillment of its guaranty, took up these notes, which were secured by \$13,000,000 First & Refunding Mortgage bonds, and now holds the notes and collateral.

Among the assets in the treasury of the Cincinnati Company on the conclusion of the negotiations in 1909 was approximately 40% of the capital stock of the Pere Marquette RR Co., which had cost the Cincinnati Company over \$13,000,000. The Marquette Company's revenues had also been seriously depleted through the increases in rates of pay, etc., and when in 1911 it became evident that it would need large additional sums of money, which the Cincinnati Company could not advance, it was deemed

advisable to dispose of these shares. Accordingly this stock was sold for \$2,530,000, payable Dec 1, 1916, at the same time the Baltimore & Ohio RR Co. agreeing that the price of the Cincinnati Company's stock, which it had agreed to acquire in 1916, should not be less than this sum. Subsequently the Pere Marquette RR Co. was placed in the hands of receivers.

In 1909, the year before the B. & O. RR Co. became interested in the operations of the Cincinnati Company, the deficit in income was \$1,691,000. Following proportionate reductions in 1910 and 1911, the deficit in 1912 had been reduced to \$617,000, notwithstanding the large increase in expenses due to increased rates of pay since 1910 and increased taxes. Against these deficits the B. & O. RR Co. had the profit derived from the interchange traffic, which was constantly growing. Consequently up to the time of the flood in March, 1913, there had been justifiable expectation that the forecast of the committee would be realized, and that the road would shortly be self-sustaining. The management had been so confident as to this that in Oct, 1912, the B. & O. RR Co. entered into a supplemental agreement with Messrs. J. P. Morgan & Co. conditionally fixing \$740,970 in addition to the \$2,530,000, as the *maximum* price of the stock when acquired. This arrangement was considered reasonable and advantageous, as any improvements made to the property of the Cincinnati Company before the consummation of this agreement would enhance the value of the stock and necessarily influence the arbitrators in arriving at the price to be paid by the B. & O. RR Co.

While the B. & O. RR Co. had advanced the funds necessary for the restoration of the property after the flood, and while this work had been done in a most substantial manner, the direct cost of the work and the increased expense due to the congestion of traffic, which it took months to overcome, resulted in the operations for the years 1913 and 1914 being so unprofitable that it became clear that the Cincinnati Company could not continue its operations and meet the increasing fixed interest charges. Consequently, under these existing conditions, and especially in view of the anticipated demand, which was subsequently made, growing out of the Pere Marquette Company's default on certain of its bonds, bearing the guaranty of the Cincinnati Company, and following consideration and recommendation of a committee, the B. & O. RR Co. directors decided it would be inadvisable for the Company to make further advances or payments other than those for which it was under legal obligation.

Cincinnati, Hamilton & Dayton Ry Reorganization.—The Baltimore & Ohio RR Co. has united in a Plan and Agreement of Reorganization, dated Feb 15, 1916, to be carried out by Kuhn, Loeb & Co., as Reorganization Managers, under which it is proposed that The Baltimore & Ohio RR Co. shall acquire all the securities to be issued by the New Railroad Company which is to be organized to acquire the interest of the present Cincinnati, Hamilton & Dayton Ry Co. in the main line between Cincinnati and Toledo, certain main line branches and the line from Dayton to Wellston, comprising approximately 400 miles of road, being the more important part of the original C., H. & R. Ry and that portion which can be operated to best advantage as part of the Baltimore and Ohio System.

The Plan provides that the Baltimore & Ohio RR Co. will issue, to be distributed in exchange for the existing securities provided for under the Plan and for other purposes of the reorganization, its own direct obligations, to be known as its Toledo-Cincinnati Division bonds, to be secured by the pledge of all the Refunding Mortgage bonds to be issued by the New Company. The bonds to be issued in exchange for the existing securities are to mature in 1959, are to bear interest at the rate of 4% per annum and are to be redeemable on any semi-annual interest date, in whole or in part, at 102½ and interest. The total authorized issue is not to exceed \$35,000,000.

The above properties are to be acquired subject to guaranteed stocks and bonds, which are to remain undisturbed, aggregating..... \$11,336,200

And there will be presently issued of The Baltimore & Ohio RR Co. Toledo-Cincinnati Division bonds referred to, in exchange for existing securities for which provision is made under the Plan, not to exceed..... \$11,250,450

And there will also be presently issued to provide the cash requirements under the Plan, including the retirement of Equipment Trust Notes, and the purchase of new equipment 5,000,000 16,250,450

Making a total of guaranteed stocks and funded debt outstanding and to be issued to the public, not to exceed..... \$27,586,650

The Toledo-Cincinnati Division bonds not presently issued (viz.: \$18,-749,550) are to be reserved to retire at maturity, or earlier, the bonds

which are to remain undisturbed under the Plan, for the acquisition of underlying securities and for capital expenditures for equipment, additions and betterments and additional property.

The Plan further provides for the surrender by The Baltimore & Ohio RR Co. of the obligations held by it of the old Company, aggregating \$22,695,143, together with the collateral securing the same, excepting certain collateral of the estimated value of \$3,368,000, which is to be retained, and for the payment by The Baltimore & Ohio RR Co. of such an amount in cash as may be required to pay \$700.86 for each of the General Mortgage bonds of 1939 of the Cincinnati, Hamilton & Dayton Ry Co., which may become subject to the Plan, and for the delivery to The Baltimore & Ohio RR Co. (1) of the entire capital stock of the New Company, and (2) of the Adjustment and Improvement Mortgage bonds of the New Company to an amount approved by the Reorganization Managers, and now proposed to be \$20,000,000

With a view to assist, so far as possible, in solving the difficulties of the situation, The Baltimore & Ohio RR Co. united in the provisions of the Plan of Reorganization under which arrangement is made for the purchase by the Reorganization Managers of the General Mortgage bonds at the rate of \$700.86 per \$1,000 bond. This was believed to be an equitable basis under all the circumstances, and upon the recommendation of the Committee representing these bonds, the holders of 90% of them have already accepted the terms provided in the Plan.

Practically all of the contentions of the various other interests of the old Cincinnati, Hamilton & Dayton Ry Co. have been adjusted and foreclosure proceedings are progressing, and it is anticipated that the Reorganization Plan may be concluded promptly.

The ultimate outcome under the reorganization can now be foreseen, and a reasonable estimate made of the value of the assets accruing to The Baltimore & Ohio RR Co. The net ultimate investment of the B. & O. RR Co. on account of the Cincinnati, Hamilton & Dayton Ry Co. will approximate \$35,892,000, while a conservative estimate places the value of the securities of the New Company which the B. & O. RR Co. is to receive under the plan at \$25,000,000. It has seemed proper, therefore, to restate this investment on the books of The B. & O. RR Co. and in consequence to make charges to Profit and Loss on this account of \$10,892,000, being the difference between the net ultimate investment of The B. & O. RR Co. and the estimated value of the securities to be received by it under the Plan of Reorganization. These charges will have no effect on the income of B. & O. RR Co., as no interest has been accrued on the advances to the Cincinnati, Hamilton & Dayton Ry. Co. for the past three years, and the full weight of any income loss has already been met.

Security.—A direct lien on 373.32 miles (subject to \$1,009,000 outstanding Central Ohio RR First 4s, due 1930), as follows: Bellaire to Midland City, O., 213.21 miles; Sandusky to Shawnee, O., 160.11 miles. Also a collateral lien through deposit of securities on the Pittsburg Junction RR, 6.47 miles, and Pittsburg Junction Terminal Co., owning terminal property in Pittsburg, Pa. Provision is made for the retirement of these bonds in the Pittsburg, Lake Erie & West Virginia Refunding Mortgage described below. Followed by the Refunding and General Mortgage, due Dec 1, 1995. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(4) **\$44,840,980 Southwestern Division First Gold 3½s**; dated Jan 1, 1899; due July 1, 1925; int. on coupon bonds payable semi-annually, J & J 1, and on registered bonds, quarterly, J, A, J & O 1, at company's office, New York. Coupon (principal may be registered), \$500 and \$1,000; and registered, \$500, \$1,000, \$5,000 and \$10,000 and multiples; interchangeable. Farmers' Loan & Trust Co., New York, Trustee. Authorized and issued, \$45,000,000, of which \$159,020 were in the treasury of company on June 30, 1916. Through the pledge of \$4,000,000 capital stock and \$45,000,000 First Mortgage bonds of the Baltimore & Ohio Southwestern Ry Co., these bonds are practically a first lien on the properties of that company extending from Belpre, O., opposite Parkersburg, W. Va., and running westward to St. Louis, with branches, comprising 920.55 miles of first track. Followed by the Refunding and General Mortgage, due December 1, 1995. Listed on New York and London Stock Exchanges. Interest paid without deduction for Normal Income Tax.

(5) **\$63,250,000 20-Year Convertible Gold 4½s**; dated March 1, 1913; due March 1, 1933; int. M & S 1, at Company's office, New York. Coupon (principal may be registered), \$500 and \$1,000, and registered, \$500, \$1,000, \$5,000, \$10,000, and multiples of \$10,000; interchangeable. Central Trust Co., New York, Trustee. Authorized, \$63,250,000. Proceeds of this issue were used to retire the \$50,000,000 4½% notes which matured June 1, 1913, and to recoup the treasury for money expended for construction and equipment. Subject to call as a whole, but not in part, at 102½ and interest, on March 1, 1923, or on any interest date thereafter, upon 90 days' notice. Convertible at any time prior to Feb 28, 1923, into Com. stock at \$110 a share. A direct obligation of the Company but not secured by mortgage. The indenture provided that the Company would not itself make, nor suffer to be made, any new mortgage which would be a lien upon any of the lines of railroad directly owned by it on March 1, 1913, or upon any of the lines of railroad directly covered by its Prior Lien Mortgage, First Mortgage, Pittsburg Junc. & Middle Division First Mortgage, Southwestern Division First Mortgage, or its Pittsburg, Lake Erie & West Virginia System Refunding Mortgage, or upon any of the lines of railroad owned by any company any stock of which was pledged or assigned under any of said mortgages, nor would it make or suffer to be made any charge by pledge or assignment of any shares of stock or other securities pledged or assigned under any of said mortgages, without making effective provision in and by such new mortgage or other instrument creating such lien or charge, whereby all bonds of this issue then outstanding would be secured, *pari passu*, with the obligations issued under such new mortgage or instrument creating such lien or charge. In accordance with this

provision bonds of this issue are secured equally with those issued under the New Refunding & General Mortgage, due Dec 1, 1995. Listed on New York and London Stock Exchanges. Com. and Pfd. stockholders of record Jan 24, 1913, had right to subscribe at 95½ and interest for this issue to the extent of 30% of their respective holdings. Interest paid without deduction for Normal Income Tax.

Va., 10.92 miles; Ravenswood to Spencer, W. Va., 32.76 miles; Point Pleasant to Huntington, W. Va., 42.20 miles; Pennsylvania-Ohio State line to Akron Junc., O., 37.66 miles; Cleveland to Valley Junc., O., 83.43 miles. A direct third lien on 165.62 miles of road from Wheeling, W. Va., to Point Pleasant, W. Va.; and a direct fourth lien on 198.24 miles of road as follows: Bridgeport to Cleveland, O., 174.40 miles; Lester to Lorain, O., 23.84 miles. Also a second collateral lien by deposit of securities on 286.04 miles as follows: Ohio & Little Kanawha RR, 72.04 miles; Pittsburg & Western RR, 214.00 miles. The bonds are thus secured either directly or indirectly on lines aggregating 1,263.42 miles. Further secured by pledge of \$8,711,550 Pittsburg Junction and Middle Division First Mortgage 3½% bonds described above, and also secured by a second collateral lien on all the securities pledged under the Pittsburg Junction and Middle Division Mortgage. Followed by the Refunding & General Mortgage, due Dec 1, 1995. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(7) \$60,000,000 Refunding & General Gold 5s, Series "A"; dated Dec 1, 1915; due Dec 1, 1995; int. J & D 1, at Company's office, New York. Coupon (principal may be registered), \$500 and \$1,000; and registered, \$500, \$1,000, \$5,000, \$10,000 and multiples; interchangeable. Central Trust Co. and J. N. Wallace, N. Y., Trustees. Authorized to an amount which together with all prior debts of company, after deducting therefrom the amount of bonds reserved under this mortgage to retire prior debts, shall not exceed three times the outstanding capital stock of the company, with the proviso that when the aggregate amount of the bonds outstanding and those reserved to retire prior debts shall reach \$600,000,000, no additional bonds shall thereafter be issued, except the bonds so reserved, without the consent of the stockholders of the company, and then only to an amount not exceeding 80% of the cost of property to be acquired or work to be done; such property or such improvements to come under the lien of this mortgage. Of the authorized amount sufficient is reserved to retire about \$282,000,000 prior liens on various parts of the system, and also the \$63,250,000 Convertible Gold 4s described above. Issuable in series, the above series "A" being issued to provide funds to meet the \$40,000,000 Gold Notes of the company maturing June 1, 1917, and June 1, 1918 (called for payment on June 1, 1916), and for other corporate purposes. Series "A" bonds are subject to call as a whole, but not in part, at 105 and interest on June 1, 1925, or on any interest date thereafter. A direct lien subject to the outstanding prior liens (provision to retire which at maturity is made in this indenture) on about 2,282 miles of first track, 645 miles of second track and 1,797 miles of other track, and, through deposit of bonds, and (in most cases all, and in no case less than 96%) stock of each of the companies owning 2,212 miles of first track, 658 miles of second track and 1,575 miles of other track, constituting the remaining mileage entering the system of the Baltimore & Ohio RR Co. Also a lien on the passenger and freight terminals of the company in Philadelphia, Baltimore, Pittsburg and Chicago and the freight terminals on Staten Island, N. Y., in Cincinnati and Washington, as well as on the B. & O. RR Co.'s one-half stock interest in Washington Terminal Co. and its one-half ownership of the joint yards at Washington. As the indenture securing the Convertible Gold 4½s described in paragraph "5" contains a provision to the effect that no further lien could be placed on the property covered by said bonds without also equally and ratably securing them, this indenture in consequence provides that these Convertible 4½s be secured *pari passu* with the Refunding & General bonds. Listed on

New York Stock Exchange. Subscriptions to \$60,000,000 of these bonds were received by Kuhn, Loeb & Co., and Speyer & Co., New York, in Dec, 1915, at par and interest. Normal Income Tax deducted from interest.

(8) **\$695,000 Monongahela River RR First Gold 5s**; dated Feb 5, 1889; due Feb 1, 1919; int. F & A 1, at B. & O. office, New York. Coupon, \$1,000; principal may be registered. Mercantile Trust & Deposit Co., Baltimore, Trustee. Authorized and issued, \$700,000, of which \$5,000 were held in Insurance Fund as of June 30, 1916. A first lien on 36.50 miles of road, from Clarksburg to Fairmont, W. Va. Assumed by Baltimore & Ohio RR Co. in Oct, 1912. Provision is made for retirement of this issue in the Pittsburg, Lake Erie & West Virginia Refunding 4s described above. Followed by the Refunding & General Mortgage, due Dec 1, 1995. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(9) **\$5,000,000 Schuylkill River East Side RR First Gold 4s**; dated Dec 1, 1903; due June 1, 1925; int. J & D 1, at B. & O. office, New York. Coupon (principal may be registered), and registered, \$1,000. Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia, Trustee. A first lien on terminal lines (9.16 miles of first track, 3.34 miles of second track and 55.27 miles of sidings) and properties in the vicinity of Philadelphia. Guaranteed, principal and interest, by endorsement, by Baltimore & Ohio RR Co. The Company is practically merged with the B. & O. RR, which owns its entire \$2,500,000 outstanding capital stock. Followed by the B. & O. RR First Mortgage due July 1, 1948, and Refunding & General Mortgage, due Dec 1, 1995. Listed on Philadelphia Stock Exchange. Annual meeting, first Saturday in June.

General office, 1420 New York Avenue, Washington, D. C.

CHICAGO & EASTERN ILLINOIS RAILROAD CO.

History.—Incorporated June 7, 1894, in Ill.; consolidation of a company of the same name with the Chicago & Indiana Coal Ry Co. The Chicago, Paducah & Memphis RR was absorbed on Feb 23, 1897; the Eastern Illinois & Missouri River RR on June 7, 1899, and the Evansville, Terre Haute & Chicago Ry and the Indiana Block Coal RR on Dec 27, 1899. In 1904, the lines from Woodland Junc. to Villa Grove, Ill., 62 miles, and from Findley Junc. to Pana, Ill., 20 miles, were completed and put in operation, and a trackage agreement was entered into with the Cleveland, Cincinnati, Chicago & St. Louis Ry Co. under which this company has the use of the C., C., C. & St. L. reconstructed tracks between Pana and East St. Louis, Ill., for 999 years, on the basis of interest on the valuation of that part of the old road used, plus the cost of the new road, each company to bear the expense of maintenance on the usual wheel-age basis. As of July 1, 1911, the Chicago & Eastern Illinois RR absorbed the Evansville & Terre Haute RR and the Evansville Belt Ry, on terms shown in **Manual** for 1912, page 840.

Change of Control.—In Aug, 1902, the St. Louis & San Francisco RR Co. secured control of the Chicago & Eastern Illinois RR Co. through exchange of its Stock Trust Certificates for Com. and Pfd. stock of this company on the basis of \$100 Certificate for each \$100 share of stock. This control continued until Nov, 1916, when, upon the reorganization of the St. Louis & San Francisco RR and the formation of its successor company, the St. Louis-San Francisco Ry Co., the Chicago & Eastern Illinois RR was separated from that system. Since the receivership, in May, 1913, the road has been operated independently.

Eastern Illinois & Peoria RR.—To provide, through Peoria, a connection with northern lines having terminals at or near that gateway, and which reach distributing markets in the northwest for the coal traffic of the railroad, the Eastern Illinois & Peoria RR Co. was incorporated to construct a line from St. Elmo to Springfield, Ill., from which point the C. & E. Ill. RR Co. was to have trackage rights over the Chicago & Alton RR to Peoria. The company advanced to the Eastern Illinois & Peoria the necessary funds for completing survey, for acquisition of part of the right-of-way and for commencing construction. Such advances up to June 30, 1916, aggregated \$432,-673.37.

Purchase of Coal Property.—During the fiscal year 1911-12, the C. & E. I. RR purchased ten operating coal mines in Montgomery County, Ill., and Vermillion County, Ind., and coal lands in Sullivan County, Ind., with a total acreage of 41,425 acres of coal. These mines were leased to other parties under conditions which insured an adequate supply of coal for the use of the company. In consequence of the appointment of Receiver for these coal properties in Nov, 1914, these leases have been cancelled.

In the spring of 1912 the directors of the company decided to add to the company's coal properties by acquiring those of the Dering Coal Co., which were held and operated by a receiver of the United States District Court. Prior to June 30, 1913, the company had accordingly purchased \$4,459,000 First Mtge. bonds, \$3,800,600 capital stock and \$323,000 claims against said Dering Coal Co. at a cost, including interest, of \$2,345,166.90, leaving still outstanding to be acquired \$53,000 First Mtge. bonds and \$1,199,400 capital stock. The properties of the Dering Coal Co. comprise 18,645 acres of coal lands and coal rights, containing 150,000,000 tons of minable coal, including 6 operating mines, all situated on the company's lines in Illinois and Indiana.

The property of the Dering Coal Co. whose stocks and bonds, as stated above, were acquired by the C. & E. I. RR Co. and held as security for the latter company's notes, was sold under foreclosure of its First Mortgage on May 1, 1915.

Receivership.—During the month of May, 1913, it became evident that financial embarrassment of the St. Louis & San Francisco RR Co., the owner of all of the outstanding Com. stock and over 75% of the Pfd. stock of the company, would lead to the appointment of receivers of the property of that company and the consequent appointment of receivers of the C. & E. Ill. RR Co. In anticipation of the impairment of the company's credit which would follow, and in view of the condition of its property and affairs, a creditor filed a bill in the United States District Court for the Northern District of Illinois, praying for a receivership of the Company's property, pursuant to which Wm. J. Jackson, vice-president of the company, and Edwin W. Winter of New York were appointed receivers on May 27, 1913. The two receivers operated the property until Feb 10, 1915, when Mr. Winter resigned; since that date Mr. Jackson has been sole receiver.

Separate Receivers for Coal Properties.—After Receivers had been appointed for the Chicago & Eastern Illinois RR Co. (see above) they petitioned the Court on Nov 24, 1914, to appoint separate Receivers for the coal properties of the road as they were not conversant with the coal business. Accordingly, Francis S. Peabody, Jackson K. Dering and Jabez Woolley were appointed Receivers of all coal mines and coal properties owned by the Railroad company and entered into possession of these properties at midnight Nov 30, 1914; these three receivers resigned in March, 1916, and were succeeded by Theodore C. Keller. As a result of these appointments, the leases under which the Illinois and Indiana mines owned by the road were operated by the coal companies have been cancelled.

Segregation of Evansville & Indianapolis RR.—On a bill for foreclosure filed by the Farmers' Loan & Trust Co., New York, Trustee, under the mortgages of the Evansville & Indianapolis RR Co., Judge Anderson in the United States District Court at Indianapolis on Feb 5, 1916, appointed Wm. P. Kappes, Receiver of the property of that company, and he took possession thereof on March 1, 1916. Since that date the property of the Evansville & Indianapolis RR Co. has been operated separately and its accounts eliminated from those of the Receiver of the Chicago & Eastern Illinois RR Co. See appended statement of Evansville & Indianapolis RR.

Petition.—Receiver Wm. J. Jackson in Jan, 1916, filed a petition in the United States District Court at Chicago, asking a separation of the Chicago & Eastern Illinois RR from the Chicago & Indiana Coal Ry. The Metropolitan Trust Co., New York, Mortgage Trustee, opposed the step. Judge Carpenter at Chicago in March, 1916, refused to appoint a separate receiver for the Chicago & Indiana Coal Ry.

Protective Committees.—Consequent upon the receivership various protective committees were formed in the interests of stockholders and bondholders as follows:

(1) *Committee for Trust Certificates and Stockholders:* In May, 1913, the following Committee agreed to act for the protection of the holders of St. Louis & San Francisco RR Trust Certificates for Chicago & Eastern Illinois RR Pfd. and Com. stock and of the Pfd. stockholders of Chicago & Eastern Illinois RR; Alvin W. Krech, Chrm.; Henry H. Porter, W. Emlem Roosevelt, Gordon Abbott, W. Redmond Cross, Horace J. Morse, Henry A. Vernet, with Richard R. Hunter as Sec. Depositary, Equitable Trust Co. of New York. Counsel, Murray, Prentice & Howland. This committee either has deposits or has control of more than 95% of the Com. and more than 90% of the Pfd. stock.

(2) *Committee for Chicago & Indiana Coal Ry Co. First 5s:* W. W. Jacobs, Chrm.; James B. Mabon, Edwin S. Hunt, R. H. Carleton, J. S. Farlee, with Charles E. Sigler, Sec., 54 Wall St., New York, and Sullivan & Cromwell, New York, as Counsel. Central Trust Co., New York, Depositary. This committee on June 20, 1914, in view of the impending default in the July interest, called for deposit of the bonds. Time for deposit expired Dec 1, 1914. Over 72% of issue had been deposited.

(3) *Committee for Purchase Money Coal Bonds.*—Default in the interest on these bonds maturing Feb 1, 1915, being anticipated, the following committee was formed in the interests of holders: George C. Van Tuyl, Jr., Chrm.; Frederick H. Ecker, Jerome J. Hanauer, Arthur B. Leach, William H. Williams, New York, and Maurice Hely-Hutchinson, London; with J. F. McNamara, 49 Wall St., New York, as Sec., Alfred A. Cook, as Counsel, and Metropolitan Trust Co., New York, Depositary. Deposit of these bonds was requested, and more than 75% of the issue has been deposited.

(4) *Committee for Holders of Mortgage Debt and Equipment Obligations.*—John W. Platten, Chrm.; J. E. Blunt, Jr., Franklin Q. Brown, Frederick H. Ecker, Robert Fleming (London), Donald G. Geddes, Otto H. Kahn, with Calvin Brewer, Sec., 55 Cedar St., New York, and Kuhn, Loeb & Co., New York, as bankers. Depositary: U. S. Mortgage & Trust Co., New York, and First Trust & Savings Bank, Chicago and Glyn, Mills, Currie & Co., London, agents for the Depositary. Counsel, Spooner & Cotton. This committee asked for deposit of Refunding & Improvement Mortgage bonds in March, 1914. In March, 1915, anticipating default in other issues and recognizing the advisability of concerted action among all bondholders, deposits of all bonds not up to then represented by a protective committee were invited. At this time this committee was enlarged by the addition of the following members: J. W. Alling, New Haven, Conn.; Lyman B. Brainerd, Hartford, Conn.; Frederick H. Shipman, New York; Wilbur S. Johnson, Newark, N. J.; F. K. Boisot, Chicago; Charles R. Butts, Norwich, Conn.; and John J. Pulleyn, New York. At this time deposits were asked of bonds of the following issues with the United States Mortgage & Trust Co., New York, as Depositary, which issue transferable certificates of deposit therefor; Danville & Grape Creek RR First Mortgage bonds; Evansville, Terre Haute & Chicago Ry Income Mortgage bonds; Evansville & Terre Haute RR First Consolidated Mort-

gage Gold bonds; Evansville & Terre Haute RR, Mt. Vernon Branch Mortgage Gold bonds; Evansville & Terre Haute RR, Sullivan County Coal Branch First Mortgage Gold bonds; Evansville & Terre Haute RR First General Mortgage Gold bonds; Evansville & Terre Haute RR Refunding Mortgage Gold bonds; Evansville Belt Ry First Mortgage Gold bonds; Chicago & Eastern Illinois RR First Mortgage Extension bonds; Chicago & Eastern Illinois RR First Consolidated Mortgage bonds; Chicago & Eastern Illinois RR General Consolidated & First Mortgage bonds; Chicago & Eastern Illinois RR Refunding & Improvement Mortgage Gold bonds.

Announcement was made by this enlarged committee that a majority of the total amount of bonds of the various issues requested had been deposited with the depositary; this majority included over 65% of the outstanding General Consolidated & First Mortgage bonds. On Oct 2, 1915, the committee also announced that arrangements had been made to advance to depositing bondholders (except holders of Refunding & Improvement bonds) the amount of the second unpaid coupon, proper notation of such advance to be stamped upon the Certificates of Deposit. This offer, it was stated, was in no wise a payment of the coupon, but merely a loan given for the convenience of the depositors. It was also announced at this time that Certificates of Deposit for Refunding & Improvement bonds and General Consolidated & First Mortgage bonds had been listed on the New York Stock Exchange.

(5) *Independent Committee for General Consolidated & First Mortgage Bondholders.*—In Aug, 1915, it was announced that the following committee had been formed to act in the interest of the General Consolidated & First Mortgage bondholders: Henry Evans, Chrm.; J. Howard Bogardus, Herbert H. Dean, Samuel F. Streit, Frank B. Weeks. Counsel, Simpson, Thatcher & Bartlett; Secretary, A. F. Halsted, 62 Cedar St., New York; Depositary, Guaranty Trust Co. Deposit of these bonds was requested. Certificates of Deposit of Guaranty Trust Co. under this deposit agreement, have been listed on New York Stock Exchange.

(6) *Committee for Evansville & Terre Haute RR First General Gold 5s.*—Default having occurred in the interest payment of these bonds due April 1, 1915, the following committee was formed: Frederick J. Lisman, Chrm.; Ellis W. Gladwin, Augustus V. Heely, A. S. Wing and Frederick H. Shipman, with Graham Adams, Sec., 30 Broad St., New York; Farmers' Loan & Trust Co., New York, Depositary, and Geller, Rolston & Horan, 22 Exchange Place, New York, Counsel. Deposit of these bonds was requested and a majority has been deposited with the committee.

Interest Defaulted.—As stated in the RR Manual for 1915, interest due July 1, 1914, on the following issues of bonds was defaulted: Chicago & Indiana Coal Ry First 5s, due Jan 1, 1936; Chicago & Eastern Illinois RR Refunding & Improvement Gold 4s, due July 1, 1955; Evansville & Indianapolis RR First Gold 6s and First Consolidated Gold 6s, due July 1, 1924, and Jan 1, 1926, respectively. On Feb 1, 1915, interest was defaulted on the Chicago & Eastern Illinois RR Purchase Money First Lien Coal Gold 5s. On March 25, 1915, the Court anticipating that the Maintenance program would absorb all the current income of the Receiver in excess of the requirements for rentals and taxes directed the Receiver to pay no interest whatever on any mortgage indebtedness of the company until further order; previous to this on Nov 25, 1914, by order of the Court interest had been defaulted on Bills Payable.

Interest Payments Authorized.—On Sept 27, 1916, J. P. Reeves, Treas. for the Receiver, made an announcement that pursuant to an order of Court entered Sept 25, 1916, the Receiver would pay at the offices designated below on and after Oct 1, 1916, all due and past due coupons pertaining to the following bonds: Danville & Grape Creek RR Co. First 6s, at Central Trust Co., New York; Evansville, Terre Haute & Chicago Ry Co. Income 6s, at Farmers' Loan & Trust Co., New York; Chicago & Eastern Illinois RR Co. First Extension 6s, at Mechanics & Metals National Bank, New York; Chicago & Eastern Illinois RR Co. First Consolidated 6s, at Central Trust Co., New York; Evansville & Terre Haute RR Co. First Consolidated 6s, at Bankers Trust Co., New York; Evansville Belt Ry Co. First 5s, at Columbia Trust Co., New York. The receiver will continue to pay coupons pertaining to these bonds as they mature, until otherwise ordered by the court. At the time this order was issued the receiver reported to the Court that as of Sept 1, 1916, he had cash on hand amounting to \$1,476,960, against which there were liabilities of only \$350,000, leaving enough to pay all the interest on the bonds, including that due Oct 1, 1916.

Foreclosure Suits.—During the fiscal year ended June 30, 1915, bills were filed to foreclose the Refunding & Improvement Mortgage dated July 1, 1905, the Purchase Money First Lien Coal Mortgage dated Feb 1, 1912, and also the First Mortgage of the Chicago & Indiana Coal Ry Co., dated Dec 1, 1885; on Oct 20, 1915, Judge Carpenter appointed Herbert Lundahl, Special Master in Chancery, to take testimony in the

latter suit. On Nov 6, 1915, suit was filed in the U. S. District Court at Chicago, by the Central Trust Co., New York, as Trustee, to foreclose the General Consolidated & First Mortgage. Suit was filed in Nov, 1916, by the Farmers' Loan & Trust Co., New York, to foreclose the Evansville & Terre Haute RR First General Mortgage.

(15) EQUIPMENT TRUSTS.—TOTAL, \$4,302,000, AS OF JUNE 30, 1916.

Under order of Court entered June 22, 1915, the Receiver entered into an agreement with the holders of Series E, F, G and H equipment obligations of the company, for an extension for three years of the maturities of all such outstanding obligations, amounting to \$4,302,000. In consideration of such extension, the interest rate of the extended obligations was increased to 5½% per annum, and the extended obligations were given a lien, superior to all mortgages, upon all of the property and franchises in the custody of the Court, except the coal properties, and except also the Evansville & Indianapolis RR and what were formerly known as Evansville & Terre Haute RR and Evansville Belt Ry.

Under the same order the Receiver entered into an agreement with the Farmers' Loan & Trust Co., under which the latter agreed to purchase at maturity and to extend to July 1, 1917, the outstanding Series B and C equipment obligations of the Evansville & Terre Haute RR Co., amounting to \$200,000, and in consideration thereof the Receiver delivered to the Trust Company Receiver's Certificates maturing July 1, 1917, and bearing interest at the rate of 5½% per annum, to the amount of equipment obligations so purchased and extended. The agreement provides that the Trust Co. shall hold the purchased obligations as collateral security for the payment of such Receiver's Certificates.

CHICAGO, BURLINGTON & QUINCY RAILROAD CO.

(See Accompanying Map)

History.—Incorporated Feb 12, 1849, in Ill., as the Aurora Branch RR; name changed to Chicago & Aurora RR on June 22, 1852, and to Chicago, Burlington & Quincy RR Co. on Feb 14, 1855. The Burlington & Missouri River RR in Iowa was consolidated with this company in July, 1875. The Chicago, Burlington & Northern RR and other controlled railroads were merged in May, 1899; and in 1900 the Hannibal & St. Joseph RR, St. Louis, Keokuk & North Western RR, Keokuk & Western Ry, and other companies were formally absorbed. In 1902, control of the Jacksonville & St. Louis Ry was acquired, and as of July 1, 1905, its railroad was merged.

At annual meeting held Nov 4, 1908, stockholders voted to absorb the Big Horn RR, the Fulton County Narrow Gauge Ry, the Northern & Southern Illinois RR, and the Sioux City & Western RR. Control of the latter company, which for several years was vested with the Willmar & Sioux Falls Ry Co. (Great Northern Ry System) was, as of Nov 1, 1907, transferred to the Chicago, Burlington & Quincy RR Co. The railway extends from Sioux City, Ia., to O'Neill, Neb., 129 miles, and from Ashland, Neb., to Sioux City, Ia., 103 miles.

The Chicago, Burlington & Quincy RR Co. owns in fee simple, or through ownership of the entire capital stocks of proprietary companies, all the mileage comprised in its system, except the mileage shown in the appended tables as "Operated under Lease and Trackage Agreements." To simplify the organization, and to substitute direct ownership for stock ownership, the stockholders on Nov 6, 1907, voted to merge in the company a number of subsidiary corporations, as per details shown in **Manual** for 1911, page 269.

As of Sept 30, 1901, the railroads and property of the Chicago, Burlington & Quincy RR Co. were conveyed under 99-year lease to the Chicago, Burlington & Quincy Ry Co., that company agreeing to pay as rental (1) the interest on all outstanding bonds, (2) sinking funds, (3) taxes, (4) quarterly dividends at the rate of 7% per annum on the capital stock. The Railway Co. operated the property until June 30, 1907, but effective July 1, 1907, the lease was rescinded by mutual agreement of the parties thereto, and the Chicago, Burlington & Quincy RR Co. resumed the possession of the property and the operation thereof.

Colorado & Southern Ry Co.—In Dec, 1908, control of the Colorado & Southern Ry Co. was acquired through the purchase from the late Edwin Hawley and associates of a majority of the Com. stock at a cost of \$16,416,337. On June 30, 1916, the Chicago, Burlington & Quincy RR Co. owned \$23,667,500 of the Com., \$1,130,000 First Pfd. and \$6,078,700 Second Pfd. for the acquisition of which \$19,363,000 General Mtge. 4% bonds were issued.

Joint Control.—In March, 1901, this company acquired a joint interest with the Chicago, Milwaukee & St. Paul Ry Co. in the Davenport, Rock Island & North Western Ry. (See separate statement therefor.)

Quincy, Omaha & Kansas City RR Co.—The Chicago, Burlington & Quincy RR Co. controls this company, through ownership of its entire \$6,000,000 capital stock, but the road is operated as a separate organization. (See statement appended.)

New Construction.—During the year ended June 30, 1916, lease was made of the Colorado & Southern Ry Co.'s line between Orin Junc. and Wendover, Wyo., which, with completion of company's own track connecting Wendover and Guernsey, completes the connection of the main body of company's property with the Great Northern and Northern Pacific Rys by way of the Big Horn River Basin; and also completes the through line between Denver and a connection with the same roads, via the Colorado & Southern Ry. Work on the Chalco-Yutan cut-off progressed favorably during the year. This cut-off shortens the line between Omaha and Sioux City. It should be ready for operation early in the year 1917. On the Beardstown and La Crosse Divisions, 34 miles of double track have been completed and an additional 51 miles is under construction. approximately \$1,500,000 is expected to be completed for use by June, 1917. Action by the city has compelled company to elevate the tracks through Aurora, Ill., necessitating the purchase of a large amount of property and the re-location of part of the line. The work has been begun and the estimated cost is \$3,250,000. The complete reconstruction of the bridge across the Missouri River at Kansas City, Mo., was undertaken and will probably be in use early in 1917. The new bridge will be a double tracked modern steel structure on concrete piers, 555 feet long, and will cost about \$1,000,000.

Chicago Union Station Co.—Organized by the Chicago, Burlington & Quincy RR Co., the Pennsylvania Lines and the Chicago, Milwaukee & St. Paul Ry to provide terminal facilities in the City of Chicago. Work preparatory to the construction of this terminal has been begun and satisfactory progress made.

Paducah & Illinois RR.—A bridge across the Ohio River at Metropolis, Ill., is in process of construction by the Paducah & Illinois RR Co., a company whose capital stock is owned by the Chicago, Burlington & Quincy RR Co. and the Nashville, Chattanooga & St. Louis Ry Co. This new bridge will enable the Chicago, Burlington & Quincy RR Co. to better compete with other north and south lines for business to and from the South. The Paducah & Illinois RR has sold \$3,500,000 First Mortgage Sinking Fund Gold 4½s, due July 1, 1955, which are guaranteed, principal interest and sinking fund, by the Chicago, Burlington & Quincy RR Co. and Nashville, Chattanooga & St. Louis Ry Co. The bridge is expected to be completed during 1917.

Control by the Great Northern and Northern Pacific Ry Cos.—The Chicago, Burlington & Quincy RR Co. is controlled jointly by the Great Northern Ry Co. and the Northern Pacific Ry Co. through ownership by said companies of \$107,613,500 of its \$110,839,100 capital stock, of which \$107,611,000 was acquired in 1901, and exchanged for the joint 20-year 4% bonds of the controlling companies, on the basis of \$200 in bonds for \$100 stock, the stock so acquired being held in trust.

COLORADO & SOUTHERN RAILWAY COMPANY

Controlled by Chicago, Burlington & Quincy RR Co.

History.—Incorporated Dec 19, 1898, in Colo.; successor, as of Jan 11, 1899, to the properties of the Union Pacific, Denver & Gulf Ry Co., and the Denver, Leadville & Gunnison Ry Co., sold under foreclosure Nov 19, 1898. The road owned extends from Orin Junc., Wyo., to Texline, Tex., where connection is made with the Fort Worth & Denver City Ry (controlled by this company through ownership of nearly all of the outstanding \$9,375,000 capital stock), forming a through line between Orin Junc. and Fort Worth, Tex., with branches to Leadville, Silver Plume, Black Hawk, etc. The company operated through trackage rights over the Union Pacific RR from Denver, Col., to Cheyenne, Wyo., 106.35 miles, and from Pueblo to Walsenburg, Col., 59.40 miles over the line of the Denver & Rio Grande RR, but the operation over both of these lines was discontinued on Nov 1, 1911, since which date the company has operated over the new lines of the Colorado RR Co. from Wellington to Cheyenne and from Southern Junc. to Walsenburg; the latter a double track line owned and operated jointly with the Denver & Rio Grande RR Co.

In Jan, 1905, the Colorado & Southern Ry Co. acquired all but nine shares of the capital stock of the Colorado Springs & Cripple Creek District Ry Co., and in Jan, 1912, leased that Company's line (effective Nov 1, 1911), until May 1, 1935, to the Florence & Cripple Creek RR, on terms outlined in that Company's statement (see *General Index*).

In Aug, 1905, the Colorado & Southern Ry Co. acquired substantially all the capital stock and all the First Mortgage bonds of the Trinity & Brazos Valley Ry. To insure close business relations with the "Rock Island" lines, the Rock Island Co. acquired a half-interest, subject to pledge under the Colorado & Southern Refunding and Extension Mtge., in the stock of the T. & B. V. Ry acquired. The Chicago, Rock Island & Pacific Ry Co. assumes one-half the unearned requirements for interest, etc., on account of Trinity & Brazos Valley Ry as they accrue, and contracts to pay on May 1, 1935 (date of maturity of said Refunding & Extension Mortgage), for an unencumbered half interest in Trinity & Brazos Valley bonds, or to join in refinancing same. The operations of the Trinity & Brazos Valley Ry are conducted independently (see appended statement). The property of the Trinity & Brazos Valley Ry Co. was placed in the hands of a Receiver on June 16, 1914.

As of Dec. 31, 1906, practically all of the securities of the Abilene & Northern Ry, Wichita Falls & Oklahoma Ry, Wichita Valley RR and Wichita Valley Ry, were acquired. These roads, together with the Stamford & Northwestern Ry, (acquired in March, 1910), comprise the "Wichita Valley Lines," and are operated as part of the system. Co. owns practically the entire capital stocks of the Colorado RR Co., Denver & Interurban RR Co., Gilpin RR Co., and the Fort Worth & Denver Terminal Ry Co., which companies are also operated as part of the system.

Colorado Midland Ry.—The Colorado & Southern Ry, jointly with the Denver & Rio Grande RR, owns the entire capital stock of this company and in Jan, 1912, filed a friendly suit in the Supreme Court, asking that the trustees of the Colorado & Southern Ry First Mortgage and Refunding & Extension Mortgage be directed to consent to the sale of its interest in this stock. The Appellate Division of the Supreme Court on July 30, 1914, held that the Colorado & Southern Ry Co. could give clear title to the stock. The bankers, it is stated, were therefore not justified in refusing to purchase the same.

On Nov 29, 1915, it was announced that the Colorado & Southern Ry Co. had served notice on The Colorado Midland Ry Co. that the general contracts between the two companies covering the handling of Colorado Midland's business between Denver and Colorado Springs would be terminated May 1, 1916.

Suits Against Rock Island.—On Dec 20, 1916, the company filed three suits against the Chicago, Rock Island & Pacific Ry. Co. on claims alleged to be due and payable, viz.: (a) \$5,889,718 for half the cost of building the Trinity & Brazos Valley Ry and the unpaid installments of interest thereon; (b) \$40,312 for unpaid proportion of principal and interest of Trinity & Brazos Valley Ry Equipment Trusts, Series A, and (c) \$50,454 for reimbursement of interest paid on Galveston Terminal Ry bonds.

Control.—In Dec, 1908, the Chicago, Burlington & Quincy RR Co. acquired a majority of the Com. stock of the Colorado & Southern Ry Co., and as of June 30, 1915, owned \$23,667,500 Com., \$1,130,000 First Pfd. and \$6,078,700 Second Pfd. stock.

Annual meeting, first Thursday in Nov.

General office, Wichita Falls, Tex.

CONTROLLED BY THE COLORADO & SOUTHERN RY CO. AND ROCK ISLAND COMPANY, BUT OPERATIONS REPORTED SEPARATELY.

TRINITY & BRAZOS VALLEY RY.—Inc. Oct 17, 1902, in Tex.; first section of road, Fort Worth to Houston, opened Feb 10, 1907; entire line put in operation Jan 1, 1908.

By agreement, the Rock Island Company has taken a half interest, subject to the lien of the Colorado & Southern Ry Co. mortgages, in the stock of the Trinity & Brazos Valley Ry Co., acquired by the Colorado & Southern Ry Co., and the latter company and The Chicago, Rock Island & Pacific Ry Co. have agreed to advance to the Trinity & Brazos Valley Ry Co. funds not otherwise provided for. The Chicago, Rock Island & Pacific Ry Co., by the same agreement, is, on the maturity of the Colorado & Southern Refunding & Extension Mortgage (May 1, 1935), to receive and pay for one-half of the First Mortgage bonds and other securities of the Trinity & Brazos Valley Ry Co. then subject thereto. The Company owns one-quarter interest in the Houston Belt & Terminal Ry, and practically the entire stock of the Galveston Terminal Ry.

Receivership.—On June 16, 1914, on petition of the Old Colony Trust Co. of Boston, Trustee of the First Mortgage bonds, alleging that company had defaulted on interest due Jan 1, 1914, the road was placed in the hands of a receiver. The receivership is friendly. J. W. Robins, President, was named receiver.

Mileage.—Lines owned: Cleburne to T. & B. V. Junc., near Houston, Tex., 235.5 miles; Teague to Waxahachie, Tex., 67.32 miles—total, 302.82 miles; sidings, 68.58 miles.

Trackage: Houston Belt & Terminal Ry—T. & B. V. Junc. to Houston, Tex., 12.59

miles. Total operated, 315.41 miles. In addition Co. uses for freight traffic only 39.92 miles of the Houston & Texas Central RR between Waxahachie and Fort Worth and 1.88 miles of the Fort Worth & Denver City Ry at Fort Worth. Gauge, standard.

Equipment, June 30, 1916.—Locomotives, 58. Passenger cars, 26. Freight cars—box, 1,460; flat, 227; stock (leased), 44; coal, 85; tank, etc., 27; Rodger ballast, 96—total, 1,939. Caboose and miscellaneous, 48. Total engines and cars, 2,071.

Capital Stock.—Authorized and issued, \$304,000; par, \$100. All but nine shares owned by Colorado & Southern Ry Co. and pledged under its Refunding & Extension Mortgage.

Bonded Debt.—\$8,760,000 First Gold 6s; dated July 1, 1905; due July 1, 1935; int. J & J 1, in New York. Coupon, \$1,000; principal may be registered. Old Colony Trust Co., Boston, Trustee. Authorized at rate of \$30,000 per mile. The Colorado & Southern Ry Co. owns all the outstanding bonds and has pledged them as collateral under its Refunding & Extension Mortgage, due May 1, 1935.

Equipment Trust Certificates.—\$50,000 (balance of \$500,000) First Gold 5s; dated April 1, 1907; due \$25,000 semi-annually to April 1, 1917; int. A & O 1, at Guaranty Trust Co., New York, Trustee. Subject to call at 101 and interest on any interest date upon 60 days' notice. Guaranteed jointly, principal and interest, by the Colorado & Southern and Chicago, Rock Island & Pacific Ry companies. Secured on 22 locomotives, 175 flat cars, 50 gondolas and 8 cabooses. Interest paid without deduction for Normal Income Tax.

\$99,654 (balance of \$797,232) Pullman Co. 5% Lease Warrants; dated Feb 11, 1907; due in semi-annual installments to March 1, 1917; int. M & N 1, at Merchants' Loan & Trust Co., Chicago. Secured on 900 box cars, 10 passenger cars and 5 baggage and mail cars.

Certificates of Indebtedness.—There were also outstanding as of June 30, 1916, \$7,986,741 Certificates of Indebtedness, issued at various dates, of which \$7,389,728 are 6% Certificates, due July 1, 1935 (int. J & J 1), and \$597,013 are 4½% Certificates, due May 1, 1935 (int. M & N 1).

CHICAGO JUNCTION RY (Controlled by Stock Ownership by Chicago Stock Yards Co.).—Inc. Jan 1, 1898, in Ill.; consolidation, as of April 1, 1898, of the Chicago, Hammond & Western RR and the Chicago & Indiana State Line Ry. Effective July 1, 1907, the so-called Outer Belt Line of this company, comprising the property originally

belonging to the old Chicago, Hammond & Western RR Co. was sold under the terms of a contract dated June 29, 1907, to the Indiana Harbor Belt RR Co. The consideration received consisted of \$2,500,000 bonds issued by the Indiana Harbor Belt RR Co., bearing interest at the rate of 2% per annum for the first five years, 3% per annum for the second five years, and 4% per annum thereafter, the principal being payable July 1, 1957. The bonds are guaranteed, jointly and severally, as to principal and interest by the New York Central RR Co. and the Michigan Central RR Co.

The "Outer Belt" was subject to a mortgage executed by the old Chicago, Hammond & Western RR Co. to secure an outstanding issue of \$2,500,000 6% bonds, and connected with it were contracts with other railroad companies which involved constant expenditures for increased trackage and facilities. This mortgage and indebtedness and the performance of these contracts were assumed by the purchasers.

Mileage and Equipment.—Operates a double track inner belt line, 11.57 miles long, located within the Stock Yards district, with side and industrial tracks, aggregating 149 miles. Gauge, standard. Equipment: Locomotives, 62; cars, 283.

Capital Stock.—Authorized and issued, \$5,500,000 (increased from \$2,200,000 in Dec, 1913, by 150% stock dividend amounting to \$3,300,000). All but directors' qualifying shares owned by Chicago Stock Yards Co. No bonded debt. Dividends were formerly paid at rate of 6% per annum, but in years ended June 30, 1915 and 1916, 2½% each was paid. An extra dividend of 10% was also paid in Oct, 1913.

CINCINNATI, NEW ORLEANS & TEXAS PACIFIC RY CO. (THE)

(CONTROLLED BY SOUTHWESTERN CONSTRUCTION CO.)

History.—Incorporated Sept 8, 1881, in Ohio. Leases from the City of Cincinnati the Cincinnati Southern Ry, which was built by the City of Cincinnati under the direction of a board of five trustees, the means of construction being provided by the City through the issuance of municipal bonds. The road was completed to Chattanooga, Tenn., on Feb 12, 1880, and was leased to the Cincinnati, New Orleans & Texas Pacific Ry Co. for 25 years from Oct 12, 1881, at annual rental of \$800,000 for the first five years, \$900,000 for the second five years, \$1,000,000 for the third five years, \$1,090,000 for the fourth five years, and \$1,250,000 for the five years ending Oct 12, 1906. In 1901,

the lease was extended to Oct 12, 1966; the rental to Oct 12, 1906, being modified from July 12, 1902, to \$1,050,000 yearly, the excess of \$50,000 per quarter being deferred as it accrued and paid quarterly at the rate of \$40,000 yearly with interest on deferred payments at 3%. The rental rate under renewal is \$1,050,000 yearly for the first 20 years, \$1,100,000 yearly for the following 20 years, and \$1,200,000 yearly for the remaining 20 years. On Nov 19, 1912, the stockholders authorized the proposed change in the lease, providing for an increase in rental sufficient to cover interest and sinking fund on \$500,000 additional bonds (see below).

The City of Cincinnati issued \$2,500,000 3½% bonds for the acquisition and construction of terminals, the ownership of which is vested in the City of Cincinnati; the Cincinnati, New Orleans & Texas Pacific Ry Co. undertaking to pay the interest on the bonds, and a sinking fund of 1% per annum for their redemption. The terminals at Cincinnati which, under the terms of the lease, the lessor is obligated to construct, are not yet completed. As the funds which had been provided were not sufficient to complete the work, the Trustees secured under an Act of the General Assembly of the State of Ohio, approved May 18, 1911, the necessary authority for the issue of additional bonds of the City of Cincinnati to an amount not exceeding \$500,000, to be expended at rate of not exceeding \$100,000 per annum. Accordingly, on June 18, 1913, there was issued \$100,000 of these bonds, bearing 4% interest, which, under the terms of the lease, The C., N. O. & T. P. Ry Co. assumes. The latter company is also obligated to create a sinking fund for the payment of the bonds at maturity and to contribute thereto at the rate of 1% per annum. With this authority, the city is now in a position to complete the terminals as provided for in the lease.

Control.—The Cincinnati, New Orleans & Texas Pacific Ry is controlled by the Southwestern Construction Co., a majority of the capital stock of which is owned by the Cincinnati, Hamilton & Dayton Ry Co. and the Alabama Great Southern RR Co.

Controlled Roads.—The Company owns the entire capital stocks of the Harriman & Northeastern RR Co. and the Cincinnati, Burnside & Cumberland River Ry Co. (See statements appended.)

Mileage, June 30, 1916 (leased from City of Cincinnati).—Cincinnati, O., to Chattanooga, Tenn., 335.46 miles; trackage rights at Cincinnati (B. & O. S. W. RR & C., C. & St. L. Ry), 1.81 miles—total operated, 337.27 miles. Second track, 127.92 miles. Sidings and spur tracks, 255.07 miles. Gauge, standard. Rail (steel) 75 and 85 lbs.

Annual meeting, second Tuesday in Jan.

General office, Dayton, O.

DENVER, LARAMIE & NORTHWESTERN RR (Independent).—Inc. Feb 8, 1910, in Wyo.; successor to the Denver, Laramie & Northwestern Ry, organized to build a line from Denver northward through Wyoming to the Idaho line. First portion of road opened Jan 17, 1910; subsequent portion, May 29, 1910. In operation: Utah Junc. to Greeley, Colo., 52 miles; trackage (Greeley Terminal Ry Co. in Greeley, Colo., 1.36 miles; Denver & Salt Lake RR, from Denver to Utah Junc., Colo., 3.23 miles)—total, 56.59 miles; sidings, 9.01 miles. Gauge, standard. Rail, 75 and 85 lbs.

Equipment, June 30, 1916.—Locomotives, 7. Cars—passenger, 6; combination, 2; passenger motor cars, 2; freight (box, 65; flat, 42; stock, 30; coal, 70; refrigerator, 5; caboose, 2), total, 214; total cars, 224.

Receivership.—On June 12, 1912, the company was placed in the hands of receivers on complaint of F. A. Bridge, as a creditor, bondholder and stockholder in the District Court, City and County of Denver, Colo. The Continental Trust Co. (Allan F. Ayers, Representative), and Marshall B. Smith of Denver, Colo., were appointed as receivers and assumed charge of the properties June 13, 1912. On or about Sept 16, 1912, the Interstate Land & Investment Co. of Denver, Colo., a judgment creditor, filed an additional complaint in the same Court and the two cases were consolidated on Sept 25, 1912, and the same receivers were appointed. On Mar 7, 1913, at the request of the below mentioned Bondholders' Protective Committee, representing a large majority of the bonds, the Bankers Trust Co., Trustee under the mortgage, filed a complaint in foreclosure proceedings and asked for the appointment of receivers. The two preceding cases were consolidated with that of the Bankers Trust Co. and the same receivers were appointed. On Feb 20, 1915, the Continental Trust Co. resigned as co-receiver, leaving Marshall B. Smith of Denver, sole receiver.

Bondholders' Protective Committee: Wm. Barth, J. R. Pearson, W. E. Green, Wm. Semke, Stansbury Thompson, J. H. Bender, Denver, Colo.; J. F. Wallace, A. R. Oppenheim, New York; Fred B. Silsbee, Chas. B. Martin, Chicago, Ill.; Otto Huber, Rock Island Ill.; I. W. Crumly, Colby, Kan.

Sale Ordered.—Judge Geo. W. Allen in the District Court at Denver, on May 7, 1915, ordered the sale of the road; upset price, \$500,000.

No Sale.—Property of Co. was advertised to be sold at auction at Denver on June 16, 1915, under foreclosure of the First Mortgage, dated April 1, 1910. No bids, however, were received on that date and sale was adjourned until Sept 30, 1915. Again no bids were received and property was advertised to be sold on Oct 11, 1916; sale was again postponed to Nov 30 and then to Jan 24, 1917.

Financial Plans.—Haller and Krumbharr, engineers and contractors of New York, are working on a plan to rehabilitate this road. This plan provides for the exchange of existing claims and Receiver's certificates amounting to \$374,700, for 7% Pfd. stock at 90. The total cash required is \$427,902, of which \$73,902 is to be used to pay taxes and Court costs, and \$354,000 to rehabilitate and equip the property. It is proposed to issue about \$500,000 5% bonds to provide this cash. There will also be an issue of Com. stock, one-third of which it is proposed to distribute among Pfd. stockholders on a pro rata basis.

Capital Stock.—Common, authorized and issued, \$30,000,000, of which \$25,660,900 was outstanding on June 30, 1916, and \$4,339,100 was held by the company; par, \$100. According to Transfer Agent and Registrar there is outstanding \$29,072,800 stock. Corporation records show temporary certificates issued for \$1,409,200 5% Pfd. stock. Transfer Agent: Bankers Trust Co., New York. Registrar: Columbia Trust Co., New York. In 1912, a majority of the stock was placed in a ten-year voting trust.

Bonded Debt.—\$808,000 First Gold 5s; dated April 1, 1910; due April 1, 1940; int. A & O 1, at Bankers Trust Co., New York, Trustee, and at Denver, Colo. Coupon, \$1,000; principal may be registered. Authorized, \$22,500,000, or at rate of \$30,000 per mile, on 750 miles of road, to be issued as road is constructed. Issued, \$1,500,000, of which \$808,000 are outstanding and \$692,000 are deposited as collateral for \$228,017.24 notes. Sinking fund, \$250,000 annually from April 1, 1920 on bonds issued for first 50 miles of road. A first lien on entire property of company. Interest paid without deduction for Normal Income Tax.

Equipment Obligations.—On June 30, 1916, the following \$62,738 Equipment Trust Notes were outstanding:

(1) \$58,488 American Car & Foundry Co. 6% notes, dated Aug 15, 1910. Original issue, \$155,673, due in 26 payments. Secured on 142 cars, costing \$207,565.

FORT DODGE, DES MOINES & SOUTHERN RR.—Inc. in Nov, 1913, in Me.; successor to company of same name incorporated in Iowa and sold at foreclosure Oct 28, 1913 (see **Manual** for 1913, page 3227). Extends from Des Moines in a northwesterly direction to Boone, Ames, Rockwell City, Fort Dodge, Lehigh and Webster City, Ia., a total of 154 miles (including trackage rights over the lines to C. & P. Ry, Swanwood Junc. to Des Moines, 6.25 miles); sidings, 27.60 miles. In Des Moines, the com-

pany uses the passenger terminals of the Chicago, Rock Island & Pacific Ry; at all other points it owns its freight and passenger terminals. Road is electrically operated, but is of standard steam railroad construction; as company owns in fee over 99% of its right of way and operates under the steam railroad laws of Iowa, it is independent of franchises. In addition to the railroad, company owns the electric lighting properties in seven cities and towns operating under franchises which extend from 1934 to 1939. Power plant located at Fraser on the Des Moines River has an installed capacity of 20,000 h. p. in steam turbines; overhead transmission. Central Iowa Light & Power Co. was merged with company in Oct, 1915. Gauge, standard. Rail, steel, 70 lbs. Equipment: Electric locomotives, 13; steam locomotive, 1; passenger cars, 33; freight cars, 2,500; miscellaneous cars, 32.

Capital Stock.—Authorized, \$2,000,000 Com. and \$1,500,000 7% cumulative Pfd.; outstanding Dec 15, 1916, \$2,000,000 Com. and \$1,300,000 Pfd.; par, \$100. Pfd. stock has preference as to assets as well as dividends and is not subject to redemption. Pfd. and Com. stocks have equal voting power. Transfer Agent: Old Colony Trust Co., Boston. Dividends on Pfd. payable quarterly F, M, A & N 1, initial distribution of 1¾% having been made in Feb, 1916. Initial dividend of 1% on Com. paid May 1, 1916; Aug 1 and Nov 1, 1916, 1½% each.

Bonded Debt.—\$5,650,000 First Gold 5s; dated Dec 1, 1913; due \$50,000 annually from Dec 1, 1917, to Dec 1, 1937, inclusive, and \$4,600,000 on Dec 1, 1938; int. J & D 1, in New York. Coupon, \$100, \$500 and \$1,000; and registered, 1900 and multiples. Coupon bonds in \$1,000 denomination are registerable as to principal or exchangeable for fully registered bonds and registered bonds are exchangeable for coupon bonds in \$1,000 denomination. Old Colony Trust Co., Boston, Trustee. Authorized issue unlimited; issued, \$5,700,000, of which \$50,000 matured and paid off Dec 1, 1916. Additional bonds may be issued to the extent of 80% of the cash cost of new construction, additions, betterments or extensions or for 80% of the cash cost of additional properties, but not to exceed 80% of the replacement value of the same, and then only when the net earnings for twelve months shall have equalled one and three-quarter times the interest charges on all bonds outstanding including those proposed to be issued. Subject to call as a whole or in part at 105 and interest on any interest date upon not less than sixty days' notice. A Maintenance and Depreciation fund is provided, beginning with the fiscal year 1916, aggregating not less than 25% of gross earnings from transportation as defined in the indenture; any part of this fund not actually expended in any year for maintenance or replacements may be used to purchase additional properties against which no bonds can be issued. An Insurance fund of \$100,000 is also provided beginning with the fiscal year 1916, to be created by setting aside before payment of dividends a sum equal to 3% of company's gross earnings; this fund to be maintained at that figure. A first lien on entire property, rights, etc., of company. The \$5,700,000 issued bonds are secured by a Supplemental Mortgage to the Old Colony Trust Co., dated Sept 1, 1915, the \$4,800,000 issued under the original mortgage dated Jan 12, 1914, and held by interests identified with the company were cancelled and bonds secured by the Supplemental Mortgage were issued in their place. First publicly offered (\$5,500,000) in Oct, 1915, at prices to yield from 4½% to 5½%. Interest paid without deduction for Normal Income Tax (of 1% only).

named Committee the power to take absolute charge of the business were sent to bondholders of the Fort Smith & Western RR Co., and the San Bois Coal Co. The Agreement, effective for three years, was signed by over 70% of the bondholders, and conferred on the committee the power to vote all the stock of the signers of the agreement. The agreement was extended for two years to Jan 1, 1915. The stock of the San Bois Coal Co. was deposited with the Bankers Trust Co., New York, for the benefit of First Mortgage bondholders. The agreement also authorized the committee to sell, exchange or dispose of the property of the Ft. Smith & Western RR Co., the bonds deposited, or the San Bois Coal Co., as it may consider best, although the understanding is that no sale or exchange is to be made nor money borrowed in excess of \$100,000, without the unanimous vote of the committee.

Receivership.—Judge Frank A. Youmans in the U. S. District Court at Fort Smith, Ark., on Oct 9, 1915, appointed Gen. Mgr. Arthur L. Mills as Receiver of the property, on petition by the Superior Savings & Trust Co., Cleveland, the mortgage trustee. Interest on the \$6,240,000 bonds has been in default since Oct 1, 1907.

Sale Ordered.—Judge Frank A. Youmans in the U. S. District Court at Fort Smith, Ark., on Oct 21, 1916, ordered the property of company sold to satisfy a decree in favor of the Superior Savings & Trust Co., Cleveland, Trustee of the First Mortgage.

FRANKLIN & ABBEVILLE RY (Independent).—Inc. in Oct, 1897, in La.; reorganized in March, 1904. The Morgan's Louisiana & Texas RR & SS Co. constructed the extension from Davids Junction to Milton, La., 17.40 miles, and turned same over to the Franklin & Abbeville Ry Co. for operation on July 1, 1910. The latter company agrees to pay to Morgan's Louisiana & Texas RR & SS Co. 50% of gross revenue of the extension for 15 years from July 1, 1910, in lieu of interest on the amount expended for construction; payments to be made monthly. The Morgan's Louisiana & Texas RR & SS Co. has an option, at the end of the fifteen years, to take up the track or renew the agreement for a further term of 15 years. In case neither option is exercised, it shall then sell the extension to the Franklin & Abbeville Ry Co. at not exceeding original cost, plus cost of additions and betterments. The right-of-way was acquired by the Franklin & Abbeville Ry Co., and will remain the property of that company. Line of road: Franklin & Abbeville Junc. to Davids, La., 20.69 miles; Davids to Milton, La., 17.40 miles; Sterling to Sterling "Y," La., 2.02 miles; Sterling to Columbia, La., 1.91 miles; trackage rights (Southern Pacific Co.); Franklin to F. & A. Junc., 6.52 miles; Davids to New Iberia, La., 4.66 miles—total, 53.20 miles. Gauge, standard. Equipment: Locomotives, 4; cars, 28.

Capital Stock.—Authorized and outstanding, \$50,000; par, \$100.

Bonded Debt.—\$200,000 First 6s; dated March 1, 1904; due March 1, 1929; int. M & S 1. Authorized, \$200,000. A first lien on line from Franklin & Abbeville Junc. to Davids, La., 20.69 miles, and from Sterling to Sterling "Y," 2.02 miles.

There is also outstanding an obligation of \$153,669 due the Morgan's Louisiana & Texas RR & SS. Co. for advances for construction, equipment and betterments, secured on line from Davids to Milton, 17.4 miles.

GEORGIA & FLORIDA RY (Independent).—Inc. July 7, 1906, in Ga., to build and operate steam railroad lines in Georgia and Florida. On Aug 8, 1907, the Georgia & Florida Ry acquired by purchase, consolidation or merger the Augusta & Florida Ry, the Millen & Southwestern RR, the Atlantic & Gulf Short Line RR, the Douglas, Augusta & Gulf Ry, the Nashville & Sparks RR, and the Valdosta Southern Ry. Operations of the consolidated system began Oct 1, 1907. In Nov, 1910, the Sparks Western Ry, 18 miles, was purchased.

Additional Terminal Facilities.—In order to acquire certain properties in the cities of Augusta and Valdosta which would add materially to the railroad's terminal facilities in these two cities, provide the railroad with its own independent main line track through the city of Valdosta, and enable it to abandon the temporary arrangement under which it had been using 1.1 miles of Atlantic Coast Line RR's main line in getting through that city, the Georgia & Florida Terminal Co. was organized, under a plan

by which the Terminal Company provided the funds necessary for these improvements in Augusta and Valdosta through the issue and sale of First Mortgage 6% bonds of the Terminal Co. to the extent of not exceeding \$200,000, the principal and interest of which bonds the Georgia & Florida Ry Co. has guaranteed. The Georgia & Florida Ry owns the entire capital stock of the Georgia & Florida Terminal Co.

All the property acquired by the Terminal Co. is turned over to the Railway under a twenty-year lease agreement, the terms of the lease being that the Georgia & Florida Ry Co. shall have the full use of all the property so acquired which may be necessary for its terminal uses, and pay as rental an amount equal to the interest on the bonds of the Terminal Co. and all taxes and costs of maintenance.

Receivership.—Judge Hammond in the Superior Court at Augusta, Ga., on March 27, 1915, upon petition by the Baltimore Trust Co., Trustee for the mortgage dated Nov 1, 1906, placed the property, the company admitting its insolvency, in the hands of the following receivers: Col. J. M. Wilkinson, Valdosta, Ga.; Harry R. Warfield, V-P of Baltimore Trust Co., and W. R. Sullivan with Redmond & Co., New York and formerly with the Atlantic Coast Line RR. On March 2, 1916, Langbourne M. Williams of John L. Williams & Sons, Richmond, Va., was appointed Receiver to succeed Col. J. M. Wilkinson, deceased.

Bondholders' Committee.—In Feb, 1916, the following committee was appointed to act for the protection of the First Mortgage bondholders: Franklin Q. Brown, Douglas H. Gordon, Eppa Hunton, Jr., H. C. Huffer, Jr., Dudley Olcott, II, S. C. Rowland, R. Lancaster Williams and Langbourne M. Williams, with W. R. Sullivan, 31 Pine St., New York, as Secretary, Munford, Hunton, Williams & Anderson, Richmond, Va., as Counsel, Baltimore Trust Co., Baltimore, Md., as Depositary, and the Central Trust Co., New York, and the Richmond Trust & Savings Co., Richmond, Va., as Agents of the Depositary. Bondholders were requested to deposit their bonds with the above Depositaries.

Mileage Operated, June 30, 1916.—Lines owned: Main line, Keysville, Ga., to Madison, Fla., 223.7 miles; Millen division, Millen to Pendleton, Ga., 43.6 miles; Douglas Junc. to Barrows Bluff, Ga., 17.1 miles; Nashville to Kingwood, Ga., 31.9 miles; Sparks Junc. to Adel, Ga., 2.2 miles—total, 318.5 miles. Trackage: Central of Ga. Ry at Millen, Ga., 0.4 mile; A., B. & A. Ry, Kingwood, Ga., to Moultrie, 2.2 miles; Augusta Southern Ry, Keysville to Augusta, Ga., 25.9 miles—total, 28.5 miles. Mileage under contract with Georgia & Florida Terminal Co. at Valdosta, Ga., 1.1 miles. Total operated mileage, 348.10 miles. Sidings owned, 43.41 miles. Gauge, standard.

Equipment: Locomotives, 30; passenger cars, 24; sleeping cars, 2; baggage and express car, 1; freight cars—box, 225; flat, 292; stock, 6; caboose, 11—total, 534. Service cars, 43.

Capital Stock.—Authorized and outstanding, \$5,250,000 Com. and \$3,500,000 Pfd.; par, \$100. The Pfd. stock has preference as to non-cumulative dividends at the rate of 4% per annum, and may also receive 2% additional after 4% has been paid on the Com., but is not entitled to any further share of the net profits. Transfer Agent: Baltimore Trust Co., Baltimore. Registrar: Fidelity Trust Co., Baltimore, Md.

Bonded Debt.—\$5,610,000 First Gold 5s; dated Nov 1, 1906; due Nov 1, 1956; int. M & N 1, at Columbia Trust Co., New York, and at Baltimore Trust Co., Baltimore, Trustee; also on sterling bonds at Parr's Bank, Ltd., London, Eng., at rate of \$4.86¼ per £. Coupon, \$500 and \$1,000, or £102 18s. 8d. and £205 17s. 4d.; principal may be registered. Authorized, \$12,000,000, limited to \$20,000 per mile on road owned; issued, \$6,452,000, of which \$5,610,000 are in hands of the public, \$212,000 are in hands of Trustee to retire an equal amount of Millen & Southwestern RR bonds, and \$630,000 are in the company's treasury. A first lien on the properties of the company, subject to the undernoted \$212,000 Millen & Southwestern RR bonds on 53 miles of road. \$1,000,000 of these bonds were offered in London in Nov, 1912, at 86.

Coupon Funding Agreement.—Under an agreement dated Aug 15, 1913, holders of over 80% of the First Mtge. bonds described above agreed that the payment of the interest accruing up to May 1, 1916 on the bonds be postponed until Nov 1, 1918, the Company to issue its notes to the holders of said coupons, which notes shall bear interest from the respective maturities of the coupons for which same are issued. Each bondholder becoming a party to the agreement agreed to deposit with the Baltimore Trust Co., Depositary, the coupons maturing on and after Nov 1, 1913, up to and including the coupons due May 1, 1916. Instead of asking the immediate deposit of all six coupons, the agreement was changed so that the coupons are only to be deposited as they severally mature. The Company covenants that it will pay to each bondholder becoming a party to the agreement, on or before Nov 1, 1918, the face value of the coupons deposited, with interest at 5% per annum, payable semi-annually upon the

face amount of said coupons from their respective maturities. If the Company shall commit any default in its obligations under the agreement, the coupons will then be returned to the depositor.

\$212,000 Millen & Southwestern RR First 5s; dated April 1, 1905; due April 1, 1955; int. A & O 1, at Hanover National Bank, New York. Coupon, \$1,000. Columbia Trust Co., New York. Trustee. Authorized, \$800,000, but mortgage is closed. A first lien on 53 miles of road, Millen to Vidalia, Ga. Interest paid without deduction for Normal Income Tax.

\$2,000,000 General Gold 6s; dated Feb 1, 1912; due Feb 1, 1932; int. F & A 1, at Columbia Trust Co., New York. Coupon, \$500 and \$1,000; principal may be registered. Fidelity Trust Co., Baltimore, Trustee. Authorized, \$2,000,000. The interest accruing up to and including Feb 1, 1922, may, at the discretion of the board, be paid either in cash or in scrip obligations bearing 5% interest, which may be converted into 5% coupon bonds or obligations as per the terms of the mortgage when presented in multiples of \$300. The bonds and the 5% scrip obligations may be called for payment at par and interest on any interest date upon 60 days' notice. Secured by mortgage on entire property, subject to prior liens. First offered (\$2,000,000) to Com. and Pfd. stockholders of record March 19, 1912, at 52 and interest. Interest paid without deduction for Normal Income Tax.

Annual meeting, third Tuesday in Oct.

General office, Jacksonville, Fla.

MANILA RY CO. (1906), LTD.

Registered Dec 13, 1906, in Great Britain; successor to the Manila Ry Co., Ltd. The present company was formed for the purpose of receiving the securities of The Manila RR Co. (of N. J.), issued in payment for the property of the old Co., and of acquiring by purchase further securities of the Manila RR Co. (of N. J.), issued to obtain money for construction of new lines and for other purposes.

Agreement.—Holders of the "A" and "B" Debenture bonds and stock voted July 18, 1916, to sanction the following:

- (1) A provisional agreement dated Dec 18, 1915, between the Manila RR Co., the Manila Ry Co. (1906), Ltd. and the Government of the Philippine Islands, providing for:
 - (a) The purchase by the Government in cash for pesos 8,000,000 (equivalent to \$4,000,000 United States currency) of all the Pfd. stock and Com. stock of the Manila RR Co. held by the Trustees as part of the security for the "A" and "B" Debenture bonds and stocks of the English company.
 - (b) The adjustment of accounts between the English company and the American company to Dec 31, 1915, and the ascertainment of the net balance due to the English company.
 - (c) The satisfaction of the net balance so ascertained as to \$1,190,000 (approximately) partly thereof by new 5% bonds of the American company (part of the new issue below referred to) and as to the remainder by 4% Southern Lines bonds of the American company.
 - (d) The cancellation of the existing agreements between the two companies dated respectively Jan 1, 1907, Jan 28, 1910, and Jan 14, 1913, and the release of the English company from all liabilities to the American company and the Government under the said agreements, including the construction of railways by the English company.
 - (e) The cancellation of all the \$4,330,000 First Mtge. 6% bonds and \$7,716,000 Second Mtge. 7% bonds of the American company now forming part of the security for the "A" and "B" Debenture bonds and stock of the English company and the issue by the American company in lieu thereof of its new 5% 40-year bonds of the same nominal value and limited in amount to the amounts of First and Second Mtge. bonds already issued plus the \$1,190,000 (approximately) new bonds mentioned below.
 - (f) The waiver by the Government of all defaults by the American company under its concessions and of all rights to forfeit any concessions or franchises, and the release by the English company of all claims against the American company and the Government except under bonds and mortgages.
 - (g) The assumption by the Government of the management and control of the American company's undertaking.
 - (h) The extension of the time for the completion of the lines and for the payment by the American company of the loans made to it by the Government.
 - (2) Dependent on above agreement being confirmed:
 - (a) The application of not exceeding £590,000 of the cash to be received from the Government as the price of the Pfd. and Com. stocks of the American company towards paying off and discharging certain banks and other creditors of the English company who now hold as security for their loans or debts £500,000 "A" Debenture bonds and £620,000 "B" Debenture bonds (together with certain Southern Lines bonds) whereby such "A" and "B" Debenture bonds will be cancelled and the nominal amount outstanding of the "A" Debenture bonds and stock will be reduced to £2,000,000 and of the "B" Debenture bonds and stock to £1,880,000.

(b) The reduction of the rate of interest on the reduced amount of "B" Debenture bonds and stock to 3½% as from April 15, 1916.

(c) The application out of the said price of the Pfd. and Com. stocks of the American company of a further sum not exceeding £120,000 cash for the purpose of satisfying the amount due to the Commissioners of Inland Revenue and certain other debts of the English company which must be satisfied in cash.

(d) The release from the security for the "A" and "B" Debenture bonds and stock of:

(1) The Pfd. and Com. stocks of the American company; (2) The cash authorized to be applied under (a) and (c); (3) The First and Second Mtge. bonds of the American company, and (4) any rights to Southern Lines bonds.

And the securing of the reduced nominal amount of "A" and "B" Debenture bonds and stocks henceforth by First and Second charges respectively upon the following securities, viz.:

(1) £13,236,000 (about) new 5% First Mtge. bonds of the American company.

(2) \$2,000,000 (approximately) of Southern Lines First Mtge. 4% gold bonds; also the balance which will remain after the applications aforesaid of the cash received from the sale of the stocks of the American company.

(e) The application by the Trustee at its discretion of the balance of cash above referred to in the redemption by purchase in the market of Debenture bonds or stock.

(f) A provision that the English company shall before payment of dividends in any year appropriate out of the net profits of such year available for dividends the sum of £5,000, together with a sum equivalent to the interest on any "B" Debenture bonds or stock that may have been previously purchased and cancelled by means of such appropriation (or such lesser sum as shall represent the total net profits available for dividends) and apply the same in redemption by purchase and cancellation of the "B" Debenture bonds or stock.

Capital Stock.—Authorized, £2,000,000 Ordinary shares and £2,000,000 5% non-cumulative Preference stock; outstanding, £399,340 Ordinary and £2,000,000 Pfd; par, £10. The Preference shares were converted to Preference Stock as of Jan 1, 1912. The entire outstanding Ordinary shares and equivalent of £1,180,000 Preference stock were issued in exchange for shares of the old Company. Initial dividend of 1% on the Preference stock was paid in July, 1912; also 1% each July 24, 1913, and July 31, 1914; none since. Preference stock listed on London Stock Exchange.

Bonded Debt.—£2,000,000 Series "A" Debenture 4s; due Jan 15, 1956; int. J & J 15, at Speyer Bros., London, Eng. Coupon, £20, £50, £100 and £200. Merchants' Trust Co., Ltd., London, Trustee. Authorized and issued, £2,500,000, of which £500,000 have been cancelled (see under "Agreement" above). Convertible at any time into registered Debenture stock. Subject to call at any time after 1925, at 105, on six months' notice. To be secured by pledge of approximately £13,236,000 Manila RR Co. new First Mortgage 5% bonds and approximately \$2,000,000 Manila RR Co. Southern Lines First Mortgage 4% bonds. (See under "Agreement" above). Listed on London Stock Exchange.

£1,880,000 Series "B," Debenture 3½s (reduced from 4s as from April 15, 1916, by terms of agreement specified above); due April 15, 1956; int. A & O 15, at Speyer Bros., London, Eng. Coupon, £20, £50, £100 and £200. Merchants' Trust Co., Ltd., London, Trustee. Authorized, £2,500,000; issued £2,500,000, of which £620,000 have been cancelled (see under "Agreement" above). Convertible at any time into registered Debenture stock. Secured on the same collateral as, but subject to the lien of the 4% "A" Debentures (see above). Listed on London Stock Exchange.

Interest Deferred.—Owing to the delay in the settlement of the agreement between the Philippine Government, the Manila RR Co. and the company, the payment of the coupon due Oct 15, 1916, on the above "B" Debenture bonds (which is in accordance with the resolutions passed at the meeting of bondholders held July 18, 1916, at the rate of 3½% per annum) was deferred until further notice.

£1,000,000 5% Registered Debenture Stock; Trust Deed dated Feb 11, 1913; due June 1, 1939; int. J & D 1, at London County & Westminster Bank, Ltd., Trustee. Authorized, £1,000,000. Subject to call at par and interest at any time. Secured by deposit with Trustees of 125% of face value in Manila RR Co. (Southern Lines) 4% gold bonds. Also a lien on the Northern Lines, subject to the "A" and "B" Debentures. Listed on London Stock Exchange.

Income Account, year ended Dec 31, 1914.—Interest received on Manila RR bonds, £207,067; transfer fees, £48—total, £207,115. Deductions: Directors' fees, salaries, etc., £8,331; general interest, £16,099; interest on Debenture bonds and stock, £192,420; Preference dividends (1%), £20,000—total deductions, £236,850. Annual meeting, in August (in 1915 on Aug 10).

Office, 286 Dashwood House, New Broad St., London, E. C.

MANILA RR (THE) (Controlled by Philippine Government).—Inc. June 6, 1906, in N. J.; successor to the old English Company holding concession from the Spanish Government for 820 miles of railroad in the Island of Luzon, in the Philippine Islands.

The lines of railroad authorized by the Co.'s concessions are divided into two systems: the "Northern Lines," which will when completed comprise approximately 350 miles to the north of Manila; the other, the "Southern Lines," which will when completed comprise approximately 470 miles, all but about 20 miles, to the south of Manila and a Port Line in Manila connecting the wharves and warehouses lately built by the Government. There was in operation Jan 1, 1915, 315 miles of the "Northern Lines," and 235 miles of the "Southern Lines." Under the concessions the two systems are required to be kept separate and distinct, and are to be constructed, maintained and operated, and their books and accounts kept as if owned by separate and independent companies. The two systems will have a common terminus in the City of Manila, be under the same management, and enjoy every facility for a free exchange of traffic.

The Company's lines of railroad comprise (with the exception of suburban electric lines) the entire railroad system of the Island of Luzon.

The concessions provide that there shall be paid annually, for 30 years, $\frac{1}{2}$ of 1%, and for 50 years thereafter, $1\frac{1}{2}$ % of the gross earnings of the company in lieu of all taxes of every name and nature.

Government Purchase.—The Philippine Assembly bill authorizing the purchase of the Manila RR for 8,000,000 pesos or \$4,000,000 was passed by the Philippine Commission on Feb 3, 1916. This bill ratified the agreement reached on Dec 18, 1915, between Governor-General Harrison and H. L. Higgins, President of the road. The sale was ratified on Sept 8, 1916, when the contract was signed by Governor-General Harrison and President Higgins. The Philippine Government sold in Oct, 1916, \$4,000,000 4% bonds to provide for the purchase.

Agreement.—See under Manila Ry Co. (1906), Ltd.

Equipment: Locomotives, 113. Passenger cars, 245; freight, 1,601; service, 54.

Capital Stock.—Authorized, \$3,500,000 Com. and \$6,500,000 7% cumulative Pfd.; outstanding, \$2,130,700 Com. and \$3,652,800 Pfd. All owned (except directors' qualifying shares) by the Philippine Government.

BONDED DEBT.

\$10,575,000 Southern Lines First Gold 4s; dated June 1, 1909; due May 1, 1939; int. M & N 1, at Speyer & Co., New York. Farmers' Loan & Trust Co., New York, Trustee. Coupon (principal may be registered), \$1,000, and registered, \$1,000, \$5,000, \$10,000 and \$25,000; interchangeable. Both principal and interest payable in New York, in United States gold coin, or in the case of coupon bonds, at the holder's option, in London at the rate of \$4.86 per pound Sterling; or in Frankfurt-on-Main or Berlin

at the rate of marks 4.20 per dollar; or in Amsterdam at the rate of florins 2.48 per dollar; or, if made payable in France, Belgium or Switzerland, at the rate of francs 5.16 per dollar. Authorized issue, \$30,000,000. Subject to call as a whole, but not in part (except where the redemption takes place by drawings under the sinking fund provisions), at 110 and interest on any interest date upon three months' notice. Sinking fund, $\frac{1}{2}\%$ of bonds outstanding from May 1, 1919 to 1928, and 1% of bonds outstanding from May 1, 1929, to maturity, must be provided before any dividends can be paid on the stock out of earnings of the "Southern Lines." This fund is to be used to purchase these bonds at not exceeding 110 and interest, or to drawings at that price, or for purchase of securities that are legal for New York to be held as additional security for the bonds. A direct first lien on the whole of the "Southern Lines" and the equipment thereof. Interest guaranteed by the Government of the Philippine Islands by endorsement on each bond. These bonds will be accepted by the U. S. Treasury Department as security for deposits of the public money of the United States in National Banks at 90% of their market value, but not to exceed 90% of their par value, whenever further deposits are to be made. On Dec 31, 1914, the Manila Ry Co. (1906), Ltd., owned \$6,889,000 of the outstanding bonds. Listed on the New York and London Stock Exchanges. First publicly offered (\$2,000,000) in July, 1910, at 86 and interest. Interest paid without deduction for Normal Income Tax.

New Mortgage.—In accordance with the terms of the agreement, provisions of which are given on a preceding page, the Manila RR Co. will create a new First Mtge. bearing 5% interest under which approximately \$13,236,000 bonds will be issued and pledged under the Manila Ry Co. (1906) Ltd., "A" and "B" Debentures.

MINNEAPOLIS & ST. LOUIS RAILROAD CO. (THE)

(See Accompanying Map)

Incorporated July 1, 1916, in Iowa; a consolidation under agreement dated May 10, 1916, of the Minneapolis & St. Louis RR (see *Manual* for 1916, *Railroad Volume*, page 1014), a corporation organized in Minnesota and Iowa, and the Iowa Central & Western Ry Co., an Iowa corporation having \$918,000 capital stock, of which \$900,000 was owned by the Minneapolis & St. Louis RR. The plan of readjustment dated Jan 31, 1916, was ratified on June 19, 1916, by a majority vote of the stockholders and shortly thereafter was approved by the Iowa State Executive Council, thereby becoming effective. The consolidation was effected by means of subscription privileges offered stockholders of the former Minneapolis & St. Louis RR and by exchange of stock of the two constituent companies for that of the present company on the terms given below. The consolidation was carried out subject, however, in the case of the Iowa Central & Western Ry, to the lien of the Iowa Central Ry First & Refunding mortgage and in the case of the former Minneapolis & St. Louis RR, to the Refunding & Extension mortgage.

The consolidated company delivered to the former Minneapolis & St. Louis RR Co., \$22,651,000 par value, of its stock and to the Iowa Central & Western Ry, \$9,000 of its stock. Of the \$22,651,000 thus delivered, \$17,793,100 was offered for subscription to the Com. and Pfd. stockholders of the former Minneapolis & St. Louis RR at

the following rates and in the following proportions, for each \$100 of stock held respectively: To Pfd. stockholders, \$80 par value of new stock for \$20 in cash, and to Com. stockholders, \$78 par value of new stock for \$20 in cash. It was also provided that so much of this stock thus offered for subscription as had not been taken up by stockholders entitled thereto should be otherwise disposed of.

Out of the proceeds of the sale of the above \$17,793,100 new stock, the former Minneapolis & St. Louis RR Co. delivered to the new company \$4,180,200 cash and received in exchange additional capital stock of that company to the amount of \$3,132,600. This \$3,132,600, together with \$4,857,900 capital stock previously delivered to it and not theretofore distributed was thereupon distributed without payment to the former Minneapolis & St. Louis RR stockholders, as follows: To Pfd. stockholders of the old company, \$70 par value of new stock for each \$100 Pfd. stock held, and to Com. stockholders, \$22 par value of new stock for each \$100 Com. stock held.

The \$9,000 par value of new stock delivered to the Iowa Central & Western Ry Co. was distributed to that company's stockholders (other than the former Minneapolis & St. Louis RR Co.) in the proportion of \$50 par value of new stock for each \$100 par value of old stock held.

The \$20 cash above referred to, payable by the Com. and Pfd. stockholders of the former Minneapolis & St. Louis RR Co. for their respective allotments of stock of the present company, was payable in four installments of \$5 each, at the Guaranty Trust Co., New York, or at Merchants National Bank, Boston. The first installment was payable July 5, 1916, the second July 21, 1916, the third Aug. 7, 1916, and the fourth Sept 1, 1916. It was reported that the syndicate which underwrote these stock subscriptions was required to provide about 60% of the amount. The cash thus realized amounting to \$4,530,200 was applied first to the retirement of notes of the old company which matured Feb 1, 1916, and second to the liquidation of bills payable of the old company, syndicate commissions, etc., and the providing of working capital for the new company.

ESTIMATED CASH REQUIREMENTS.

The estimated cash requirements of the Plan were \$4,530,200, made up as follows:		
To retire Notes maturing Feb 1, 1916.....		\$2,500,000
To retire outstanding bills payable.....		800,000
To reduce amount of outstanding audited vouchers.....		300,000
To provide for payment of syndicate commissions, expenses of readjustment, etc.....		350,000
To New Company for working capital, etc.....		580,200
		\$4,530,200

SYNDICATE.

A syndicate was organized by Hayden, Stone & Co. and J. S. Bache & Co. as Syndicate Managers, which agreed to underwrite the entire amount of the cash requirements of the Plan. The Syndicate Managers received as their compensation for managing the syndicate, a commission of 2%, or \$90,604, of the maximum syndicate obligation of \$4,530,200, and the subscribers to said syndicate received a commission of 4% of said amount, or \$181,208.

The present Minneapolis & St. Louis RR Co. owns a one-ninth interest in the stock and jointly with eight other companies guarantees the bonds of St. Paul Union Depot Co., also a one-ninth interest in the Minnesota Transfer Ry.

Merger of Des Moines & Fort Dodge RR.—On Feb 24, 1915, the stockholders of the former Minneapolis & St. Louis RR Co. authorized the purchase of the Des Moines & Fort Dodge RR, and for this purpose the Minneapolis & St. Louis RR Co. set apart the following securities: \$381,750 Pfd. stock, \$2,141,550 Com. stock and \$425,000 Refunding & Extension 5% Gold bonds. The holders of the \$763,500 Pfd. stock of the Des Moines & Fort Dodge RR Co. received 50%, or \$50 in Pfd. shares, and 50%, or \$50 in Refunding and Extension bonds of the Minneapolis & St. Louis RR Co. for each share of their Pfd. stock. The holders of the Com. stock of the Des Moines & Fort Dodge RR Co. received 50%, or \$50, in Com. shares of the Minneapolis & St. Louis RR Co. for each share of their Com. stock.

The stock and bonds not required for the purposes of exchange were turned over to the Minneapolis & St. Louis RR Co. in compensation for its stock interest in the Des Moines & Fort Dodge RR Co. to be disposed of for corporate purposes. A deed conveying the Des Moines & Fort Dodge RR to the Minneapolis & St. Louis RR was filed on Aug 9, 1915, in Des Moines.

Minneapolis, St. Louis & Canadian Ry.—Incorporated July 22, 1912, in Minn., with \$7,000,000 authorized capital stock, to build a line in the interest of the Minneapolis & St. Louis RR Co., from Watertown, S. D., to the Canadian border, about 325 miles, to connect with the Canadian Northern and the Grand Trunk Pacific lines.

MISSOURI, OKLAHOMA & GULF RY (Independent).—Inc. Oct 24, 1904, in Okla., to construct a railroad from Wagoner, Okla., to Denison and Sherman, Tex. Line of road: Wagoner via Muskogee and Henryetta to Red River, Okla., 205.30 miles; Dewar to Coalton, Okla., 9.00 miles; Arkansas Junc. to Lowerre, Okla., 2.41 miles; Bromide Junc. to Bromide, Okla., 4.00 miles; trackage (St. L.-S. F. Ry), Baxter Springs, Kan., to Ruth, Mo., 14.44 miles; (Mo. Pacific Ry), Ruth to Joplin, Mo., 0.96 mile—total operated, 236.11 miles; sidings, 31.56 miles. Gauge, standard. Rail, steel, 70 lbs. Equipment: Locomotives, 48; passenger cars, 23; freight cars (box, 112; flat, 127; gondola, 251; ballast, 50; coal, 765; tank, 46; refrigerator, 6; stock, 25; caboose, 26), 1,408; service cars, 28.

Note.—In addition to the mileage operated as above, 236.11 miles, the Missouri, Oklahoma & Gulf RR, extending from Wagoner, Okla., to Baxter, Kans., 98.26 miles, is operated in connection with this system, the total mileage aggregating, as at June 30, 1916, including trackage rights, 334.37 miles.

Missouri, Oklahoma & Gulf RR Co.—Inc. Dec 11, 1911, in Okla., with \$20,000,000 capital stock (par, \$100), of which \$10,000,000 has been issued, to build lines from Henryetta to Oklahoma City, Okla., Wagoner, Okla., to Joplin, Mo., and Denison to Dallas and Fort Worth, Tex. The line between Wagoner and Joplin is now in operation. The articles of incorporation permit of the construction and acquisition of roads in any part of Oklahoma or elsewhere, provided they make a continuous system. The company has filed a mortgage to the St. Louis Union Trust Co., as Trustee, to secure an issue of \$20,000,000 First Mortgage 5% bonds, limited to \$27,500 per mile, of which \$10,655,200 are outstanding. The bonds are dated Dec 15, 1911, due Nov 1, 1961; int. M & N 1. Denominations, \$100 or 515 francs. Subject to call on or after Nov 1, 1917, for sinking fund at par, and as an entire issue at 102 and interest. The \$75,000 First Mtge. bonds of the Missouri, Oklahoma & Gulf Ry of Kansas, and \$350,000 First Mtge. bonds of the Missouri, Oklahoma & Gulf Ry of Texas are deposited under the mortgage as additional security.

Receivership.—Pres. Wm. Kenefick was appointed temporary Receiver Dec 11, 1913, for the properties of the Missouri, Oklahoma & Gulf Ry and Missouri, Oklahoma & Gulf RR by Judge Hook in the Federal Court at St. Louis, on application by the Baldwin Locomotive Works, a secured creditor to extent of approximately \$206,000. The Nov, 1913, and subsequent coupons on the First Mtge. bonds are in default. On Jan 12, 1914, L. S. Posner of New York, and Alexander New of Kansas City, Mo., were appointed Receivers in place of Wm. Kenefick, who asked to be relieved of the duty. Alexander New, of Kansas City, Mo., and H. C. Ferris, of Muskogee, Okla., are now receivers for company, L. S. Posner having designed, effective March 1, 1915.

Capital Stock.—Authorized, \$10,000,000; outstanding, June 30, 1916, \$8,474,000; par, \$100. Stock all held by voting trustees: Wm. Kenefick, Henry Brunner, J. S. Keefe, Alexander New and Arthur Day.

Bonded Debt.—\$7,007,000 First Gold 5s; dated Nov 1, 1904; due Nov 1, 1944; int. M & N 1, at St. Louis Union Trust Co., Trustee. Coupon, \$100, \$500 and \$1,000; principal may be registered. Authorized issue, \$10,000,000, but limited to the rate of \$25,000 per mile of main track, the Trustee being authorized to certify only as 5-mile sections are completed and ready for operation. Subject to call at 107 and interest on any interest date upon six months' notice.

The interest on all bonds outstanding was unconditionally guaranteed until Nov 1, 1913, by the Wm. Kenefick Co. of Kansas City, Mo.

A first lien upon the entire property of the company, including the entire mileage of railroad in Oklahoma together with terminals at Muskogee, stations, section houses and tool shops, machine and repair shops, coaling and water stations, bridges and all rights of way, franchises, real estate, etc., now owned or hereafter acquired. Listed on the Paris Bourse. Nov 1, 1913, and subsequent interest in default.

\$1,467,000 Second Gold 5s; of which \$1,254,000 due June 1, 1925, and \$213,000 due May 15, 1932; int. M & N 1, at St. Louis Union Trust Co., and in Paris, France. Of the \$1,767,000 issued, \$300,000 are pledged as collateral.

\$523,025 6% Equipment Notes as follows: \$358,170 American Car & Foundry Co. notes, \$152,169 Baldwin Locomotive Works notes, and \$12,686 Barney & Smith Car Co. notes; final payments due Feb 20, 1920.

\$66,506 Baldwin Locomotive Works 6% Notes; dated Nov 19, 1915; final payment due Nov 19, 1919.

Receivers' Certificates.—\$1,500,000 Two-year 6% Gold Receivers' certificates; dated Feb 20, 1915; due Feb 20, 1917; int. F & A 20, at Fidelity Trust Co., Kansas City, Mo. Denomination, \$1,000. Authorized issue, \$1,750,000. These certificates were authorized

by Judge Hook in U. S. District Court at Kansas City, on Feb 19, 1915, and cover the properties of both the Missouri, Oklahoma & Gulf Ry Co. and Missouri, Oklahoma & Gulf RR Co.

NATIONAL RAILWAYS OF MEXICO

(FERROCARRILES NACIONALES DE MEXICO.)

History.—Incorporated in the City of Mexico, March 28, 1908, pursuant to a decree of the Federal Executive of Mexico, dated July 6, 1907, issued in accordance with a law of the Congress of Mexico, promulgated Dec 26, 1906, for the purpose of taking over and uniting the properties of the National RR Co. of Mexico and the Mexican Central Ry Co., Ltd., with power to acquire, construct and operate other lines of railroad.

Under a Plan and Agreement of Readjustment and Union, dated April 6, 1908 (declared operative May 28, 1908), practically all of the bonds and stocks of the constituent companies were deposited, and the present company acquired the properties and assets of the National RR Co. (including the Hidalgo & Northeastern RR, 152 miles, taken over by the National Co. on Dec 31, 1908), on Jan 1, 1909, and those of the Mexican Central Ry Co. on Jan 30, 1909, the corporate existence of the two companies being maintained, however, until such time as it is found desirable to dissolve them.

The operation of the National RR Co. (including the Hidalgo Line) was assumed as of Jan 1, 1909, and of the Mexican Central as of Feb 1, 1909.

By the purchase of the stock of the Interoceanic Ry of Mexico (1,047 miles, including the Mexican Eastern Ry, Ltd., and the Mexican Southern Ry, Ltd.), from the National Company, and by reason of the transfer on June 30, 1910, to it of the Mexican International RR Co. (905 miles), on Nov 1, 1913, of the Vera Cruz to Isthmus RR Co. (340 miles), and on March 1, 1914, of the Pan-American RR (285 miles), the Ferrocarriles Nacionales de Mexico controls a total of 8,075.83 miles of railroad.

The Ferrocarriles Nacionales de Mexico operates under lease the Mexican Union RR, the Michoacan & Pacific Ry, Ltd., and the Coahuila Coal Ry, and controls through ownership of entire capital stock, the Texas-Mexican Ry (See statements appended).

Mexican International RR.—By the purchase from the Southern Pacific Co. of a considerable number of shares of this Company, the Ferrocarriles Nacionales de Mexico, became the owner of 206,023 of the total 207,082 shares comprising the capital stock issued by that Company, and this permitted the execution of the deed transferring all of the property of the Mexican International RR Co. to the Ferrocarriles Nacionales de Mexico; which transfer took effect as of June 30, 1910.

Mexican Pacific Ry.—The Ferrocarriles Nacionales de Mexico being the only holder of the stock of the Mexican Pacific Ry, it was deemed convenient to transfer all of the properties of that Company to the Ferrocarriles Nacionales de Mexico; the transfer becoming effective as of July 1, 1909.—See **Manual** for 1911, page 449.

Brownsville & Matamoras Bridge Co.—The Ferrocarriles Nacionales de Mexico owns equally with the St. Louis, Brownsville & Mexico Ry Co. the entire capital stock of the Brownsville & Matamoras Bridge Co., which company owns the concessions granted by the Governments of the U. S. and Mexico, and has constructed a bridge over the Rio Grande River, connecting the towns of Matamoras, Mex., and Brownsville, Tex., opened for traffic on July 21, 1910. The company also guarantees, jointly with the St. Louis, Brownsville & Mexico Ry Co., \$666,000 (Mexican currency) First Mtge. bonds issued by the Bridge Co. The company owns practically all the outstanding stock of the Mexican National Construction Co., which in turn owned a majority of the stock of the Brownsville Ferry Co., Ltd. The Brownsville & Matamoras Bridge Co., being desirous of acquiring the property of the Ferry Co., submitted a proposition to the stockholders of that company offering to exchange its 4% Guaranteed Gold bonds, par for par, for the stock of the Ferry Co. These bonds to be guaranteed jointly by the St. Louis, Brownsville & Mexico Ry Co. and the Ferrocarriles Nacionales de Mexico, and the issue limited to \$100,000, the amount of the capital stock of the Ferry Co. The proposition being favorably considered, the exchange was authorized. (See *General Index*.)

Vera Cruz to Isthmus RR.—In Aug, 1910, the Company made a contract with the Mexican Government by virtue of which all the stock of the Vera Cruz & Pacific RR Co. and the Vera Cruz to Isthmus RR Co., owned by the Government, was acquired, by cash payment of \$100,900 (Mexican currency), and the obligation on the part of Ferrocarriles Nacionales de Mexico to pay the interest on the bonds of the Vera Cruz & Pacific RR with the condition that in the event the earnings of the lines of the Vera Cruz to Isthmus RR should not cover said interest, the Federal Government would contribute for that purpose up to the fiscal year of 1912-13, the amounts of \$450,000, \$350,000, and \$150,000 as maximum during the fiscal years of 1910-11, 1911-12, and 1912-13, respectively, it being further provided that after June 30, 1913, the Mexican Government would participate in the net earnings which might result from the operation of the lines covered by said contract.

The Vera Cruz to Isthmus RR completed the construction of two branches: one beginning at Burro Station (formerly Rives) to San Andres Tuxtla; the other from Tres Valles (formerly Brisbin) to San Cristobal and Cerro Colorado. The total length of these branches is 124.7 kilometers. These branches having been completed, it was considered opportune to transfer the physical property, concessions and rights owned by said Company to Ferrocarriles Nacionales de Mexico. Accordingly, at a meeting of the latter's directors held on June 27, 1913, it was resolved that this be done. The consideration for the main line and the Tierra Blanca Branch of the Vera Cruz to Isthmus RR to be the surrender to the liquidators of that Company of all its capital stock owned by the Ferrocarriles Nacionales de Mexico, and the assumption by the latter Company of all the obligations of the Vera Cruz to Isthmus RR; the consideration for the new branch lines to be the return to the Vera Cruz to Isthmus RR of notes given by it to Ferrocarriles Nacionales de Mexico to amount of \$3,044,746.03 (pesos) to June 30, 1915, representing cost of said branches. Corresponding action was taken by directors and stockholders of the Vera Cruz to Isthmus RR. The Deeds of Transfer were executed Nov 1, 1913, and the operations of these lines have since been included with those of

Ferrocarriles Nacionales de Mexico. At the same time the Vera Cruz to Isthmus RR was liquidated in accordance with the laws of the Republic of Mexico, but as the Vera Cruz & Pacific RR Co. has outstanding \$7,000,000 bonds which are a prior lien on the main line and Tierra Blanca Branch of the Vera Cruz to Isthmus RR, its corporate existence will be continued.

Pan-American RR.—On March 1, 1914, the Ferrocarriles Nacionales de Mexico assumed the ownership and control of all railway lines and other property of the Pan-American RR Co. The consideration therefor, was the assumption by the Ferrocarriles Nacionales de Mexico of all the obligations of the Pan-American RR Co., among which were \$1,600,000 (U. S. Currency) 6% Collateral Trust Notes of Pan-American Co., due Oct 1, 1914, of which \$176,000 were in treasury of Ferrocarriles Nacionales de Mexico. Of the collateral pledged as security for these notes there belonged to the Ferrocarriles Nacionales de Mexico, \$9,600,000 (reduced to \$96,000 on Jan. 7, 1913, by action of stockholders) capital stock and \$2,170,000 General Gold 5% bonds of the Pan-American RR Co. The directors of the Ferrocarriles Nacionales de Mexico, desiring to retain control of this property made an issue of \$1,403,000 notes with which to purchase an equal amount of the notes of the Pan-American Co. not then held. On Oct 1, 1914, the \$1,579,000 Pan-American Notes thus acquired and held by Ferrocarriles Nacionales de Mexico, were surrendered to the Trustee of the Agreement under which they were issued and cash for the remaining \$21,000 Notes outstanding were deposited with it, thereby relieving the collateral pledged, which was then deposited in treasury of Ferrocarriles Nacionales de Mexico. The corporate identity of the Pan-American RR Co. has, however, been maintained.

Parallel Lines.—One of the considerations weighing in the merger of the companies now forming the Ferrocarriles Nacionales de Mexico was the elimination of certain parallel lines, the traffic of the region not being sufficient to sustain both tracks. The Committee appointed to investigate the matter recommended the abandonment of 464.53 kilometers of lines. In accordance with the provisions of the mortgages, the consent to the suppression of the concessions covering these lines was requested, and received, and the work of taking up these parallel lines begun.

Operation of Lines by Mexican Government.—On Aug 15, 1914, the Carranza Government took over the operation of such portion of Company's lines as was then within the Carranza influence and this policy was continued as the Carranza influence extended. Up to Sept 30, 1916, the property had not been returned to company.

Construction.—During year ended June 30, 1914, the Company continued to improve its lines and other property, considerable amounts being expended on the Penjamo-Ajuno and Durango-Canitas branch lines. During this year the company also acquired from InterOceanic Ry of Mexico (Acapulco to Vera Cruz), Ltd., the branch from Irolo to San Lorenzo, 8.19 kilometers in length, for the sum of \$67,682. As the Company began to lose control of its property on Aug 15, 1914, no program of construction was feasible for the fiscal year ended June 30, 1916, the company merely endeavoring during this year to keep in serviceable condition whatever property was being left to it.

Financial Operations.—As stated in the *RR Manual* for 1915, pp. 1586 and 1587, interest on certain of company's securities due Jan 1, 1914, and subsequently was paid in 6% notes of company secured by Treasury Bonds of Mexican Government. This method of interest payment continued to and including June 1, 1914; the plan to pay the interest due July 1 to Sept 30, 1914, with these notes was not declared operative. Since and including Oct 1, 1914, no provision has been made for the redemption in cash, notes or otherwise of any maturing coupons, etc., from the bonds or Equipment Trusts of the system. The following is an official account of the operations incident to the financing of the company's needs during the years 1912, 1913 and 1914.

In the reports rendered for 1912 and 1913, reference was made to the options which had been granted to the company's bankers to purchase certain Prior Lien Bonds and Guaranteed General Mortgage Bonds of the company in its treasury or pledged as collateral security for various issues of Notes. However, owing to the continued and increased disturbances in the Republic of Mexico, none of the options has been exercised, nor is it to be expected that those which expire March 1, 1915, will be exercised. For the same reason the bankers were unable to purchase the unsold remainder of £500,000 Two-Year 6% Secured Notes, dated June 2, 1913, on which they held an option until Nov 15, 1913.

During the closing months of the year 1913-14, it was expected that within a short time conditions in Mexico would very materially improve and that the company would be able to meet its obligations, both fixed and current, with its accustomed regularity and in addition be able to continue the work of bettering and improving its property, and with this idea in mind it was arranged that from the proceeds of the sale of

£5,500,000 Two-Year 6% Secured Gold Notes, \$1,700,000 should be applied towards the payment of the interest due July 1, 1913, on the Prior Lien Bonds.

As is well known, these expectations were not realized and in order to meet the interest due Oct 1, 1913, on the General Mortgage Bonds, which are guaranteed both as to principal and interest by the Mexican Government, it was necessary to request the Government to furnish \$1,014,952 U. S. Currency, which it did. The remainder due on that date for interest and on account of equipment obligations, amounting to \$556,550 was supplied from funds in the company's treasury.

To meet the interest due Dec 1, 1913, on the Two-Year 6% Notes, dated June 2, 1913, amounting to \$801,900, the company issued on that date and sold to the bankers \$810,000 6% Three Months Secured Gold Notes, due March 1, 1914, and pledged as collateral therefor \$2,200,000, face value, Prior Lien Bonds of the Company. These Three Months' Notes were sold with the proviso that on request of the company, the bankers would further extend them for three months from March 1, 1914. Accordingly, in due course, the request was made and the Notes were extended to June 1, 1914. On Dec 4, 1913, \$64,000 of these Notes were purchased with the accumulation of interest received on balances of the proceeds of the sale of the £5,500,000 Two-Year 6% Notes and the gains in exchange in redeeming in foreign currencies part of the \$13,000,000 Notes due Nov 15, 1913, leaving outstanding Notes to the face amount of \$746,000.

While the Mexican Government does not guarantee either the principal or interest of the Prior Lien Mortgage Bonds of the company (interest due Jan 1 and July 1), in order to assist the company and to protect its own interest therein, it advanced to the company £595,580 6% Ten-Year Treasury bonds of the Federal Government of Mexico of 1913, to be used as collateral for an issue of Notes by the Company to be given to the holders of coupons due Jan 1, 1914, of Prior Lien Bonds of this Company and bonds of the various subsidiary companies, provided not less than 85% in amount of the holders of said coupons should deposit them, although the plan might become effective upon the basis of fewer deposits with the consent of the Mexican Government. The plan having been declared effective, the Notes were issued and are known as the Company's Three Year 6% Secured Gold Notes, dated Jan 1, 1914, due Jan 1, 1917, limited to \$2,460,341 U. S. Currency.

On April 1, 1914, interest amounting to \$1,509,752 was due and payable on the company's General Mortgage bonds and on the First Consolidated Mortgage bonds of the National RR Co. of Mexico. As guarantor of the General Mortgage Bonds and for the reasons already stated, the Mexican Government advanced to the company an additional of £365,470 6% Ten-Year Treasury bonds of the Federal Government of Mexico of 1913, to be used as collateral for an issue of Notes to be given in exchange for the coupons due April 1, 1914, of the above-mentioned bonds, on the same terms as to the amount of deposits, outlined above. The plan as set forth in the circulars dated March 28 and April 30, 1914, was subsequently declared effective and the Notes which were issued are known as the Company's 6% Secured Gold Notes, Series B, are dated April 1, 1914, and will mature Jan 1, 1917; authorized issue, \$1,509,752 U. S. Currency.

On June 1, 1914, there was payable \$813,090 U. S. Currency, being interest matured on the company's Two-Year 6% Secured Gold Notes and its 6% Three Months Notes (extended to June 1, 1914). The Mexican Government again assisted the company by advancing to it, on the same terms as on previous advances, £197,530 6% Ten-Year Treasury bonds of the Federal Government of Mexico of 1913. In due course the plan outlined in the Company's circular dated May 28, 1914, was declared operative and the company issued its 6% Secured Gold Notes, Series C, dated June 1, 1914, due Jan 1, 1917, and limited to \$813,090 U. S. Currency, face amount.

Also on June 1, 1914, the principal of the \$746,000 6% Three Months Notes outstanding, dated Dec 1, 1913, and extended to June 1, 1914, became due. To enable the Company to secure a further extension of these Notes to June 1, 1915, the Mexican Government advanced to it an additional amount of £202,470 6% Ten-Year Treasury bonds of the Federal Government of Mexico of 1913, to be deposited with the Trustee of the Agreement under which said Notes were issued as additional collateral therefor, provided 85% in amount of the holders of said Notes would agree to the proposed extension, which they did, and the Government Bonds were deposited with the Trustee.

The 6% Ten-Year Treasury bonds of the Federal Government of Mexico of 1913 advanced to the company for the purposes above mentioned are part of an issue of £20,000,000 authorized by law of Congress of the United States of Mexico, promulgated May 30, 1913, and secured by 38% of the total receipts from the import and export customs duties of Mexico. Of this issue £6,000,000 were sold to a syndicate of international bankers.

In order to meet the payment of interest and equipment obligations, amounting to \$3,099,046.35 U. S. Currency, maturing from July 1 to Sept 30, 1914, both inclusive, the assistance of the Mexican Government was again solicited, and in response thereto it advanced to the Company \$11,500,000 Mexican Currency, face amount, 6% Redeemable Mexican Gold Bonds of 1914, stipulating the same provisions with respect to the amount of deposits as in the previous cases. Of the \$11,500,000, Mexican Currency, bonds advanced, \$267,523 bonds are to be deposited with the Trustee of the Trust Agreement under which the Three-Year 6% Secured Gold Notes, dated Jan 1, 1914, were issued, as further security for the coupons due July 1, 1914, amounting to \$73,809.75 U. S. Currency, of said notes, it being understood that the note holders will retain their coupons due July 1, 1914, instead of receiving notes therefor. The amount of bonds set aside for these coupons is in the same proportion to the total amount of bonds received, as the amount of coupons is to the total amount of payments due between July 1 and Sept 30, 1914. While the deposits under the plan announced in the circular dated July 31, 1914, have been quite satisfactory they have not reached the necessary 85%. Very careful consideration is being given to the advisability of endeavoring to have the plan declared effective on the basis of the amount of deposits which may be made to the time when a civil government is again established in Mexico.

The Government bonds furnished in this instance are part of an issue of \$60,000,000 Mexican Currency, authorized under the law of July 6, 1914, and of which \$10,000,000 were sold to banks in Mexico.

Owing to the changes that have been occurring in the Mexican Government it has not been possible to make an arrangement for refunding the interest due Oct. 1, 1914, and subsequent thereto.

From July 1, 1913, to June 30, 1914, there were authenticated by the respective Trustees and delivered to the Company \$3,924,483.96, face amount, Prior Lien bonds, and \$4,085,739.42, face amount, Guaranteed General Mortgage bonds. All of the Prior Lien bonds were issued in reimbursement of amounts expended by the company in the construction of new lines; and \$2,365,943.75 of the Guaranteed General Mortgage Bonds were issued for the same purpose. The balance of \$1,719,795.67 Guaranteed General Mortgage bonds were issued to reimburse the Company for the cost of improvements and betterments made and equipment and rolling stock purchased between Jan 1, 1913, and Aug 31, 1913.

There were received into the Company's treasury in Sept, 1913, \$2,254,443.36, face amount, Guaranteed General Mortgage bonds. Of these bonds \$804,000, face amount, were substituted for a like amount of Prior Lien bonds as collateral for the Two Year 6% Secured Gold Notes, making the amounts now pledged as security for said notes \$22,733,500 Prior Lien bonds and \$15,583,500 Guaranteed General Mortgage bonds. This substitution was made necessary by reason of the fact that at the time the Two Year 6% Secured Gold Notes were issued the Company had not received from the Trustee the Guaranteed General Mortgage bonds for which application had been made.

Bankers' Agreement of Feb 29, 1908.—Nearly all the securities of the constituent companies have been deposited for conversion under the plan; the status as of June 30, 1916, being as shown in following statement:

OPERATIONS INCLUDED WITH THOSE OF THAT CO.

MEXICAN CENTRAL RY CO., LTD. (Controlled by Stock Ownership).—Inc. Feb 25, 1880, in Mass.; for history see *Manual* for 1909, page 605. At a special meeting of stockholders of this company held at Boston, Feb 10, 1909, the action of the directors authorizing the sale of the property to the Ferrocarriles Nacionales de Mexico (National Rys of Mexico) was ratified. That company assumed the operation of the properties on Feb 1, 1909, but the corporate existence of the Mexican Central Ry Co. will be maintained until it is found desirable to dissolve it.

Capital Stock.—Authorized, \$100,000,000, at the rate of \$32,000 per mile; outstanding, \$49,700; par, \$100. Stock transferred at company's office, New York. Under the plan of Readjustment and Union, holders of this stock were entitled to receive an equal amount of Second Pfd. stock of the National Rys of Mexico in exchange for their holdings of the Mexican Central stock, and up to June 30, 1916, all but \$49,700 stock was exchanged.

Bonded Debt.—\$1,374,000 Priority Consolidated 5s; dated Jan. 1, 1889; due July 1, 1939; int. J & J 1, at Co's office, New York, at Boston Safe Deposit & Trust Co. (Trustee), and at Glyn, Mills, Currie & Co., London. Coupon (principal may be registered), and registered, \$1,000 or £206. Authorized and issued, \$8,000,000 of which \$1,403,000 were paid off and cancelled in 1891 with proceeds of Subsidy collection. Under the Plan of Readjustment, bonds of this issue are exchangeable for \$700 in Prior Lien Bonds and \$475 in General Mortgage bonds of the National Rys of Mex., and up to June 30, 1916, all but above amount had been exchanged. Subject to call at 110 and interest at any time upon 30 days' notice. A first lien on entire property of the company, including 3,406.90 miles of road. Listed on New York Stock Exchange.

For payment of Jan 1, 1914, and subsequent interest, see under National Rys of Mexico.

Consolidated Gold 4s; dated Jan 1, 1889; due July 1, 1911. To June 30, 1916, all paid by Ferrocarriles Nacionales de Mexico, except \$8,000.

First Mortgage Bonds and Scrip; issued in 1881; due July 1, 1911. To June 30, 1916, all paid by Ferrocarriles Nacionales de Mexico, except \$1,347.50, scrip.

\$170,600 First Consolidated Income 3% Bonds and Scrip; dated Jan. 10, 1889; due Jan 10, 1939; interest payable annually, July 10, when earned. Coupon, \$1,000. Under the Plan of Readjustment, holders of these bonds receive \$1,100 in Second Preferred stock of the National Rys of Mex. for each \$1,000 bond, and up to June 30, 1916, all but above amount had been exchanged.

\$21,000 Second Consolidated Income 3% Bonds; dated Jan 10, 1889; due Jan 10, 1939; interest payable annually, July 10, when earned. No interest has ever been paid on this issue. American Trust Co., Boston, Trustee. Coupon, \$1,000. Under the Plan of Readjustment, these bonds are exchangeable for an equal amount of Second Preferred stock of the National Rys of Mexico, and up to June 30, 1916, all but above amount had been exchanged.

\$8,200 Registered Income 3% Bonds and Scrip; issued in 1881; due July 1, 1911. To June 30, 1916, all paid by Ferrocarriles Nacionales de Mexico, except above amount.

MICHOACAN & PACIFIC RY, LTD. (Operated under Lease).—Inc. Nov 11, 1896, in Great Britain, to acquire control of a concession and line of railway owned by the Michoacan Ry & Mining Co., Ltd., which owns the entire capital stock. Leased to National RR Co. of Mex. for 25 years from Aug 1, 1900, for 20% of gross earnings up to \$240,000, with an additional 20% on any earnings above that figure. Should the earnings fall below \$161,000, the rental is to be reduced so as to leave \$128,800 to be retained by the lessee as the minimum cost of working the line. Line of road, Maravatio to Zitacuaro, Mex., 57.11 miles. Gauge, 3 feet.

Capitalization.—Authorized and outstanding, \$60,000 Com. stock; par, £10; \$15,100 6% prior lien debentures; due July 31, 1925; interest Jan & July. Denomination, £100. Original amount, \$20,000, of which \$4,900 has been redeemed. Subject to call at 105 on three months' notice; \$60,000 registered 6% debentures; due July 1, 1925; interest Jan & July 1, if earned. The interest on the 6% registered debentures is paid to July 1, 1903, and interest on the prior lien debentures to July 1, 1914. The Michoacan Ry & Mining Co., Ltd., owns £18,600 of the 6% registered debentures.

General Balance Sheet, Dec. 31, 1915.—Share capital, £60,000; 6% debentures, £75,100; accrued interest, £46,359; sundry creditors and credit balances, £1,862; sinking fund, £1,763—total, £185,084. RAILROADS CONTROLLED BY FERROCARRILES NACIONALES DE MEXICO.

Operations Reported Separately.

INTEROCEANIC RY OF MEXICO (ACAPULCO TO VERA CRUZ) LTD. (Controlled by Stock Ownership).—Registered April 30, 1888, in Great Britain, to acquire concessions from the Mexican Government for about 250 miles of railway then completed and for 240 miles to be constructed. The concessions empower the company to operate the line for 99 years from Feb, 1883, after which the Government will take possession, and will recognize charges on the property to an amount not exceeding \$10,000 per kilometer (about \$16,000 per mile); equipment to be paid for at a valuation.

Certain of the company's land and property at Vera Cruz and its pier and lighter business was transferred, as of July 1, 1908, to the Vera Cruz Terminal Co., Ltd., the consideration received therefor being the sum of £100,600 in 4½% debentures of that company. The Interoceanic Ry of Mexico has, jointly with the other lines interested, guaranteed the working expenses of the Terminal Co., together with interest on and redemption of the total issue of that Company's debentures. The working of the port of Vera Cruz is now under the control of the Terminal Co., which is providing greatly improved facilities for the handling and forwarding of traffic at that port.

The Interoceanic Ry Co. owns all the £10,000 share capital of the Mexican Eastern Ry, San Marcos to Teziutlan, and San Lorenzo to Oriental, 140 miles, and leases its lines until Jan 1, 1984, at rental of interest and sinking fund on debentures.

The Mexican Southern Ry, Ltd., is leased to the Interoceanic Ry Co. from Jan 1, 1910, until the expiration of the Mexican Southern's main line concession on June 8, 1990, rental to be 4% dividends on the Debenture stock, and dividends on the £1,000,000 Com. stock, as follows: 1910, 3½%; 1911, 4%; 1912, 4½%; 1913 to 1915, 5%; 1916 and 1917, 5¼%; 1918 and thereafter, 5½%; also a yearly sinking fund from Jan 1, 1918, sufficient to redeem the ordinary stock at expiration of concessions, its £1,000,000 ordinary and its outstanding debenture stock to be guaranteed.

The concessions of the Interoceanic Co. will expire on Feb 13, 1982, and the agreement provides that as from that date the Ferrocarriles Nacionales de Mexico will undertake the duties and obligations of the Interoceanic Co. under the agreement. In the meantime the Mexican Southern Ry consents to the working of its undertaking being brought within the scope of the working arrangements between the Interoceanic Co. and the Ferrocarriles Nacionales de Mexico.

Payment of Bond Interest and Rentals with Deferred Warrants, etc.—The holders both of the 4% Debenture stock and the 4½% 2d Debenture stock voted June 22, 1914, to approve the following plan:

(1) The installments of interest payable (a) in respect of the 4% Debenture stock on Sept 15, 1914, and March 15, 1915, (b) payable in respect of the 4½% Second Debenture stock on May 30, 1914, and Nov 30, 1914, are to be satisfied by the issue of an equal par value of 5% deferred warrants, redeemable as mentioned below.

(2) The installments of the rent payable under lease, (a) to Mexican Eastern Ry Co., Ltd., on June 7, and Dec 7, 1914, and (b) to Mexican Southern Ry, Ltd., June 30, July 28 and Dec 31, 1914, and Jan 28 and April 27, 1915 (other than those for administration expenses), are to be satisfied by the issue of 5% certificates of indebtedness, redeemable as mentioned below.

(3) The net earnings of the company's own system of railways from May 30, 1914, to May 20, 1915 (both dates inclusive), are to be applied in the following order of priority, namely: *First*, in payment of the amounts payable by the company to the Vera Cruz Terminal Co., Ltd., under the existing arrangements with that company; *second*, in providing for the proportion of the half-yearly installment of interest payable in respect of the 4% debenture stock of the company on Sept 15, 1915, attributable to the period between March 15, 1915, and May 29, 1915; *third*, in the payment of the half-yearly installment of interest payable on the 4½% second debenture stock on May 30, 1915; *fourth*, in or toward the redemption ratably at par and int., of deferred warrants issued in respect of interest on the 4% debenture stock of the company; and *fifth*, in or towards the redemption ratably at par and int. of deferred warrants issued in respect of interest on the 4½% second debenture stock.

(4) The net earnings of the Mexican Eastern Ry, Ltd., during the same period are to be applied in or towards the redemption at par and int. of the certificates of indebtedness issued to that company.

(5) The net earnings of the Mexican Southern Ry, Ltd., during the same period are to be applied in or towards the redemption at par and int. of the certificates of indebtedness issued to that company.

(6) As from May 29, 1915, the general net earnings of the company of each year, after providing for the obligations of the company properly payable out of revenue, are to be applied, *first*, in or towards the redemption at par and int. of deferred warrants issued in respect of the interest on the 4% debenture stock and not previously redeemed, and, *second*, in or towards the redemption ratably at par and int. of deferred warrants issued in respect of the interest on the 4½% second debenture stock and of certificates of indebtedness issued as mentioned above, treated as one class.

Extension of Moratorium.—At a meeting of shareholders, held on June 29, 1915, a scheme was submitted for the extension of the Moratorium, as conditions in Mexico had not improved up to that date; this scheme was approved by the shareholders and subsequently received the necessary sanction of the Court. The effect of the arrangement was to extend the Moratorium until May 29, 1917, upon terms similar to those governing the previous Moratorium, with the exception that in view of the heavy stamp duty payable in respect of Certificates of Indebtedness, such documents were not issued to the Debenture holders, who therefore retain the coupons maturing during the period of the extended Moratorium until such time as the Company will be in a position to redeem the same. It is proposed to request a further extension of the Moratorium until one year after the railways of the company and leased lines have been returned by the government.

Government In Possession.—On or about Aug 15, 1914, the Government of Mexico took possession of the company's railways, including the leased lines, which still remain under its control. No traffic returns or remittances have, therefore, been obtainable since Aug, 1914.

MEXICAN EASTERN RY CO., LTD. (Operated under Lease).—Inc. Dec 5, 1901, to purchase the Nautla Ry, which was taken over on Dec 16, 1901, and to acquire a concession granted by the Mexican Government for the construction of a line from Virreyes to San Nicolas. The concession respecting the Teziutlan lines is for ninety-nine years from July 4, 1890, and that respecting the Virreyes-San Nicolas line for ninety-nine years from Sept 20, 1901. Under the latter concession the sum of \$300,000 in 5% bonds of the Interior Redeemable Debt of Mexico is assigned to aid the construction of the line, of which amount \$180,000 bonds had been received to June 30, 1914.

Operated by the Interoceanic Ry Co. under lease dated Dec 7, 1903, expiring Dec 31, 1983, at an annual rental sufficient to pay the interest on the outstanding debentures, company's general expenses, and the amount of the debenture sinking fund when same shall become operative. The lessees have an option to purchase the property at any time after Jan 1, 1914, on six months' notice, at a price sufficient to redeem the debentures at 105. The rentals due June and Dec 7, 1914, and June and Dec 7, 1915, were satisfied by 5% certificates of indebtedness, redeemable from earnings of the Co. (see also under Interoceanic Ry of Mexico). The rental due June and Dec 7, 1916, is to be satisfied in like manner. Line of road: San Marcos to Teziutlan, Mex., and San Lorenzo to Oriental, Mex., a total of 140.0 miles. Gauge, 3 ft. Equipment: Locomotives, 7; passenger cars, 4; freight and service cars, 108.

In Aug, 1914, the Government of Mexico, under General Carranza, took possession of the company's property and took over the administration of its lines.

Capital Stock.—Authorized and outstanding, £10,000; par, £10. All owned by Interoceanic Ry of Mexico.

Debentures.—£400,000 5% debentures: due Jan 1, 1984; Int. J & D 15, at Martins Bank, Ltd., London, Eng. Coupon and registered, £100; interchangeable. National Safe Deposit Co., Ltd., and A. F. Whinney, London, Trustees. Authorized, £450,000. Subject to call at 105 and Int. In event of liquidation of company, either for purpose of sale or reconstruction, the debentures are to be redeemed at 105. Sinking fund: Beginning Jan 1, 1920, £2,000 per annum is to be set aside for the repayment of the debentures, the sinking fund to be proportionately increased if the remaining £50,000 of the debentures shall be issued. Secured by trust deeds, dated Feb 3, 1902, and Aug 31, 1914, as a first floating charge on the existing undertaking and property. Listed on London Stock Exchange.

Coupons on debentures due June 15 and Dec 15, 1914, and June 15 and Dec 15, 1915, were paid by means of certificates of indebtedness in accordance with schemes for suspending cash payments of interest for 3 years (see under Interoceanic Ry of Mexico). The June and Dec 15, 1916, coupons were met in the same way.

General Balance Sheet, June 30, 1916.—Capital stock, £10,000; debentures, £400,000; amount realized from sale of bonds, £13,803; certificates of indebtedness, £20,000; due debenture holders under schemes of arrangement, £35,435; sundry creditors, £660; Interoceanic Ry of Mex. PITTSBURG, SHAWMUT & NORTHERN RR CO.

(See Accompanying Map)

History.—Incorporated Aug 1, 1899, in N. Y. and Pa.; consolidation of Buffalo, St. Mary's & Southwestern RR, Mill Creek Valley RR, Mt. Jewett, Clermont & Northern RR, Smethport & Olean RR, Central New York & Western RR and Central New York & Northern RR. On Jan 20, 1905, the Shawmut Connecting RR was absorbed. The Pittsburg, Shawmut & Northern RR Co. owns the entire capital stocks of the **Kersey Mining Co.**, owning about 15,000 acres of coal land in Jefferson and Elk Counties, Pa., and the **Shawmut Mining Co.**, owning about 13,800 acres in Elk County, Pa. Leases the Rochester, Hornellsville & Lackawanna RR, the Kersey RR and the Clarion River Ry, and owns the entire capital stock of the two latter.

Receivership.—On Aug 1, 1905, Frank Sullivan Smith was appointed Receiver, upon application of the Central Trust Co., of New York, default having been made in the interest of the Refunding 4s of 1952. No plan of reorganization had been formulated up to March 1, 1916.

Expert Investigation.—The committee named below has employed W. H. Coverdale of New York as engineer to investigate on what basis, if at all, they should undertake to reorganize the company, and also to consider whether the long-contemplated consolidation with the allied Pittsburg & Shawmut RR should be consummated as part of the plan. Committee: Samuel Fuller, R. Walter Leigh, Charles Sargent, Theodore P. Shonts, Frank H. Davis and John Hubbard (acting Secretary).

Bondholders' Committee.—In view of the appointment of the above-mentioned committee for the reorganization of the road and affiliated companies, the undersigned were requested to act as a committee for the protection of the holders of First Mortgage

5s due 1949 and Refunding First 4s, due 1952. Committee: Howard Bayne, Chrm.; Willard E. Edmister, Wm. G. Low, Jr., Frank L. Sheffey and Emil Klein, with A. N. Hazeltine, 60 Broadway, New York, as Sec., and Gifford, Hobbs & Beard, as Counsel. Immediate deposit of bonds was requested to be made with the Columbia Trust Co., New York, Depositary. More than a majority has been deposited.

The **Pittsburg & Shawmut RR** (formerly the Brookville & Mahoning RR) was incorporated July, 1903, in Pa., by interests allied with the Pittsburg, Shawmut & Northern RR Co., to build a line from Hyde, Elk County, via Brookville, to Freeport, Pa., a distance of 102 miles. Of this, 95.24 miles of main line and branches from Erie Junc. to Cadogan, Pa., have been completed and are in operation. The completed line was formerly operated under agreement by Frank Sullivan Smith, receiver of the Pittsburg, Shawmut & Northern RR Co., but since Sept 1, 1916, has been operated by its own organization.

READING COMPANY

History.—Incorporated May 24, 1871, in Pa.; with broad charter, as Excelsior Enterprise Co.; name changed to National Company on Jan 18, 1873. Control was acquired at receiver's sale on Sept 23, 1896, by committee representing the reorganization managers of the Philadelphia & Reading RR Co., which committee on the same day purchased the railroads, property and corporate franchises of the Philadelphia & Reading RR Co., and the coal land and property of the Philadelphia & Reading Coal & Iron Co. under the general mortgage made by those companies under date of Jan 3, 1888. Subsequently, the purchasers conveyed a large portion of the property so acquired to the National Co., which company, by order of the Court of Common Pleas of the County of Philadelphia, on Dec 7, 1896, changed its name to Reading Co., and increased its capital stock from \$100,000 to \$40,000,000; said capital stock being further increased on Dec 18, 1896, to \$140,000,000.

The Reading Co. is a holding, and not an operating company. It owns the entire outstanding capital stocks of the Philadelphia & Reading Ry Co. (successor to the former P. & R. Railroad Co.), the Philadelphia & Reading Coal & Iron Co., Philadelphia & Reading Terminal Co., the Reading Iron Co., etc.; \$14,504,000 of the outstanding \$27,436,800 capital stock of the Central RR Co. of N. J.; interests in the stocks of various other railroad companies operated by or affiliated with the Philadelphia & Reading Ry Co., and in various iron, coal, water, telegraph and canal companies as shown in the appended statements. It owns also the \$20,000,000 Purchase Money Bonds of the Philadelphia & Reading Ry Co., together with certain real estate, part of which was the property of the old Philadelphia & Reading RR Co., and rolling stock and floating equipment leased to the Philadelphia & Reading Ry Co., the latter guaranteeing to keep the capacity and efficiency of said rolling stock and equipment unimpaired.

In 1903-04, the Baltimore & Ohio RR Co. and the Lake Shore & Michigan Southern Ry Co., acquired over \$68,565,000 of the outstanding capital stocks of the Reading Company, constituting a dominant interest.

Proceedings Against Company by U. S. Government.—In Sept, 1913, the U. S. Government, by bill in equity, instituted proceedings in the District Court of the United States for the Eastern District of Pa., against the Reading Company, Philadelphia & Reading Ry Co., The Philadelphia & Reading Coal & Iron Co., The Central RR Co. of N. J., The Lehigh & Wilkes-Barre Coal Co., The Lehigh Coal & Navigation Co., Wilmington & Northern RR Co., Lehigh & Hudson River Ry Co., Lehigh & New England RR Co., and the several individuals who, at that time, were either President or Directors of Reading Company, to have it judicially declared and ordered (1) that the various inter-ownerships existing between these companies constitute a combination in restraint of trade and are an attempt to monopolize interstate and foreign trade and commerce in violation of the Anti-Trust Act of July 2, 1890, and that such inter-ownerships be ended by disposing of the capital stocks of the companies concerned to persons not stockholders or agents of the present owners, (2) that the Reading Co. is itself a combination in restraint of trade, (3) that various purchases by Philadelphia & Reading Coal & Iron Co., of the output of other producers of anthracite are in furtherance of these combinations and that such purchases be in future enjoined, (4) that various specified agreements between the Lehigh Coal & Navigation Co., The Central RR of N. J., The Lehigh & Wilkes-Barre Coal Co., are in restraint of trade and that they be modified or cancelled and (5) that several specified transportations in interstate commerce of anthracite owned or mined by any of the companies named by any other allied company are in violation of the Commodities Clause of the Act to Regulate Commerce and that the several railroads (named) be enjoined from further engaging in such transportations.

An opinion on final hearing was filed in this case by Judge McPherson, Circuit Judge, on July 3, 1915. The court held that the principal charges made against the three Reading Companies, that their organization and management had been violative of the Anti-Trust Law were not sustained. The lease of the Lehigh & Susquehanna RR by the Lehigh Coal & Navigation Co. to the Central RR Co. of N. J. was held not to offend against the laws of the United States and the bill was ordered to be dismissed as to those companies, without prejudice to the Government's right to take such action as may appear desirable. The bill was also ordered to be dismissed so far as the Schuylkill Navigation Co. and the Wilmington & Northern RR Co. were concerned.

The only charge made by the Government that was sustained in the decision relates to the acquisition by Reading Company of the stock of the Central RR Co. of N. J., which owns about nine-tenths of the stock of the Lehigh & Wilkes-Barre Coal Co. While the Court held that "in the carriage of coal the Reading Ry and the Central RR are not competitors," yet, upon the facts that Reading Co.—termed holding company—owns the capital stock of Philadelphia & Reading Ry Co., the capital stock of the Philadelphia & Reading Coal & Iron Co. and the majority of the capital stock of the Central RR Co. of N. J., "which owns nearly all the stock" of the Lehigh & Wilkes-Barre Coal Co., and these railroads "reach the same general field, the same general source of supply, and carry a similar article to many of the same markets," the Court held that "the union of these interests in the holding company is condemned by the rule laid down in the Northern Securities Case." The Court, however, distinctly stated that it was not disposed to disturb the ownership by Reading Company of the stock of the Central RR Co. of N. J., "unless the friendly and mutually advantageous alliance of the two railroads in this particular (with respect to traffic other than coal), must be destroyed in order to reach the unlawful combination in another particular that would otherwise escape."

This decree requires the defendants to submit a plan for the disposal by The Central RR Co. of N. J. of all stocks, bonds or other securities of the Lehigh & Wilkes-Barre Coal Co. now owned or controlled by it and, pending the disposal of these securities, the Reading Co., The Central RR Co. of N. J., and all corporations controlled by them and their officers, directors, etc., are enjoined from voting any stock of the Lehigh & Wilkes-Barre Coal Co., from collecting any dividends or interest upon its stocks or bonds and from exercising any control over its acts. The decree also enjoins the Central RR Co. of N. J., the Reading Co. and their officers and directors from acquiring thereafter any interest in stocks, bonds or other securities of the Lehigh & Wilkes-Barre Coal Co. The Central RR Co. of N. J. is also enjoined from requiring the Lehigh & Wilkes-Barre Coal Co. or any of its subsidiaries to ship their coal tonnage over any railroad operated by the Central RR Co. of N. J.

An appeal to the Supreme Court from the above decision has been taken both by the defendant companies, the individual defendants and also the Government, and on Oct 10, 1916, arguments were begun.

BONDED DEBT, READING CO.—TOTAL, \$126,212,808.57, AS OF JUNE 30, 1916.

(1) **\$98,165,000 Reading Co. and Phila. & Reading Coal & Iron Co. Joint General Gold 4s**; dated Jan 5, 1897; due Jan 1, 1997; int. J & J 1, at J. P. Morgan & Co., New York. Coupon (principal may be registered), \$1,000; and registered, \$500, \$1,000, \$5,000 and \$10,000. Central Trust Co., New York, Trustee.

Purposes of Issue.—Authorized, \$135,000,000, of which \$106,020,000, up to June 30, 1916, had been issued for the following purposes: For reorganization purposes, \$50,369,000; exchanged for P. & R. C. & I. Co. Div. Coal Land bonds taken up and cancelled, \$12,037,000; exchanged for Improvement Mtge. bonds of P. & R. RR Co., cancelled, \$1,000; exchanged for 10-year Sinking Fund bonds of P. & R. RR Co., taken up and cancelled, \$754,000, exchanged for Delaware River Terminal bonds cancelled, \$200,000; exchanged for Prior Mtge. bonds of P. & R. RR Co., taken up and cancelled, \$2,545,000; exchanged for Consolidated Mtge. bonds of P. & R. RR Co., due June 1, 1911, taken up and cancelled, \$18,812,000; issued on account of real estate mtges. and ground rents paid off and cancelled, \$1,302,000 for new acquisition, betterments, etc., \$20,000,000—total, \$106,020,000. Less: Cancelled by sinking fund, \$7,855,000; balance outstanding June 30, 1916, \$98,165,000. Of the outstanding bonds, \$4,448,000 were held in the treasury June 30, 1916. The \$28,980,000 unissued bonds, are reserved solely to take up prior liens.

Sinking Fund.—It is provided that Reading Company shall not, in any year, pay a dividend upon either class of its stock until it shall have paid to the Trustee a sinking fund of 5 cents per ton upon all anthracite coal mined in the preceding calendar year from the Coal and Iron Co.'s lands to an amount not exceeding, however, the amount of dividends paid in such preceding year. This sum is to be applied to the purchase of these bonds, at not exceeding par; if bonds are not obtainable at this price, the fund is to be invested in such securities as are legal investments for New York savings banks. Up to June 30, 1916, \$7,855,000 of the bonds had been cancelled by sinking funds, \$449,000 being purchased during year ended June 30, 1916.

Security.—The bonds are secured by a joint first mortgage of Reading Co. and the Philadelphia & Reading Coal & Iron Co., covering all the properties embraced in the reorganization, and all properties which may hereafter be acquired by use of the bonds. Additionally secured by deposit of stocks and bonds of various companies, aggregating \$41,755,012 (shown in detail on a subsequent page); by the entire issue of \$20,000,000 Philadelphia & Reading Ry Co. Purchase Money 6s, due Jan 1, 1997 (one bond), and by the entire \$42,481,700 outstanding capital stock of the Philadelphia & Reading Ry Co. These bonds are subject to the First and Second Series Consolidated Mortgage of the

Philadelphia & Reading RR Co., dated Aug 26, 1882, of which \$5,767,252 were outstanding June 30, 1916, and which are secured by their lien upon the larger portion of the property of the Philadelphia & Reading Ry Co. Listed on New York and Philadelphia Stock Exchanges. Of this issue \$18,811,000 was offered in Feb, 1911, at 97 and interest. Interest paid without deduction for Normal Income Tax.

PHILADELPHIA & READING RAILWAY COMPANY.

(Controlled by Reading Company.)

History.—Incorporated Nov 17, 1896, in Pa., to acquire the railroad lines of the old Philadelphia & Reading RR, which were sold under foreclosure on Sept 23 of that year. The company operates the railroads formerly leased to the old company, either through transfer of the old leases, or through creation of new leases. Its entire rolling and floating equipment is leased from the Reading Co., which equipment it undertakes to maintain unimpaired as to capacity and efficiency.

The company is largely engaged in the transportation of coal from the first and second anthracite coal fields in Pennsylvania to tidewater at Port Reading, N. J., and Port Richmond, Philadelphia. The terminals at the latter port cover 140 acres of land and include an extensive system of piers and wharves from whence the company operates a service of seagoing barges and tugs, distributing coal to many points along the coast. The yard comprises over 80 miles of track and contains accommodations for over 6,000 freight cars. There is a grain elevator with a storage capacity of 1,500,000 bushels, and discharging capacity of over 30,000 bushels an hour. Early in 1911 an ore unloading plant and pier was put in service with discharging capacity of 600 tons an hour. The piers have a depth of 27 feet at mean low water, and ample berth room is provided for several lines of trans-Atlantic steamers.

BONDED DEBT.—TOTAL, \$49,463,120.95, AS OF JUNE 30, 1916.

(1) **\$2,696,000 P. & R. RR Mortgage 5s**; dated Oct 1, 1868; due Oct 1, 1893; extended to Oct 1, 1933; int. A & O 1, at Reading Terminal, Philadelphia. Coupon and registered, \$1,000. Fidelity Trust Co., Phila., Trustee. Authorized, \$2,700,000. A first lien on 146.51 miles, viz.: Main line, Philadelphia to Mt. Carbon, Pa., 93 miles; and branch, Reading to Harrisburg, Pa., 53.51 miles. Assumed by the Philadelphia & Reading Ry Co. in the reorganization of 1896. Listed on Philadelphia Stock Exchange. Interest paid without deduction for Normal Income Tax.

(2) **\$9,363,000 Philadelphia & Reading RR Improvement Gold 4s**; dated Oct 1, 1873; due Oct 1, 1897; extended to April 1, 1947; int. A & O 1, at Reading Terminal, Philadelphia, and at Morgan, Grenfell & Co., London. Coupon and registered, £200 and \$1,000. Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia, Trustee. Authorized, \$10,000,000, but mortgage is closed. Secured on 314 miles as follows: A first lien on 167 miles of branch road; and a second lien on 147 miles, being subject to the 5s of 1933 described above. Guaranteed, principal and interest, by Reading Co. Assumed by the Philadelphia & Reading Ry Co. in the reorganization of 1896. Listed on Philadelphia Stock Exchange. Interest paid without deduction for Normal Income Tax.

(3) **\$5,766,717 P. & R. RR and P. & R. C. & I. Co. Joint Consol. First Series Gold 4s**; dated Aug 26, 1882; to mature May 1, 1922, but called as of March 1, 1897, and extended to March 1, 1937; int. M & S 1, at Reading Terminal, Philadelphia, and at Morgan, Grenfell & Co., London. Coupon, \$500 and \$1,000; principal may be registered. Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia, Trustee. Secured upon all the property described in the preceding Improvement mortgage, but subject thereto; also upon the property of the Phila. & Reading Coal & Iron Co. Guaranteed, principal and interest, by Reading Co. Assumed by the Philadelphia & Reading Ry Co. in the reorganization of 1896. Listed on Philadelphia Stock Exchange. Interest paid without deduction for Normal Income Tax.

There are also outstanding \$535 P. & R. RR and P. & R. C. & I. Co. Consolidated Mtge. second series fractional certificates bearing no interest.

(4) **\$8,500,000 Phila. & Reading RR Terminal Debenture Gold 5s**; dated May 1, 1891, due May 1, 1941; interest quarterly, Feb 1, at Provident Life & Trust Co., Philadelphia, Trustee. Coupon, \$1,000; principal may be registered. Authorized, \$8,500,000. A first lien on terminal properties in Philadelphia, and additionally secured by deposit of the entire \$8,500,000 capital stock of the P. & R. Terminal RR. Assumed by the Philadelphia & Reading Ry Co. in the reorganization of 1896. Listed on the Philadelphia Stock Exchange. Interest paid without deduction for Normal Income Tax.

(5) **\$20,000,000 Philadelphia & Reading Ry Purchase Money Gold 6s**; dated Nov 18, 1896; due Jan 1, 1997; int. J & J 1. Entire amount (one bond) owned by Reading Co. The mortgage provides that additional bonds to a total of \$10,000,000 may be issued from time to time and an equal amount of capital stock, both of which may be issued to Reading Co., to be deposited under the Joint General Mtge. of 1897.

(6) **\$943,500 City of Philadelphia Subway Loan 3½s**; issued 1894-98; due in annual installments of \$150,000 to 1922; int. J & J 1, payable at City Treasury, Philadelphia. Bonds amounting to \$6,000,000 were authorized by the City of Philadelphia to meet the cost of building the subway on Pennsylvania Avenue. Of this issue, \$3,000,000 were guaranteed, principal and interest, by the Philadelphia & Reading RR Co., and were assumed by Philadelphia & Reading Ry Co. in the reorganization of 1896. The latter Company being liable for payment of installments of principal and interest of the Subway bonds, issues each year a sufficient amount of Philadelphia & Reading Ry Co. Subway Mortgage Loan 3½% bonds to meet this obligation (see next paragraph).

(7) **\$2,092,000 P. & R. Ry Co. Subway Mortgage Loan 3½% Bonds**; dated Feb 1, 1907; due Feb 1, 1957. This loan was increased during the year ended June 30, 1916, by \$185,000, of which \$35,000 represents the interest paid during the year on the loan issued by the City of Philadelphia for the construction of the Subway on Pennsylvania Avenue (and which has been capitalized by the issue of an equal amount of Philadelphia & Reading Ry Co. Subway Mortgage bonds), and \$150,000 were issued during the past year, representing the \$150,000 installment of the principal of the said loan which matured during the year, and which was therefore deducted from the City of Philadelphia Subway Loan. The \$150,000 Philadelphia & Reading Ry Co. Subway Mortgage Loan bonds are, together with those previously issued, aggregating \$2,092,000, in the treasury of the Company.

(8) **\$101,368.95 Mortgages and Ground Rents**, due at various dates.

Additions and Betterments, charged to Income, year ended June 30, 1916.—Engineering, \$33,351; land for transportation purposes, \$76,202; grading, \$103,796; tunnels and subways, \$27,780; bridges, trestles and culverts, \$180,998; ties, \$5,183; rails, \$74,481; other track material, \$73,179; ballast, \$5,280; track laying and surfacing, \$91,642; crossings and signs, \$103,743; station and office buildings, \$83,736; roadway buildings, \$4,993; water stations, \$17,266; shops and engine houses, \$30,534; coal and ore wharves, \$3,748; signals and interlockers, \$43,191; power distribution systems, \$8,004; assessments for public improvements, \$3,882; power plant machinery, \$15,944; miscellaneous (net), \$8,727—total, \$995,660.

NOTE:—Prior to 1916 it was company's custom to compute the coal tonnage on the basis of the "long" ton (2,240 lbs.); in 1916, this has been changed in conformity of the regulation of the Interstate Commerce Commission so that all companies' tonnage, coal included, is now computed on the basis of the "short" ton (2,000 lbs.). Figures for 1914-15 have been restated in the above table on the new basis in order to afford a proper comparison.
